Freedom Date Quiets Korean Demonstrators

KOREANS STORM ISLAND COMPOUND—A shrieking mob of South Korenas are driven back with tear gas and water hoses as they attack the Wolmi Island compound in Inchon harbor protesting presence of truce inspectors. American guards reinforced by military police fight off mob which included South Korean war veterans. A sign, upper left, in both English and Korean, reads: "President Rhee disapproves of any violence." (AP Wirephoto via radio from Tokyo).

Demand Exists Red Truce Inspectors Leave

Seoul, Aug. 15 (AP)—Demands for Communist truce inspectors to get out of Korea continued today but demonstrations quieted as Koreans celebrated the 10th anniversary of their liberation from Japan.

President Syngman Rhee yesterday opened the celebrations with a speech attacking American policy in Asia and restating his determination to remove the Neutral Nations Supervisory Commission (NNSC) from Korea. Koreans claim the Communist Czech and Polish members of the NNSC's truce inspection teams are spies who hasten the day when North Korea will attack again.

ADDRESSING 10,000 people in Seoul Stadium yesterday, Rhee said President Eisenhower had enunciated a new U. S. policy at Geneva—one advocating a new "peace of mutual forbearance."

Rhee urged the free world to abandon any drift toward this or any other "status quo" policy and instead "roll back the Iron Curtain from areas it has illegally engulfed."

"The real problem," he said, "is not how to achieve peace but how to deal effectively with Communist aggression."

For her part, South Korea would insist upon "the liberation of North Korea" in any future negotiations, he declared.

HALF WAY through his speech, a loudspeaker car began at anti-NNSC harangue outside the stadium.

"Who else is speaking," asked Rhee, looking angrily around. "If some one else speaks I will not." He sat down. Police rushed outside to stop the noise.

When Rhee resumed, he deviated from his text to warn his countrymen against violence in their demonstrations.

Demonstrations continued today in front of all five of the truce team billets—at Pusan, Inchon, Kangnung, Kunsan and Taegu, with up to several hundred demonstrators arrayed outside each billet guarded by American troops.

A JAPANESE newspaperman, Tsuneo Mura, was found beaten into semiconsciousness late Sunday afternoon in Seoul.

Later he said he was unable to recall what happened. One friend who found him said he saw a Korean in army uniform hastily leaving the area.

Demonstrators in Seoul Sunday paraded past the U. S. Embassy and the residence of Ambassador William S. B. Lacy. Among them were Buddhist monks and nuns who waved their fists and yelled the standard slogan—"Communist Czech and Polish spies leave Korea."

Gen. Lyman L. Lemnitzer, UN Far East commander, returned to Tokyo after telling Rhee the United States was obligated under the armistice to protect the truce commission.

THE DEMONSTRATIONS slacked off after Rhee announced on Saturday he had postponed indefinitely his ultimatum for the truce inspectors to get out of the country. He said then that he had assurances from the United States that it "will make efforts soon" to obtain peaceful removal of the truce inspection teams.

Peiping radio snapped up this as proof there was "American backing of his (Rhee's) provocations against the commission."

Three Indians Are Reported Killed By Portuguese

Bombay, India, Aug. 15 (AP)—Three Indians were reported killed and 13 wounded by Portuguese gunfire today after "nonviolent" demonstrators crossed the border into Portugal's three tiny territories in India.

The firing took place at a police outpost in the north of Goa, largest of the territories, situated on India's west coast.

ABOUT 1,000 Nationalists crossed the border to Goa.

About the same number crossed into Daman, farther north. They marched two miles from the Indian town of Vapi, where a crowd of 10,000 gave them a send-off.

Two hundred Socialist volunteers entered Diu, a small island and mainland strip still farther north.

The demonstrators — Satyagrahis, followers of Gandhi who believe in non-violent methods—demand that 1,538 square miles of Portuguese enclaves, the last foreign holdings in the country, be ceded to India. They timed their marches to coincide with the seventh anniversary of Indian independence from British rule.

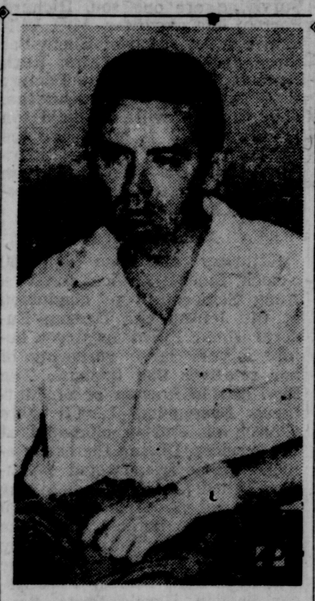

FRANCE GAVE up similar enclaves peaceably last year. But Portugal has stubbornly resisted Indian demands and strengthened border guards to resist the marchers. Their campaign is supported by Prime Minister Nehru, but only lukewarmly. He gave the demonstrators his approval today, but cautioned them to be peaceful and warned that they could expect no help from the Indian army.

Nehru spoke to a crowd of about 100,000 at an anniversary celebration in New Delhi.

Firing was reported from two points on the the North Goan Border, Patradevi and Banda, where Indians and Portuguese clashed.

REPORTS also mentioned large-scale Bren gun firing on the Indian side of the border near Terekhol creek. Several

Carolinas and Georgia Alerted for 4th Storm

Miami, Fla., Aug. 15 (AP)—A hurricane hunter plane winged toward Diane, fourth tropical storm of the season, and its report will determine where along the Georgia and Carolina coast hurricane warnings will be hoisted early this afternoon.

Forecasters had expected to order warnings up at 11 a. m. (EST), but postponed the orders until early this afternoon.

"We need one more good fix on the eye and its movement," they explained. "We will have it by 2 p. m. or earlier and will issue a special bulletin when it is obtained."

THE STORM was moving west-northwestward at 15 miles an hour and was 550 miles east of St. Augustine, Fla., at 11 a. m. Its eye was near latitude 29.7 north, longitude 71.8 west at that time.

"The Georgia, South Carolina and North Carolina coastlines have been placed on a hurricane alert. It is expected hurricane warnings will be ordered for a portion of this area early this afternoon if the next reconnaissance center fix confirms present movement," said the advisory.

"All interests in the area of hurricane alert should make preliminary preparations and keep in close touch with advisories this afternoon and tonight.

"TIDES AND winds will begin to increase tonight. Shipping should exercise caution in the path of this hurricane and all small craft between Cape Hatteras, N. C., and St. Augustine, Fla., should remain in port."

"We're working to pinpoint the area of hurricane warnings," said Cecil Gentry, forecaster in the storm warning center here.

A hurricane alert already was out for those two states and North Carolina. Florida was out of the alerted area, but Gentry said northeasterly storm warnings (less than hurricane force) were a good possibility for the

Good Roads Head Insists on Vote For $750 Million

Albany, N. Y., Aug. 14 (AP)—The president of the New York State Good Roads Assn. said today that voter approval of a 750-million-dollar state highway bond issue was "imperative."

John Wickham asserted in a statement that Congress' failure to agree on a federal highway program this year "knocked the props from under those who had been urging rejection of the state plan because the federal government will take care of everything."

APPROVAL of the state bond issue would mean state tax increases of two cents a gallon on gasoline and three cents a gallon on diesel fuel.

The New York State Automobile Assn. and the State Junior Chamber of Commerce oppose the bond issue on the ground that it lacks constitutional guarantees that the increased revenue will be used solely for highway improvements.

Wickham said there was no assurance that Congress would pass a federal highway program next year or that if it should the plan even would "dent" New York state's needs.

"THE BOND issue proposal has tremendous merit on its own," Wickham said, "but the current highway situation at the federal level makes it absolutely imperative. Only those who are content to have our roads remain 25 years behind the times can vote against the bond issue with any justification."

Present state taxes per gallon are four cents on gasoline and six cents on diesel fuel.

3-Day Sale Is Success For Stores

Thousands jammed Kingston stores last Thursday, Friday and Saturday for August Sales Days, the results of which today were labelled as "very successful" by Vincent Burns, manager of Montgomery Ward, 25 North Front street, and chairman of the Retail Merchants Committee of the Kingston Area Chamber of Commerce, sponsor of the sales event.

Mr. Burns told the Freeman that a spot-check of participating merchants indicated sales "were exceptionally good on Thursday and Friday." He said Saturday's heavy rains somewhat curtailed store traffic but the overall result was "excellent."

Freeman advertising was credited as one of the factors contributing to the success of the sale, also promotion stories that heralded the big bargain event.

Greater Coverage Urged In Social Security Plan

Washington, Aug. 15 (AP)—Secretary of Labor Mitchell said today "further improvements are necessary" in the federal-state unemployment insurance system despite widespread changes in 1954 and 1955.

Mitchell's statement was made in connection with the 20th anniversay of the employer-financed jobless pay program. The system is part of the Social Security law, signed by President Franklin D. Roosevelt on Aug. 14, 1935.

CONGRESS included another four million workers in the plan in 1954. They were the federal government employes and those of small private employers.

This year the legislatures of 30 states, Alaska and Hawaii made additional changes, increasing either the amount of payments or the number of weeks they may be continued.

Congress also increased benefits last year in the District of Columbia and voted boosts, too, in the separate railroad worker unemployment insurance program,

THE CHANGES have been urged by President Eisenhower who has called the jobless pay system "a valuable first line of defense against economic recession."

Mitchell said that under present laws about 80 per cent of the nation's wage and salaried workers, or about 41 million individuals, have unemployment insurance protection.

"But heartening as these gains have been," he said, "further improvements are necessary. If this program is to reach its full potential as an aid to jobless workers, benefits must be increased and coverage extended to all workers subject to the threat of involuntary unemployment."

THE LABOR SECRETARY said the plan has "both humanitarian and economic goals—the more adequate the benefits, the greater the contribution the program can make to economic stability."

He said the more than two billion dollars paid out in benefits during the economic recession last year had helped put the country back on its feet and con-

Social Security Early Backer Still Busy at 65

Madison, Wis., Aug. 15 (AP)—Arthur J. Altmeyer is 65 now and could retire under the Social Security Act he did as much as any man to create—but instead he's thinking about a new job.

Altmeyer, chairman of the Economic Security Technical Board that developed recommendations for the 1935 Social Security Act, is working now on tentative social security plans for the Turkish and Iranian governments. And he may go to the Near East next month.

But the Wisconsin native, who returned to the state two years ago with his wife after nearly 20 years of heading various social security boards and departments, thinks the U. S. act still can be improved.

The act, which he says created the largest insurance company in the world, has one "big gap, in that it does not provide any protection against loss of income and medical expense due to nonindustrial sickness and disability."

"The social security bill al-

Conference Urges Precautions on Atomic Radiation

Geneva, Aug. 15 (AP)—A call for most serious precautions to prevent atomic radiations of intensity presenting "a potential hazard to the human race as well as to plant and animal life" was sounded today at the Atoms-for-Peace conference.

Prof. Tage Kemp of Denmark made the statement as chairman of a session on possible radiation effects on hereditary processes.

BUT HE SAID at a news briefing later that at present science does not know the danger threshold of radiation which would constitute a potential hazard to the future of the human race.

He said, however, that he believed radiations from present peaceful uses of atomic energy were well below such a level, whatever it might be. The present danger, he said, "is not a very big one."

And he told one reporter still later that if nothing could be done about keeping radiation in the future below a potentially highly dangerous level—when it is defined—then science should compromise by expanding on methods and research designed to control "hereditary diseases" which might be induced in part by radiation effects.

ASKED AT the news conference whether in his suggestion for precautions to prevent radiations from reaching a high danger level, he meant such a thing as limiting the number of future atomic power plants,

Kaufman Widow, Sons, Secretary Get Estate

The last will and testament of former Surrogate George F. Kaufman, who died August 1, was admitted to probate today in the local surrogate's court and letters testamentary issued to Kingston Trust Company as executor.

Under the terms of the will, his widow, Elizabeth D. Kaufman, receives $5,000, all household furniture and furnishings and the income during the term of her life of a trust fund to be established for her benefit.

John C. Kaufman and William C. Kaufman, sons of the decedent, each receive $1500 and upon the death of the widow the trust fund is to be divided into two equal trusts for the benefit of John and William and upon their deaths the remainder of the estate is to be distributed to their descendants.

Judge Kaufman's secretary, Miss Frances M. O'Dea, receives $5000, all of the stock of the Saugerties Daily Post, Inc., owned by decedent at the time of his death and also the income from a trust fund to be established for her benefit.

Kingston Trust Company is also the trustee named in the will and Floyd W. Powell is attorney for the executor and trustee.

Storm Hits Utilities Here; 14 Die in State

Scattered damage due to fallen trees and limbs, temporary loss of utility services in some areas, heavy rains and high waters were reported in Kingston and Ulster county during the weekend as New York state counted 14 deaths—all blamed on Hurricane Connie, now a faint breeze in the Great Lakes region.

All that remained of Connie today in this area was a sticky humidity.

CREWS OF the Central Hudson Gas and Electric Corp. and the New York Telephone Company spent Saturday and Sunday repairing damages, caused principally by fallen limbs. A total of 4,800 Central Hudson customers were reported out of service Saturday night. More than 5,000 telephones in the Kingston and Newburgh districts were reported out of service.

A spokesman for the New York City Water Department said the upper Esopus creek had been "close to flood" on Saturday with a peak of 12.5 feet about 3 p. m. He noted the highest rate of increase ever recorded on the upper Esopus, with the waters rising about two feet an hour for almost three hours.

SEVERAL CASES of sloughing highways and holes in city streets and county roads were reported.

A total of 3.9 inches of rain fell in the city of Kingston dur-

Speeders Forfeit $20 Bail; Hit-Run Case Postponed

A driver was held on a charge of leaving the scene of an accident and three others were arrested as speeders in the city over the weekend.

Louis C. Raible, 47 of St. Remy, was arrested Sunday night and charged with leaving the scene after his car left the road and struck a guard rail on Abeel street near the city line, police said.

BOTH THE sheriff's office and police headquarters were notified of the mishap at about 9:25 p. m., because of its closeness to the city line.

Raible, the report said, was apprehended by Deputy Sheriffs Ray Winne and Harry Stewart at his home in St. Remy, and was arrested by Officer William Snyder, who was dispatched to the scene with Special Officer Ira Hadsel. The car was towed from the scene.

City Judge Raymond J. Mino today put the case over for a week to allow the defendant time to obtain counsel.

THE THREE arrested on speeding charges forfeited $20 bail through failure to appear before Judge Mino today.

They were Victor K. Wise, 18, of Wurtsboro, arrested on Wurts street at 9:45 p. m., Sunday by Officers Joseph Kivlan and Joseph Keller; Ronald Lee Johnson, 22, of 205 Clifton avenue

Ulster County Fair Opens Wednesday At Forsyth With New Features Added

The 1955 free Ulster County Fair opens at 10 o'clock Wednesday morning at Forsyth Park on Lucas avenue and the public is invited to attend.

This announcement was made today by Chester C. DuMond, Jr., president of the Ulster County Agricultural Society, sponsors of the fair.

A large group of volunteer workers started the two-day task early today of transforming Forsyth Park into an extensive fair grounds of tents, exhibit booths and show rings. Tomorrow commercial exhibitors will start moving in and work will start on the larger Grange and educational exhibits.

In addition to the extensive competitive exhibits in all nine departments, several new features have been added this year.

Pony rides will be available for kiddies during the entire fair which closes at 5 p. m., Thursday, August 18. A special Ken-L-Ration Pet Show will take place on the park tennis courts Wednesday afternoon in cooperation with the Kingston Recreation Department where full details and entry blanks may be obtained.

Local 215, American Federation of Musicians, will donate the services of a fine orchestra for free dancing Wednesday night, on the tennis courts. The 4-H Club style review will take place in the large show ring Wednesday evening.

The cattle judging will take place all day Wednesday in the show ring. The horse show will take place Thursday afternoon, also in the show ring. Due to the lack of proper housing the horses are not kept at the park overnight. All other judging will start promptly at 10:00 o'clock Wednesday morning.

A special mimeographed listing of scheduled events will be available starting Wednesday morning in the fair headquarters in the east end of the park pavilion. A temporary telephone will also be installed for the convenience of exhibitors and the public.

The competitive judging will take pace rain or shine. To be eligible for any part of the $9,000 offered in cash prizes the entries must be judged by official judges on Wednesday and Thursday at Forsyth Park.

Gen. Edson Is Found Dead; Led Guadalcanal Raiders

Washington, Aug. 15 (AP) — Maj. Gen. Merritt A. Edson, winner of the medal of honor as leader of "Edson's Raiders" during the World War 2 campaign for Guadalcanal, was found dead yesterday in the garage of his home.

The body of the retired marine corps officer was found by his wife, lying on the front seat of the family auto. Deputy Coroner Richard M. Rosenberg said death was due to carbon monoxide poisoning.

Edson, 58, was executive director of the National Rifle Assn., and former head of the Vermont state police. He retired from the marine corps in 1947 after 30 years' service.

Capt. Merritt A. Edson, Jr., a son of the general stationed at the Quantico, Va., marine base, said his father had been "very tired" and "feeling very badly about the American prisoner of war question."

Edson was one of five retired generals and admirals who recently prepared for the Defense Department a study of a possible code of conduct for American servicemen made prisoners of war. Results of the study have not yet been made public.

A native of Rutland, Vt., Edson headed the state police of his home state from 1947 until he became director of the rifle association in 1951.

Edson's younger son, Lt. Herbert R. Edson, also is stationed at the Quantico marine base. A sister, Mary L. Edson, lives at Burlington, Vt.

Funeral services will be held Tuesday at nearby Ft. Myer, Va. Burial will be in Arlington National Cemetery.

The last will and testament of former Surrogate George F. Kaufman, who died August 1, was admitted to probate today in the local surrogate's court and letters testamentary issued to Kingston Trust Company as executor.

Under the terms of the will, his widow, Elizabeth D. Kaufman, receives $5,000, all household furniture and furnishings and the income during the term of her life of a trust fund to be established for her benefit.

John C. Kaufman and William C. Kaufman, sons of the decedent, each receive $1500 and upon the death of the widow the trust fund is to be divided into two equal trusts for the benefit of John and William and upon their deaths the remainder of the estate is to be distributed to their descendants.

Judge Kaufman's secretary, Miss Frances M. O'Dea, receives $5000, all of the stock of the Saugerties Daily Post, Inc., owned by decedent at the time of his death and also the income from a trust fund to be established for her benefit.

Kingston Trust Company is also the trustee named in the will and Floyd W. Powell is attorney for the executor and trustee.

Storm Hits Utilities Here; 14 Die in State

Scattered damage due to fallen trees and limbs, temporary loss of utility services in some areas, heavy rains and high waters were reported in Kingston and Ulster county during the weekend as New York state counted 14 deaths—all blamed on Hurricane Connie, now a faint breeze in the Great Lakes region.

All that remained of Connie today in this area was a sticky humidity.

CREWS OF the Central Hudson Gas and Electric Corp. and the New York Telephone Company spent Saturday and Sunday repairing damages, caused principally by fallen limbs. A total of 4,800 Central Hudson customers were reported out of service Saturday night. More than 5,000 telephones in the Kingston and Newburgh districts were reported out of service.

A spokesman for the New York City Water Department said the upper Esopus creek had been "close to flood" on Saturday with a peak of 12.5 feet about 3 p. m. He noted the highest rate of increase ever recorded on the upper Esopus, with the waters rising about two feet an hour for almost three hours.

SEVERAL CASES of sloughing highways and holes in city streets and county roads were reported.

A total of 3.9 inches of rain fell in the city of Kingston dur-

Speeders Forfeit $20 Bail; Hit-Run Case Postponed

A driver was held on a charge of leaving the scene of an accident and three others were arrested as speeders in the city over the weekend.

Louis C. Raible, 47 of St. Remy, was arrested Sunday night and charged with leaving the scene after his car left the road and struck a guard rail on Abeel street near the city line, police said.

BOTH THE sheriff's office and police headquarters were notified of the mishap at about 9:25 p. m., because of its closeness to the city line.

Raible, the report said, was apprehended by Deputy Sheriffs Ray Winne and Harry Stewart at his home in St. Remy, and was arrested by Officer William Snyder, who was dispatched to the scene with Special Officer Ira Hadsel. The car was towed from the scene.

City Judge Raymond J. Mino today put the case over for a week to allow the defendant time to obtain counsel.

THE THREE arrested on speeding charges forfeited $20 bail through failure to appear before Judge Mino today.

They were Victor K. Wise, 18, of Wurtsboro, arrested on Wurts street at 9:45 p. m., Sunday by Officers Joseph Kivlan and Joseph Keller; Ronald Lee Johnson, 22, of 205 Clifton avenue

Ulster County Fair Opens Wednesday At Forsyth With New Features Added

The 1955 free Ulster County Fair opens at 10 o'clock Wednesday morning at Forsyth Park on Lucas avenue and the public is invited to attend.

This announcement was made today by Chester C. DuMond, Jr., president of the Ulster County Agricultural Society, sponsors of the fair.

A large group of volunteer workers started the two-day task early today of transforming Forsyth Park into an extensive fair grounds of tents, exhibit booths and show rings. Tomorrow commercial exhibitors will start moving in and work will start on the larger Grange and educational exhibits.

In addition to the extensive competitive exhibits in all nine departments, several new features have been added this year.

Pony rides will be available for kiddies during the entire fair which closes at 5 p. m., Thursday, August 18. A special Ken-L-Ration Pet Show will take place on the park tennis courts Wednesday afternoon in cooperation with the Kingston Recreation Department where full details and entry blanks may be obtained.

Local 215, American Federation of Musicians, will donate the services of a fine orchestra for free dancing Wednesday night, on the tennis courts. The 4-H Club style review will take place in the large show ring Wednesday evening.

The cattle judging will take place all day Wednesday in the show ring. The horse show will take place Thursday afternoon, also in the show ring. Due to the lack of proper housing the horses are not kept at the park overnight. All other judging will start promptly at 10:00 o'clock Wednesday morning.

A special mimeographed listing of scheduled events will be available starting Wednesday morning in the fair headquarters in the east end of the park pavilion. A temporary telephone will also be installed for the convenience of exhibitors and the public.

The competitive judging will take pace rain or shine. To be eligible for any part of the $9,000 offered in cash prizes the entries must be judged by official judges on Wednesday and Thursday at Forsyth Park.

MAMIE APPROVES — Mamie Eisenhower smiles her approval as she sits in President Eisenhower's new twin-engine airplane in Gettysburg, Pa., Aug. 14, shortly before the President took off in it for Washington. Ike grins at right. Mrs. Eisenhower's comment of her first look at the plane, "I think it's terribly cute." She remained at the Eisenhower farm in Gettysburg while Ike flew to the capital where he was to board a four-engine plane for flight to Colorado on his vacation. (AP Wirephoto).

Gen. Edson Is Found Dead; Led Guadalcanal Raiders

Washington, Aug. 15 (AP) — Maj. Gen. Merritt A. Edson, winner of the medal of honor as leader of "Edson's Raiders" during the World War 2 campaign for Guadalcanal, was found dead yesterday in the garage of his home.

The body of the retired marine corps officer was found by his wife, lying on the front seat of the family auto. Deputy Coroner Richard M. Rosenberg said death was due to carbon monoxide poisoning.

Edson, 58, was executive director of the National Rifle Assn., and former head of the Vermont state police. He retired from the marine corps in 1947 after 30 years' service.

Capt. Merritt A. Edson, Jr., a son of the general stationed at the Quantico, Va., marine base, said his father had been "very tired" and "feeling very badly about the American prisoner of war question."

Edson was one of five retired generals and admirals who recently prepared for the Defense Department a study of a possible code of conduct for American servicemen made prisoners of war. Results of the study have not yet been made public.

A native of Rutland, Vt., Edson headed the state police of his home state from 1947 until he became director of the rifle association in 1951.

Edson's younger son, Lt. Herbert R. Edson, also is stationed at the Quantico marine base. A sister, Mary L. Edson, lives at Burlington, Vt.

Funeral services will be held Tuesday at nearby Ft. Myer, Va. Burial will be in Arlington National Cemetery.

Three Indians Are

hundred Indians were said to have crossed the river in boats under the glare of Portuguese searchlights. Later they hoisted the Indian tricolor — saffron, white and green—over Terekhol Fort.

Firing was also reported at Daman, where Indian journalists who climbed trees to watch the demonstrations counted nine rounds.

FROM PERNEM, near the northern Goan frontier with India, an Associated Press correspondent reported Portuguese police patrols quickly rounded up the demonstrators. The first seized were 46 right-wing Hindus who crossed the Tiracol river in small boats. They were at liberty for only one hour.

At the village of Arambal, a priest and a group of villagers turned over 49 unresisting peasant Communist demonstrators.

Reports reaching Bombay from Palya, Goa, said the Portuguese fired on demonstrators who refused to pull down an Indian national flag they had hoisted on a temple near Terekhol creek. One person was reported killed and two wounded.

V. D. Chitale, Communist leader of all those entering Goa, was reported wounded in the firing at Banda.

Two unidentified U. S. newsmen covering the march were reported to have brought the bodies of two dead to the border, one a woman who defied the Goa liberation committee ban on women crossing the border.

Damage, Theft Reported

Police were notified Sunday of window damage at the George Washington School and of a theft from a car on Hasbrouck avenue. Officer William Snyder and Special Officer Ira Hadsel said four windows were found broken on one side of the school building and three at its rear. Tools valued at $25 and a carton of cigarettes were reported taken from the car of Charles Smith, Jr., of Golden, Colo., son of Charles Smith, 147 Hasbrouck avenue Sunday morning.

RESOLUTION

The following resolution was unanimously adopted by the Board of Directors of the Savings and Loan Association of Kingston on the 11th day of August, 1955:—

E. Frank Flanagan departed this life on the 11th day of July 1955 in his 74th year. He was born in High Falls, New York, on November 16, 1881, the son of William A. and Catherine Sweeney Flanagan, and is survived by his wife, Louise S. Flanagan, and a son, Albert C. Flanagan.

At the conclusion of his education in the public schools of High Falls, he associated with his father as a cooper in the Rosendale Cement business and in a short time became known as one of the most proficient in his trade. He came to Kingston in 1899, graduated from Spencer's Business School in 1902 and then associated with S. Cohen's Son, clothing store, where he was employed as a bookkeeper and salesman and later became manager of the store, a position which he held until November 1924 when the newly organized firm of Flanagan, Archer & Watkins purchased the Cohen business. Ten years later he and his son, Albert, became the sole owners under the name of Flanagans.

For 15 years he was a member of the firm of Lane & Flanagan, realtors. He was recognized as one of the best authorities on real estate values in the area and served as Appraisal Commissioner for the City of New York on the Lackawack area of the water supply system and also as an appraiser for the City of Kingston on its water system, as well as numerous other land takings.

Deeply interested in the welfare and progress of Kingston, he sought to serve the people in any way possible which would tend to assist in the improvement of the area. He was one of the organizers of the Kingston Chamber of Commerce and served as a director and president, also, was the first president of the Kingston Uptown Businessmen's Association and was instrumental in promoting important programs of these organizations. He was a member of the Kingston Rotary Club, the Twaalfskill Golf Club, The Kingston Club and served as its president, Ulster County Volunteer Exempt Firemen's Association and this year was Co-Chairman of the Kingston Fire Department Bi-Centennial Celebration held in conjunction with the 66th annual Hudson Valley Firemen's Association convention.

Fraternally for a great number of years he was a member of the Kingston Lodge No. 550 B.P.O.E., the Kingston Council No. 275 Knights of Columbus in which he served as Grand Knight and was a member of the 4th Degree Assembly.

Always interested in the civic affairs of the City of Kingston, he held numerous positions giving generously of his time and energy to public matters. He served as a member of the Kingston City Board of Public Works, Board of Police Commissioners and in 1933 was Democratic candidate for Mayor. His devotion to the civic welfare of this City earned him in 1954 the Veterans of Foreign Wars "Citizen of the Year" award.

In the financial life of the City he was at one time a director of the National Ulster County Bank of Kingston, was elected a director of the Savings and Loan Association of Kingston in 1921, has served as its president since 1933, was director of the Savings Association League of New York State and a member of its Legislative Committee, and of the Personnel Policy Committee of the United States Savings and Loan League.

"Frank" Flanagan, as he was lovingly called, was one of the best known and most highly respected citizens of Kingston and Ulster County, numbering among his intimate acquaintances people from all walks of life. Frank Flanagan was endowed by his Creator with a rare understanding of Human Nature—placing his services to others above any personal gain. His genial disposition, his unstinted friendliness and his ardent love for his fellowmen attracted to him legions of friends who will mourn his loss.

In the civic and commercial life of Kingston and Ulster County, his courageous and unflinching support to any program of community betterment added immeasurably to the advancement of the area, and displayed a character that contained many fine attributes that can serve as a standard for all of us in our duty to our community and pride in its accomplishments. Regardless of the pressure of other business, Frank Flanagan always had time to serve his City and his fellowmen whenever they needed him.

WHEREAS, Almighty God in His infinite judgment has called our beloved president and devoted friend to his just reward, and

WHEREAS, by his sound judgment, high personal character and integrity, he inspired respect and confidence for the Savings and Loan Association of Kingston and contributed greatly to the high standards and enviable position which it holds in the City, County and State. By his sincerity of purpose and devotion to duty he was most instrumental in the many services the Association has rendered to the growth of the area and the economic welfare of its people.

THEREFORE, BE IT

RESOLVED, that we, his associates of the Savings and Loan Association of Kingston, express our profound sympathy and deep sorrow to the members of his family, with the knowledge that although he has gone from us in person, he has so indelibly imprinted himself on our Association and in the hearts of our members we shall remain dedicated to his high standards and principles and in spirit he shall remain with us, and be it,

FURTHER RESOLVED, that these resolutions be engrossed and transmitted to his wife, Louise S. Flanagan, and his son Albert C. Flanagan, a copy spread on the minutes of this Association, and a copy sent to the press.

Respectfully submitted,

3 Are Hospitalized In Six Accidents During Weekend

Six persons were injured in that many vehicular acoidents over the weekend and three of them were hospitalized.

All three of those admitted to hospitals were reported in good condition today.

Josephine Boylan, 50, of Brooklyn, was admitted o Benedictine Hospital suffering from lacerations and contusions of the arms, head and face following a two-car collision on Route 32 about two miles north of Rosendale at 2:45 a. m., Sunday. James Boylan 52, was treated for lacerations but not admitted.

Mr. and Mrs. Boylan were passengers in a 1946 sedan operated by John Barrett, 43, of Star Route, Rosendale, traveling south, when it was in collision with a 1952 sedan operated by Charles DuBois, 25, of 17 Prospect street.

TROOPERS John Ripa and J. J. Cullen who investigated said the DuBois vehicle was proceeding north when the driver claimed he saw an oncoming car "weaving" back and forth across the highway. Mr. DuBois said he applied his brakes, skidded and struck the Barrett car head-on. Troopers said Barrett denied he was weaving, explaining that he attempted to slow down and went into a skid on the wet pavement. They were taken to the hospital by Schultz ambulance.

Clarence Robert Quick, 20, of Accord, was taken to the Veterans' Memorial Hospital, Ellenville, late Sunday night, suffering from a possible contusion of the chest cavity, Ellenville state police said.

TROOPERS said Mr. Quick was proceeding east on Main street in the village of Accord in his 1951 sedan when he went off the side of the road and hit a concrete retaining wall on the property of L. M. Decker. Both car and wall were reported badly damaged.

An 11-year-old Brooklyn girl, Elaine Erwinski, injured in a car-bicycle accident on Route 213 in the hamlet of St. Remy about 4:30 p. m., Sunday, was taken to Benedictine Hospital with multiple lacerations of the scalp, right ear, right shoulder and elbow and possible head injuries, Ellenville state police reported.

Troopers said the girl was riding her bicycle east on the highway followed by a 1952 sedan operated by Oran Leighton Jr., of Kingston, when the girl started to make a left turn, apparently changed her mind and swung sharply to the right, the rear of the bike being struck by the right front fender of the car.

SEVEN-YEAR-OLD Roy Rannick of Brooklyn was treated by a private physician for contusions and abrasions of the right hip when he darted in front of a car in the rear of Nasse Hotel, Mountaindale, about 2 p. m., yesterday, according to Ellenville state police.

Troopers said the child was struck by a 1949 sedan operated by Joseph Slobodow, 30, manager of the hotel, traveling about 10 to 20 MPH between the building of the hotel. The boy ran into the left front fender and grille of the car, they reported.

Albert Adler, 41, of New York, was "brushed" by a car operated by Kenneth Richard Small, 20, of Brooklyn, traveling south on Route 213 near the Jesse Tyler junkyard, Rifton, about 6:40 p. m., Saturday, according to a report in the Ulster county sheriff's office. Mr. Adler, who was walking along the highway with a companion, fell over an embankment on the side of the road.

DEPUTY Harry L. Stewart, Jr., who investigated, said Mr. Small stopped immediately, running into a concrete post as he slammed on the brakes. He ran back and offered to take Mr. Adler to the hospital. The sheriff's office was called and after Deputy Stewart arrived on the scene, it was observed that Mr. Adler's left thigh was beginning to swell. Mr. Small drove him to the hospital for examination.

Kenneth Allen Smith, 21, of High Falls, was negotiating a left curve on Route 213 near High Falls about 8:10 p. m., yesterday, when he lost control on wet pavement and left the highway on the left side, ran through weeds for a considerable distance and struck a large tree. Mr. Smith claimed no injuries. The car had to be towed away.

Carolinas . . .

northeastern portion of Florida.

DIANE'S PEAK winds are blowing at 115 miles an hour. Any wind of 75 miles an hour or higher is of hurricane force. Diane has a band of hurricane winds 230 miles in diameter around its center.

The storm moved forward at 8:30 a. m. (EST) today at a 15-mile pace with no indication of slowing up. It was centered then a little more than 600 miles east-southeast of Jacksonville, and was moving toward the west-northwest.

Forecasters had expected Diane to turn along a slightly more northerly course and only yesterday considered North Carolina and states north of there to be the most threatened.

Since then, however, a low pressure trough extending outward from last week's hurricane, Connie, moved inland, and at the same time a high pressure ridge over the Atlantic moved westward and today covered the state of Virginia.

Connie's low pressure trough serves to attract Diane, while the high pressure prevents the hurricane from making the expected northerly recurve.

"AS A RESULT the situation has become critical for the southeastern coast," said Gentry. "There no longer is a question of whether we will issue hurricane warnings. The problem now is to pinpoint the area.

Storm Hits

ing the three-day period ending Saturday—the work of Connie. Approximately five inches were recorded at Schoharie Reservoir during the five-day period ending this morning, and approximately six inches at Brown Station on the Ashokan Reservoir.

The city engineer's office reported .27 inches of rainfall on Thursday, 1.21 inches on Friday and 2.07 inches on Saturday. The total for the month of August, practically all of which fell on those three days, is now 3.9 inches and the total for the year 19.5 inches, about eight inches below normal for the period. The temperature at 4 p. m. yesterday was 91 degrees, the eighth day this month that temperatures have been 90 or above.

Arthur W. Buddenhagen, resident manager of Central Hudson, said 4,800 customers in 39 areas had been without electricity Saturday night. There were 95 cases of trouble, 85 of which were caused by trees and limbs falling on wires.

Repair crews worked continuously, restoring all service by Sunday afternoon.

In the city of Kingston the Wurts street section was without service, as was the Clinton avenue section, due to falling limbs in the Academy Green area, Mr. Buddenhagen said. The Port Ewen, Woodstock, Stone Ridge and Atwood sections also were without service.

APPROXIMATELY 1,514 telephones were out in the Kingston area but practically all had been repaired by last night, Leonard W. Herrick, manager of the Kingston District of the New York Telephone Co., reported.

A number of crews, 90 men in all, worked Saturday and Sunday from dawn to dark. About 10 men were brought in from the Albany-Schenectady area to help out.

Mr. Herrick said approximately 10,000 telephones were out of service in the Mid-Hudson Valley area during the weekend —a total of 5,607 in the Kingston and Newburgh Districts.

J. Aalto, district engineer of the New York City Water Department, said the upper Esopus creek registered 12.15 feet at 3 p. m. Saturday, whereas in the morning it had registered slightly over four feet—a rise of about eight feet.

HE SAID the creek had been turbid, yellow and muddy, and full of trees and debris. The Shandaken tunnel was closed because of the heavy waters which just missed flooding. Mr. Aalto said the creek failed to reach Route 28.

He said he felt it was fortunate that damages were "no worse" than they were.

Ellenville State Police reported trees down on Route 209 near Spring Glen and just north of the State Police barracks at Ellenville. A rock slide was reported on Route 52 just east of Ellenville.

Highland State Police reported scattered limbs down but light damage.

Kingston State Police received a call at 9:05 a. m. Saturday that a rock wall on Route 28 at Big Indian was collapsing and sliding to the highway. Cpl. Ray Dunn of Phoenicia investigated and maintained one-lane traffic for several hours until state highway crews could make repairs.

AT 10:40 A. M. Saturday it was reported to troopers that Funcrest Lake at Pine Hill was overflowing and it was feared the dam might give way. Cpl. Dunn was prepared to use sandbags, if necessary, but the rains let up just in time.

A large tree was reported down on Route 32 about a mile below Turkey Point but a trooper patrol cleared it away with axes. Traffic was able to resume normal flow after about 45 minutes.

Danger of shoulders of the highway washing out near the Esso Station in Shandaken, was reported at 2:30 p. m. Cpl. Dunn and a highway crew were at the scene but the situation corrected itself.

Boulders in the structure of the dam at the confluence of the Bushnellsville and Esopus creeks at Shandaken were reported washing out at 3:30 p. m. Cpl. Dunn was again at the scene but the water receded before the dam was seriously endangered.

WATERS WERE reported rising fast at the home of Mrs. Louise Cooper at the old Zena Mill, Zena, located close to the creek. All her furniture was removed to the second floor as waters approached within inches of the basement and then receded.

Four patrols of troopers from the Kingston Station cruised the highways, removing stones, limbs, etc., which might endanger or obstruct the flow of traffic.

A large hole in Route 32 where it goes over the Thruway was reported to the Ulster county sheriff's office. The highway department was notified.

RAIN IN the city, heaviest on Saturday, flooded and damaged city streets.

Ferry street was reported flooded near the Kingston-Rhinecliff ferry slip around noon Saturday, and at 8:05 p. m., police were notified that East Strand near the Cornell shops was flooded with high tide due at about 11:30 p. m.

The public works department was notified and the areas barricaded. Delaware avenue was also flooded early Saturday afternoon from North street to the Beach, and water was reported along East Strand in the Abruyn street area.

POLICE WERE also notified early Saturday afternoon of damaged streets in several areas of the city, and of a slide of stone and dirt along Abeel street.

A hole about two foot square and about six feet deep was reported in Sylvester street between Clifton avenue and East Chester street at 12:50 p. m., Saturday. Other holes were reported near 62 Hunter street, near 51 Broadway, Emerson street near Main, and on Lafayette avenue at Lucas.

Stone and dirt were reported washed down on the road in front of 251 Abeel street at 1:10 p. m.

A limb from a tree at Stuyvesant and Livingston streets was reported down at 2:45 a. m. Sunday.

Conference Urges

Prof. Kemp said he had no specific suggestions. But he indicated he meant that physicists and engineers should try to work out methods whereby radiations could be kept below a certain level.

In his address to the scientists' conference, Kemp who is a geneticist, declared:

"There is no doubt that the mutagenic changes (changes in heredity-carrying genes) effect of radiation on human beings will increase in the future, because mankind will be exposed to a larger dose of irradiation than previously.

"THE FUTURE development and genetic composition of a human population are dependent upon a variety of factors, hereditary as well as environmental . . . a very important group of these factors which determine the fate and survival of a race or a nation is composed of the hereditary deficiencies, abnormalities and diseases occurring in the population.

"The prevalence of these lesions will depend on the intensity of the irradiation the population is exposed to."

Declaring that in many plant and animal species radiation has been found to induce genetic mutation, Kemp said, "there is no reason to call in question that ionizing radiation can produce mutations in man."

Speeders Forfeit

arrested on Clinton avenue, near North Front street, by Officers Gilbert Gray and William Snyder at 1:25 a. m., Sunday, and Theodore Fiddle, 45, of Monticello, arrested at 7:15 a. m., today by Officers Charles McCullough and Anthony Turck on Hurley avenue, near Washinton.

George Gill, 26, of 41 East Strand, was arrested at 4:47 a. m., Sunday on East Chester street, on a charge of driving without a license. He pleaded guilty today before Judge Mino and was fined $25.

POLICE CHARGED that William Relyea, 32, of 646 Broadway, attempted to interfere when they were picking up a young man charged with absence from military service, and they held Relyea on a disorderly conduct charge. Judge Mino today put his case over to Aug. 20 to allow him time to obtain counsel. He pleaded not guilty.

Picked up on an AWOL charge was Ronald LeRoy Harvey, 18, of 51 Liberty street, who was charged with being absent from the service since May 23. He was held for the military authorities, and it was charged when Relyea was arrested, that he attempted to interfere with the AWOL arrest, and "refused to move on when ordered to do so."

Attorney John E. Gotelli represented the district attorney's office.

Highland Meeting Important for Vols

Delegates from all companies are urged to attend the meeting of the Ulster County Volunteer Firemen's Association which will be held Tuesday at Highland Hose Company No. 1.

This is a very important meeting since there will be a vote taken on an amendment to the by-laws. Under the amendment proposed there will be a plan for raising funds for the convention along with the annual dues, making the financing of the annual convention a much simpler matter.

Three Indians Are

hundred Indians were said to have crossed the river in boats under the glare of Portuguese searchlights. Later they hoisted the Indian tricolor — saffron, white and green—over Terekhol Fort.

Firing was also reported at Daman, where Indian journalists who climbed trees to watch the demonstrations counted nine rounds.

FROM PERNEM, near the northern Goan frontier with India, an Associated Press correspondent reported Portuguese police patrols quickly rounded up the demonstrators. The first seized were 46 right-wing Hindus who crossed the Tiracol river in small boats. They were at liberty for only one hour.

At the village of Arambal, a priest and a group of villagers turned over 49 unresisting peasant Communist demonstrators.

Reports reaching Bombay from Palya, Goa, said the Portuguese fired on demonstrators who refused to pull down an Indian national flag they had hoisted on a temple near Terekhol creek. One person was reported killed and two wounded.

V. D. Chitale, Communist leader of all those entering Goa, was reported wounded in the firing at Banda.

Two unidentified U. S. newsmen covering the march were reported to have brought the bodies of two dead to the border, one a woman who defied the Goa liberation committee ban on women crossing the border.

Damage, Theft Reported

Police were notified Sunday of window damage at the George Washington School and of a theft from a car on Hasbrouck avenue. Officer William Snyder and Special Officer Ira Hadsel said four windows were found broken on one side of the school building and three at its rear. Tools valued at $25 and a carton of cigarettes were reported taken from the car of Charles Smith, Jr., of Golden, Colo., son of Charles Smith, 147 Hasbrouck avenue Sunday morning.

The bearers were Joseph Gregory, Thomas Hickey, Sam Turck, James Devine, James Baker and Michael Gallagher.

RESOLUTION

The following resolution was unanimously adopted by the Board of Directors of the Savings and Loan Association of Kingston on the 11th day of August, 1955:—

E. Frank Flanagan departed this life on the 11th day of July 1955 in his 74th year. He was born in High Falls, New York, on November 16, 1881, the son of William A. and Catherine Sweeney Flanagan, and is survived by his wife, Louise S. Flanagan, and a son, Albert C. Flanagan.

At the conclusion of his education in the public schools of High Falls, he associated with his father as a cooper in the Rosendale Cement business and in a short time became known as one of the most proficient in his trade. He came to Kingston in 1899, graduated from Spencer's Business School in 1902 and then associated with S. Cohen's Son, clothing store, where he was employed as a bookkeeper and salesman and later became manager of the store, a position which he held until November 1924 when the newly organized firm of Flanagan, Archer & Watkins purchased the Cohen business. Ten years later he and his son, Albert, became the sole owners under the name of Flanagans.

For 15 years he was a member of the firm of Lane & Flanagan, realtors. He was recognized as one of the best authorities on real estate values in the area and served as Appraisal Commissioner for the City of New York on the Lackawack area of the water supply system and also as an appraiser for the City of Kingston on its water system, as well as numerous other land takings.

Deeply interested in the welfare and progress of Kingston, he sought to serve the people in any way possible which would tend to assist in the improvement of the area. He was one of the organizers of the Kingston Chamber of Commerce and served as a director and president, also, was the first president of the Kingston Uptown Businessmen's Association and was instrumental in promoting important programs of these organizations. He was a member of the Kingston Rotary Club, the Twaalfskill Golf Club, The Kingston Club and served as its president, Ulster County Volunteer Exempt Firemen's Association and this year was Co-Chairman of the Kingston Fire Department Bi-Centennial Celebration held in conjunction with the 66th annual Hudson Valley Firemen's Association convention.

Fraternally for a great number of years he was a member of the Kingston Lodge No. 550 B.P.O.E., the Kingston Council No. 275 Knights of Columbus in which he served as Grand Knight and was a member of the 4th Degree Assembly.

Always interested in the civic affairs of the City of Kingston, he held numerous positions giving generously of his time and energy to public matters. He served as a member of the Kingston City Board of Public Works, Board of Police Commissioners and in 1933 was Democratic candidate for Mayor. His devotion to the civic welfare of this City earned him in 1954 the Veterans of Foreign Wars "Citizen of the Year" award.

In the financial life of the City he was at one time a director of the National Ulster County Bank of Kingston, was elected a director of the Savings and Loan Association of Kingston in 1921, has served as its president since 1933, was director of the Savings Association League of New York State and a member of its Legislative Committee, and of the Personnel Policy Committee of the United States Savings and Loan League.

"Frank" Flanagan, as he was lovingly called, was one of the best known and most highly respected citizens of Kingston and Ulster County, numbering among his intimate acquaintances people from all walks of life. Frank Flanagan was endowed by his Creator with a rare understanding of Human Nature—placing his services to others above any personal gain. His genial disposition, his unstinted friendliness and his ardent love for his fellowmen attracted to him legions of friends who will mourn his loss.

In the civic and commercial life of Kingston and Ulster County, his courageous and unflinching support to any program of community betterment added immeasurably to the advancement of the area, and displayed a character that contained many fine attributes that can serve as a standard for all of us in our duty to our community and pride in its accomplishments. Regardless of the pressure of other business, Frank Flanagan always had time to serve his City and his fellowmen whenever they needed him.

WHEREAS, Almighty God in His infinite judgment has called our beloved president and devoted friend to his just reward, and

WHEREAS, by his sound judgment, high personal character and integrity, he inspired respect and confidence for the Savings and Loan Association of Kingston and contributed greatly to the high standards and enviable position which it holds in the City, County and State. By his sincerity of purpose and devotion to duty he was most instrumental in the many services the Association has rendered to the growth of the area and the economic welfare of its people.

THEREFORE, BE IT

RESOLVED, that we, his associates of the Savings and Loan Association of Kingston, express our profound sympathy and deep sorrow to the members of his family, with the knowledge that although he has gone from us in person, he has so indelibly imprinted himself on our Association and in the hearts of our members we shall remain dedicated to his high standards and principles and in spirit he shall remain with us, and be it,

FURTHER RESOLVED, that these resolutions be engrossed and transmitted to his wife, Louise S. Flanagan, and his son Albert C. Flanagan, a copy spread on the minutes of this Association, and a copy sent to the press.

Respectfully submitted,

3 Are Hospitalized In Six Accidents During Weekend

Six persons were injured in that many vehicular accidents over the weekend and three of them were hospitalized.

All three of those admitted to hospitals were reported in good condition today.

Josephine Boylan, 50, of Brooklyn, was admitted o Benedictine Hospital suffering from lacerations and contusions of the arms, head and face following a two-car collision on Route 32 about two miles north of Rosendale at 2:45 a. m., Sunday. James Boylan 52, was treated for lacerations but not admitted.

Mr. and Mrs. Boylan were passengers in a 1946 sedan operated by John Barrett, 43, of Star Route, Rosendale, traveling south, when it was in collision with a 1952 sedan operated by Charles DuBois, 25, of 17 Prospect street.

TROOPERS John Ripa and J. J. Cullen who investigated said the DuBois vehicle was proceeding north when the driver claimed he saw an oncoming car "weaving" back and forth across the highway. Mr. DuBois said he applied his brakes, skidded and struck the Barrett car head-on. Troopers said Barrett denied he was weaving, explaining that he attempted to slow down and went into a skid on the wet pavement. They were taken to the hospital by Schultz ambulance.

Clarence Robert Quick, 20, of Accord, was taken to the Veterans' Memorial Hospital, Ellenville, late Sunday night, suffering from a possible contusion of the chest cavity, Ellenville state police said.

TROOPERS said Mr. Quick was proceeding east on Main street in the village of Accord in his 1951 sedan when he went off the side of the road and hit a concrete retaining wall on the property of L. M. Decker. Both car and wall were reported badly damaged.

An 11-year-old Brooklyn girl, Elaine Erwinski, injured in a car-bicycle accident on Route 213 in the hamlet of St. Remy about 4:30 p. m., Sunday, was taken to Benedictine Hospital with multiple lacerations of the scalp, right ear, right shoulder and elbow and possible head injuries, Ellenville state police reported.

Troopers said the girl was riding her bicycle east on the highway followed by a 1952 sedan operated by Oran Leighton Jr., of Kingston, when the girl started to make a left turn, apparently changed her mind and swung sharply to the right, the rear of the bike being struck by the right front fender of the car.

SEVEN-YEAR-OLD Roy Rannick of Brooklyn was treated by a private physician for contusions and abrasions of the right hip when he darted in front of a car in the rear of Nasse Hotel, Mountaindale, about 2 p. m., yesterday, according to Ellenville state police.

Troopers said the child was struck by a 1949 sedan operated by Joseph Slobodow, 30, manager of the hotel, traveling about 10 to 20 MPH between the building of the hotel. The boy ran into the left front fender and grille of the car, they reported.

Albert Adler, 41, of New York, was "brushed" by a car operated by Kenneth Richard Small, 20, of Brooklyn, traveling south on Route 213 near the Jesse Tyler junkyard, Rifton, about 6:40 p. m., Saturday, according to a report in the Ulster county sheriff's office. Mr. Adler, who was walking along the highway with a companion, fell over an embankment on the side of the road.

DEPUTY Harry L. Stewart, Jr., who investigated, said Mr. Small stopped immediately, running into a concrete post as he slammed on the brakes. He ran back and offered to take Mr. Adler to the hospital. The sheriff's office was called and after Deputy Stewart arrived on the scene, it was observed that Mr. Adler's left thigh was beginning to swell. Mr. Small drove him to the hospital for examination.

Kenneth Allen Smith, 21, of High Falls, was negotiating a left curve on Route 213 near High Falls about 8:10 p. m., yesterday, when he lost control on wet pavement and left the highway on the left side, ran through weeds for a considerable distance and struck a large tree. Mr. Smith claimed no injuries. The car had to be towed away.

Carolinas . . .

northeastern portion of Florida.

DIANE'S PEAK winds are blowing at 115 miles an hour. Any wind of 75 miles an hour or higher is of hurricane force. Diane has a band of hurricane winds 230 miles in diameter around its center.

The storm moved forward at 8:30 a. m. (EST) today at a 15-mile pace with no indication of slowing up. It was centered then a little more than 600 miles east-southeast of Jacksonville, and was moving toward the west-northwest.

Forecasters had expected Diane to turn along a slightly more northerly course and only yesterday considered North Carolina and states north of there to be the most threatened.

Since then, however, a low pressure trough extending outward from last week's hurricane, Connie, moved inland, and at the same time a high pressure ridge over the Atlantic moved westward and today covered the state of Virginia.

Connie's low pressure trough serves to attract Diane, while the high pressure prevents the hurricane from making the expected northerly recurve.

"AS A RESULT the situation has become critical for the southeastern coast," said Gentry. "There no longer is a question of whether we will issue hurricane warnings. The problem now is to pinpoint the area.

Storm Hits

ing the three-day period ending Saturday—the work of Connie. Approximately five inches were recorded at Schoharie Reservoir during the five-day period ending this morning, and approximately six inches at Brown Station on the Ashokan Reservoir.

The city engineer's office reported .27 inches of rainfall on Thursday, 1.21 inches on Friday and 2.07 inches on Saturday. The total for the month of August, practically all of which fell on those three days, is now 3.9 inches and the total for the year 19.5 inches, about eight inches below normal for the period. The temperature at 4 p. m. yesterday was 91 degrees, the eighth day this month that temperatures have been 90 or above.

Arthur W. Buddenhagen, resident manager of Central Hudson, said 4,800 customers in 39 areas had been without electricity Saturday night. There were 95 cases of trouble, 85 of which were caused by trees and limbs falling on wires.

Repair crews worked continuously, restoring all service by Sunday afternoon.

In the city of Kingston the Wurts street section was without service, as was the Clinton avenue section, due to falling limbs in the Academy Green area, Mr. Buddenhagen said. The Port Ewen, Woodstock, Stone Ridge and Atwood sections also were without service.

APPROXIMATELY 1,514 telephones were out in the Kingston area but practically all had been repaired by last night, Leonard W. Herrick, manager of the Kingston District of the New York Telephone Co., reported.

A number of crews, 90 men in all, worked Saturday and Sunday from dawn to dark. About 10 men were brought in from the Albany-Schenectady area to help out.

Mr. Herrick said approximately 10,000 telephones were out of service in the Mid-Hudson Valley area during the weekend—a total of 5,607 in the Kingston and Newburgh Districts.

J. Aalto, district engineer of the New York City Water Department, said the upper Esopus creek registered 12.15 feet at 3 p. m. Saturday, whereas in the morning it had registered slightly over four feet—a rise of about eight feet.

HE SAID the creek had been turbid, yellow and muddy, and full of trees and debris. The Shandaken tunnel was closed because of the heavy waters which just missed flooding. Mr. Aalto said the creek failed to reach Route 28.

He said he felt it was fortunate that damages were "no worse" than they were.

Ellenville State Police reported trees down on Route 209 near Spring Glen and just north of the State Police barracks at Ellenville. A rock slide was reported on Route 52 just east of Ellenville.

Highland State Police reported scattered limbs down but light damage.

Kingston State Police received a call at 9:05 a. m. Saturday that a rock wall on Route 28 at Big Indian was collapsing and sliding to the highway. Cpl. Ray Dunn of Phoenicia investigated and maintained one-lane traffic for several hours until state highway crews could make repairs.

AT 10:40 A. M. Saturday it was reported to troopers that Funcrest Lake at Pine Hill was overflowing and it was feared the dam might give way. Cpl. Dunn was prepared to use sandbags, if necessary, but the rains let up just in time.

A large tree was reported down on Route 32 about a mile below Turkey Point but a trooper patrol cleared it away with axes. Traffic was able to resume normal flow after about 45 minutes.

Danger of shoulders of the highway washing out near the Esso Station in Shandaken, was reported at 2:30 p. m. Cpl. Dunn and a highway crew were at the scene but the situation corrected itself.

Boulders in the structure of the dam at the confluence of the Bushnellsville and Esopus creeks at Shandaken were reported washing out at 3:30 p. m. Cpl. Dunn was again at the scene but the water receded before the dam was seriously endangered.

WATERS WERE reported rising fast at the home of Mrs. Louise Cooper at the old Zena Mill, Zena, located close to the creek. All her furniture was removed to the second floor as waters approached within inches of the basement and then receded.

Four patrols of troopers from the Kingston Station cruised the highways, removing stones, limbs, etc., which might endanger or obstruct the flow of traffic.

A large hole in Route 32 where it goes over the Thruway was reported to the Ulster county sheriff's office. The highway department was notified.

RAIN IN the city, heaviest on Saturday, flooded and damaged city streets.

Ferry street was reported flooded near the Kingston-Rhinecliff ferry slip around noon Saturday, and at 8:05 p. m., police were notified that East Strand near the Cornell shops was flooded with high tide due at about 11:30 p. m.

The public works department was notified and the areas barricaded. Delaware avenue was also flooded early Saturday afternoon from North street to the Beach, and water was reported along East Strand in the Abruyn street area.

POLICE WERE also notified early Saturday afternoon of damaged streets in several areas of the city, and of a slide of stone and dirt along Abeel street.

A hole about two foot square and about six feet deep was reported in Sylvester street between Clifton avenue and East Chester street at 12:50 p. m., Saturday. Other holes were reported near 62 Hunter street, near 51 Broadway, Emerson street near Main, and on Lafayette avenue at Lucas.

Stone and dirt were reported washed down on the road in front of 251 Abeel street at 1:10 p. m.

A limb from a tree at Stuyvesant and Livingston streets was reported down at 2:45 a. m. Sunday.

Conference Urges

Prof. Kemp said he had no specific suggestions. But he indicated he meant that physicists and engineers should try to work out methods whereby radiations could be kept below a certain level.

In his address to the scientists' conference, Kemp who is a geneticist, declared:

"There is no doubt that the mutagenic changes (changes in heredity-carrying genes) effect of radiation on human beings will increase in the future, because mankind will be exposed to a larger dose of irradiation than previously.

"THE FUTURE development and genetic composition of a human population are dependent upon a variety of factors, hereditary as well as environmental . . . a very important group of these factors which determine the fate and survival of a race or a nation is composed of the hereditary deficiencies, abnormalities and diseases occurring in the population.

"The prevalence of these lesions will depend on the intensity of the irradiation the population is exposed to."

Declaring that in many plant and animal species radiation has been found to induce genetic mutation, Kemp said, "there is no reason to call in question that ionizing radiation can produce mutations in man."

Speeders Forfeit

arrested on Clinton avenue, near North Front street, by Officers Gilbert Gray and William Snyder at 1:25 a. m., Sunday, and Theodore Fiddle, 45, of Monticello, arrested at 7:15 a. m., today by Officers Charles McCullough and Anthony Turck on Hurley avenue, near Washinton.

George Gill, 26, of 41 East Strand, was arrested at 4:47 a. m., Sunday on East Chester street, on a charge of driving without a license. He pleaded guilty today before Judge Mino and was fined $25.

POLICE CHARGED that William Relyea, 32, of 646 Broadway, attempted to interfere when they were picking up a young man charged with absence from military service, and they held Relyea on a disorderly conduct charge. Judge Mino today put his case over to Aug. 20 to allow him time to obtain counsel. He pleaded not guilty.

Picked up on an AWOL charge was Ronald LeRoy Harvey, 18, of 51 Liberty street, who was charged with being absent from the service since May 23. He was held for the military authorities, and it was charged when Relyea was arrested, that he attempted to interfere with the AWOL arrest, and "refused to move on when ordered to do so."

Attorney John E. Gotelli represented the district attorney's office.

Highland Meeting Important for Vols

Delegates from all companies are urged to attend the meeting of the Ulster County Volunteer Firemen's Association which will be held Tuesday at Highland Hose Company No. 1.

This is a very important meeting since there will be a vote taken on an amendment to the by-laws. Under the amendment proposed there will be a plan for raising funds for the convention along with the annual dues, making the financing of the annual convention a much simpler matter.

Rising Family Debt Total Viewed From Three Angles

Editors' note:
Today's total of consumer credit worries many economists and government officials. People are buying more things on the cuff than ever in history. In the first of three articles, Sam Dawson, AP business news analyst, reviews this highly controversial situation.

New York, Aug. 15 (AP)—The sudden hulabaloo over consumer credit—particularly over the growth of instalment debt—is causing many families today to take a second look at their budgets.

Some may find that the dollars they still owe on their new car are more than they could get for it in the market. Others may find that the lure of buying all their hearts desired—and hiding the sad news by putting it on the cuff—has got them beyond the family's income depth.

BUT MOST, by all accounts, will still be in the clear—and even able to take on a little more. The chances are, however, that credit rules may be tightened a little and lenders a little more curious about your financial prospects.

This is because, up at the level of the deep thinkers, the administration and the nation's bankers and the finance companies—and the merchants and manufacturers who have been building a sales pyramid on consumer credit — have been looking at the debt total, too. They view the problem from three angles:

1. The size of the debt. Many fear its record total and recent rapid rise is a danger to the nation's economy—although admittedly it has played a star role in making times look as good as they do.

2. The quality of the debt. Many fear that terms are being made too easy and credit is being extended to persons whose ability to repay is questionable, especially if the economy should get a jolt.

3. The new attitude toward debt. Many see a postwar generation coming along which looks on debt as the accepted way of living and never expects, nor wants, to be free of it.

Let's look first at the size and rapid rise of instalment debt—and also at the size and rise in personal incomes which back that debt.

AT THE END of 1939 Americans were carrying an instalment debt load of 4½ billion dollars; and the total of personal incomes after taxes was 70 billion a year. At the end of 1949 instalment debt had risen to 11½ billion, and disposable income to 187 billion.

By the middle of last year instalment debt had climbed to 21 billion and disposable income to 254 billion. This summer instalment credit spurted to 25 billion and disposable income to an estimated 269 billion.

AMERICANS NOW owe 455 per cent more because of their on-the-cuff buying than they did before World War 2, while their total annual income is 284 per cent higher. But that income is still more than 10 times the size of this particular form of debt.

Add in the other forms of consumer credit and the total of mortgage debt and the load that individuals are carrying mounts to 112 billion dollars—but their income after taxes is still almost 2½ times that sum.

THE ECONOMY, almost all agree, is able to carry that total of debt with ease—especially as long as times stay good and 65 million people hold their jobs.

What worries the administration apparently is the rapid rise this year in the debt and the fear that the rate of increase may continue to the danger point.

Consumer and mortgage debt together have increased 14 per cent in the last 12 months while the total of disposable income was increased by 6 per cent. The big jump was in auto instalment debt, which gained 24 per cent. Its record jump of more than one-half billion dollars in June sparked much of the recent worry. Americans now have 12½ billion dollars more to pay before their cars are all theirs.

THIS CLIMBING debt—both in mortgages and instalment purchases—has made possible the boom in retail sales, has kept factories humming and put people to work. Without credit business wouldn't be nearly as good today. Nor would the living standards of millions of American families.

The thing that frets the administration, however, is: At what point do we step across the line from good times to dangerous boom?

TOMORROW: How good is the quality of the debt—how many families are in trouble?

Two-State Car

Paeau, Okla. (AP)—Lorren L. Williams, a newspaper editor, had to buy two license plates for his car, owned jointly with his wife, who teaches school across the border at Mena, Ark. This means the Williams' home for school purposes is in Arkansas, but for ranch and retirement purposes, his home is listed in Oklahoma. Authorities in Arkansas ruled the Williams' car must have an Arkansas tag and Oklahoma officials say it must carry an Oklahoma tag. The family car now carries both—Arkansas for "her" and Oklahoma for "his."

ENLIST IN NAVY—According to an announcement by Roy A. Bell, chief gunner's mate of the local Navy Recruiting Station at the Post Office Building four Ulster county men enlisted in the U. S. Navy this week.

They are, Floyd Osterhoudt of Kingston; William Bejeck of Lake Katrine, Philip Alexander of Port Ewen and Charles Becker of Shandaken. They will undertake their recruit training at the Naval Training Station, Bainbridge, Md., where upon completion of their training they will receive a 14-day leave prior to their next duty assignment.

A/3c WILLIAM MOWER, son of Mr. and Mrs. Lewis Mower of Veteran, town of Saugerties, has entered the United States Air Force Technical Training School at Sheppard Air Force Base, located near Wichita Falls, Tex. He entered the air force on March 2, 1955.

A/2c WALTER SCHULDT JR., son of Mr. and Mrs. Walter Schuldt Sr. of Stone Ridge is currently spending a 30-day leave at the home of his parents before reporting to Parks AFB, Calif., for assignment overseas. Airman Schuldt recently completed the Control Tower Operator's Course at Keesler AFB, Miss. Actual experience in this type work will qualify him to become a certificated control tower operator after examination by the Civil Aeronautics Authority. Airman Schuldt entered the U. S. Air Force through the Kingston recruiting office in July 1954. He graduated from Kingston High School in 1951.

En route to Europe on the summer's second midshipman training cruise, is Bruce C. Bailer, son of Mr. and Mrs. Horace C. Bailer of Lakeview Terrace, Kingston. He is a sophomore at the University of Pennsylvania.

A/3c ARTHUR KAHRS, son of Mr. and Mrs. Russell Kahrs, 421 Wilbur avenue, is spending a 30-day leave at the home of his parents after completing the Communications Specialist School at Francis E. Warren AFB, Cheyenne, Wyo. Upon completions of leave, Airman Kahrs will report to Parks AFB, Calif., for processing and further assignment overseas. A former student at Kingston High School, Airman Kahrs enlisted in the air force through the local Air Force recruiting office in January 1955.

Police Scour Geneva For Missing Atom Part

Geneva, Aug. 15 (AP)—Police scoured Geneva today for a small piece of radioactive cobalt missing from the Atoms-for-Peace industrial exhibition in downtown Geneva.

The disappearance was disclosed last night when police warned that the material might injure anyone who kept it.

The cobalt had been exhibited by a French firm on an open stand where thousands viewed it along with other materials and equipment. It was a quarter of an inch thick, about the size of a postage stamp and was encased in a film of copper too prevent anyone touching its surface accidentally.

The French firm had been using it to demonstrate equipment it manufactures to measure radioactivity. An official of the firm said it might cause dangerous blood changes in anyone who carried it about for a long period.

MEMO TO A WIFE:

Have you recently looked at the man you married so many years ago, perhaps watched him affectionately as he wrestled with the family budget or your income tax return?

He's a little heavier than he was on your wedding day. There's not so much hair on the top of his head—and what there is has grayed.

Family responsibilities have lined his face (he calls it character!). And he has become so much more patient, and understanding, and cheerful, and ingenious!

Remember, last year on your wedding anniversary, when he was too extravagant with a gift?— and wore his old suit another year to pay for it? And when the college bills for the boy's first year started to accumulate—and he said, "Never mind, mother, we'll find a way to pay them, somehow!"—and he did, by a thousand little personal sacrifices that broke your heart?

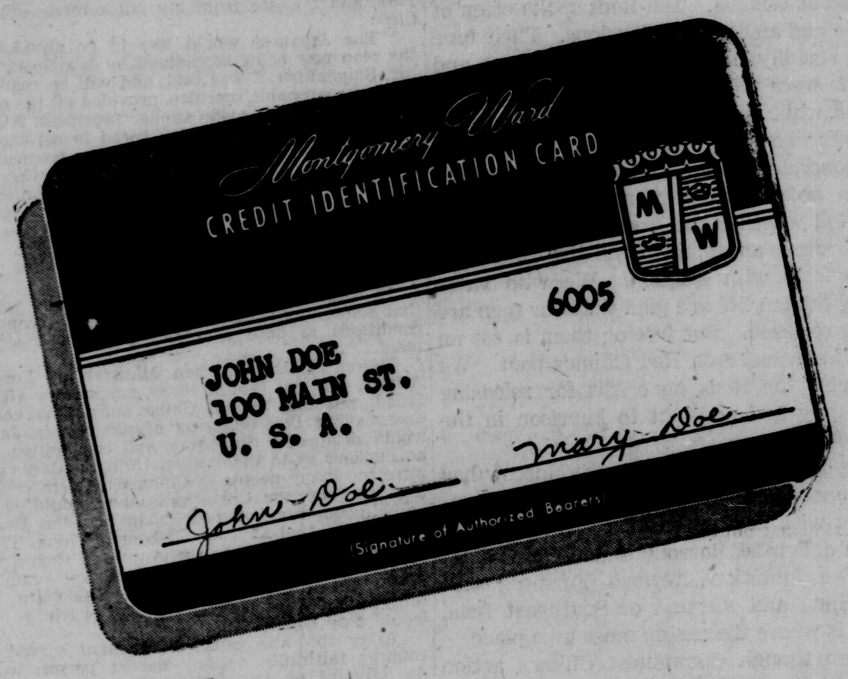

Have you wondered how to make it all up to him?

If he were to have his heart's desire, his first choice would be to eliminate winter's basement drudgery by installing an automatic heating plant. And he would pick carefree, economical oil heat, of course.

Your local oil heat dealer is not ordinarily a conspirator—but he would be delighted to help you in this case!

1. The size of the debt. Many fear its record total and recent rapid rise is a danger to the nation's economy—although admittedly it has played a star role in making times look as good as they do.

2. The quality of the debt. Many fear that terms are being made too easy and credit is being extended to persons whose ability to repay is questionable, especially if the economy should get a jolt.

3. The new attitude toward debt. Many see a postwar generation coming along which looks on debt as the accepted way of living and never expects, nor wants, to be free of it.

Let's look first at the size and rapid rise of instalment debt—and also at the size and rise in personal incomes which back that debt.

AT THE END of 1939 Americans were carrying an instalment debt load of 4½ billion dollars; and the total of personal incomes after taxes was 70 billion a year. At the end of 1949 instalment debt had risen to 11½ billion, and disposable income to 187 billion.

By the middle of last year instalment debt had climbed to 21 billion and disposable income to 254 billion. This summer instalment credit spurted to 25 billion and disposable income to an estimated 269 billion.

AMERICANS NOW owe 455 per cent more because of their on-the-cuff buying than they did before World War 2, while their total annual income is 284 per cent higher. But that income is still more than 10 times the size of this particular form of debt.

Add in the other forms of consumer credit and the total of mortgage debt and the load that individuals are carrying mounts to 112 billion dollars—but their income after taxes is still almost 2½ times that sum.

THE ECONOMY, almost all agree, is able to carry that total of debt with ease—especially as long as times stay good and 65 million people hold their jobs.

What worries the administration apparently is the rapid rise this year in the debt and the fear that the rate of increase may continue to the danger point.

Consumer and mortgage debt together have increased 14 per cent in the last 12 months while the total of disposable income was increased by 6 per cent. The big jump was in auto instalment debt, which gained 24 per cent. Its record jump of more than one-half billion dollars in June sparked much of the recent worry. Americans now have 12½ billion dollars more to pay before their cars are all theirs.

THIS CLIMBING debt—both in mortgages and instalment purchases—has made possible the boom in retail sales, has kept factories humming and put people to work. Without credit business wouldn't be nearly as good today. Nor would the living standards of millions of American families.

The thing that frets the administration, however, is: At what point do we step across the line from good times to dangerous boom?

TOMORROW: How good is the quality of the debt—how many families are in trouble?

Two-State Car

Paeau, Okla. (AP)—Lorren L. Williams, a newspaper editor, had to buy two license plates for his car, owned jointly with his wife, who teaches school across the border at Mena, Ark. This means the Williams' home for school purposes is in Arkansas, but for ranch and retirement purposes, his home is listed in Oklahoma. Authorities in Arkansas ruled the Williams' car must have an Arkansas tag and Oklahoma officials say it must carry an Oklahoma tag. The family car now carries both—Arkansas for "her" and Oklahoma for "his."

WILLIAM BEJECK

A/3c WILLIAM MOWER, son of Mr. and Mrs. Lewis Mower of Veteran, town of Saugerties, has entered the United States Air Force Technical Training School at Sheppard Air Force Base, located near Wichita Falls, Tex. He entered the air force on March 2, 1955.

A/2c WALTER SCHULDT JR., son of Mr. and Mrs. Walter Schuldt Sr. of Stone Ridge is currently spending a 30-day leave at the home of his parents before reporting to Parks AFB, Calif., for assignment overseas. Airman Schuldt recently completed the Control Tower Operator's Course at Keesler AFB, Miss. Actual experience in this type work will qualify him to become a certificated control tower operator after examination by the Civil Aeronautics Authority. Airman Schuldt entered the U. S. Air Force through the Kingston recruiting office in July 1954. He graduated from Kingston High School in 1951.

En route to Europe on the summer's second midshipman training cruise, is Bruce C. Bailer, son of Mr. and Mrs. Horace C. Bailer of Lakeview Terrace, Kingston. He is a sophomore at the University of Pennsylvania.

A/3c ARTHUR KAHRS, son of Mr. and Mrs. Russell Kahrs, 421 Wilbur avenue, is spending a 30-day leave at the home of his parents after completing the Communications Specialist School at Francis E. Warren AFB, Cheyenne, Wyo. Upon completions of leave, Airman Kahrs will report to Parks AFB, Calif., for processing and further assignment overseas. A former student at Kingston High School, Airman Kahrs enlisted in the air force through the local Air Force recruiting office in January 1955.

They are, Floyd Osterhoudt of Kingston; William Bejeck of Lake Katrine, Philip Alexander of Port Ewen and Charles Becker of Shandaken. They will undertake their recruit training at the Naval Training Station, Bainbridge, Md., where upon completion of their training they will receive a 14-day leave prior to their next duty assignment.

Police Scour Geneva For Missing Atom Part

Geneva, Aug. 15 (AP)—Police scoured Geneva today for a small piece of radioactive cobalt missing from the Atoms-for-Peace industrial exhibition in downtown Geneva.

The disappearance was disclosed last night when police warned that the material might injure anyone who kept it.

The cobalt had been exhibited by a French firm on an open stand where thousands viewed it along with other materials and equipment. It was a quarter of an inch thick, about the size of a postage stamp and was encased in a film of copper too prevent anyone touching its surface accidentally.

The French firm had been using it to demonstrate equipment it manufactures to measure radioactivity. An official of the firm said it might cause dangerous blood changes in anyone who carried it about for a long period.

MEMO TO A WIFE:

Have you recently looked at the man you married so many years ago, perhaps watched him affectionately as he wrestled with the family budget or your income tax return?

He's a little heavier than he was on your wedding day. There's not so much hair on the top of his head—and what there is has grayed.

Family responsibilities have lined his face (he calls it character!). And he has become so much more patient, and understanding, and cheerful, and ingenious!

Remember, last year on your wedding anniversary, when he was too extravagant with a gift?— and wore his old suit another year to pay for it? And when the college bills for the boy's first year started to accumulate—and he said, "Never mind, mother, we'll find a way to pay them, somehow!"—and he did, by a thousand little personal sacrifices that broke your heart?

Have you wondered how to make it all up to him?

If he were to have his heart's desire, his first choice would be to eliminate winter's basement drudgery by installing an automatic heating plant. And he would pick carefree, economical oil heat, of course.

Your local oil heat dealer is not ordinarily a conspirator—but he would be delighted to help you in this case!

MORE OF THE SWEET MELODY

As was true when Red China released the first four wrongfully imprisoned American fliers, the nation now breathes thankful relief that the other 11 are freed.

Communist motives in these matters must necessarily be secondary, but they are not unimportant.

The best informed guesses of our experts suggest that the move, like any the Chinese may make affecting U. S. civilian prisoners, is part of the new "mood music" Communists everywhere are playing.

The music was most elaborately orchestrated at Geneva. The Reds spoke often of peace and an easing of tensions. Their tone was steadily civil. The usual sneers and snarls were missing.

But while the Communist attitude seemed to offer some encouragement, there were no concrete deeds. The promise has been given no substance. Only future parleys will tell whether the Russians seriously intend doing anything to end the Cold War.

So it is with Peiping. We who value every human life are glad that our men are being released. But freeing them is not an act of substance on Red China's part. We can give the Reds no credit for releasing men they had no right to imprison in the first place.

Peiping has the same chance Moscow has to demonstrate that it is sincerely concerned with easing tensions. The heart of Asian difficulties surrounds Red China's aggressive ambitions toward Formosa and Indochina and the rest of Southeast Asia. That is where the easing must take place.

Even though Communist China's action had results most satisfying to us, the Reds did not use either honest or polite language in announcing the move.

This could mean Peiping is cockier and in less conciliatory mood than Moscow. Or it could mean this younger Red regime is marked by brash bad manners and is not wholly capable of the diplomatic civilities.

It should not be too long before we find out communism's real intentions in this most determined "peace" drive of the post-war era. The free world is looking anxiously for signs of real substance. The Reds must soon show what they have to deliver.

ATOMIC DILEMMA

Words of promise, hope and warning have been intermingled at the international gathering of nuclear scientists in Geneva. Mankind must work toward realization of the promise, but in the process the warnings must not be forgotten.

Some of the words of promise were spoken on behalf of President Eisenhower. In his message to the assembled scientists he said that "atomic science is the newest and the most promising tool" for fighting disease, ignorance and the lack of economic opportunity which "are the dark breeding places of disorders and wars."

A leading scientist from India, Homi J. Bhabha, also spoke of good things to come through atomic science. He even predicted that within 20 years or so man may learn how to control hydrogen fusion, source of the terrible H-bomb. That, he said, would solve our energy problems virtually forever.

Yet Bhabha warned that atomic power on a big scale would be dangerous without a world society "in which the major states have agreed to maintain peace." And President Eisenhower implied further warning when he renewed this country's pledge to help make sure that man's inventiveness "shall not be dedicated to his death, but consecrated to his life."

That is the dilemma of the human race as it stands at mid-century.

Owners of motels are said to be worried about the new Ohio turnpike before it is opened. They think all travelers will be going that way and leaving the motels on the old highways to rust and decay. If experience with numbers of people taking vacations is any standard to judge by, the motel folks need not be worried. They'll probably be adding units in the back yard year after next.

'These Days'

By GEORGE SOKOLSKY

SHIGEMITSU

The news that Mamoru Shigemitsu, Minister of Foreign Affairs of Japan, is coming to the United States, is, indeed, welcome because Shigemitsu was a good friend of the United States long before it was profitable and for it, he got a very dirty deal.

Of Shigemitsu's attitude toward this country in the 1920's, Herbert Elliston, formerly editor of "The Washington Post," and I probably are the best informed. We both had much to do with him when he and we were young men and when he was not very important, to say nothing about us. Actually, Herbert Elliston and J. B. Powell, the martyred American journalist, were not over-friendly to Japan during part of this period and Powell hated the Japanese with a fervor of which I am incapable as I believe Elliston is.

Yet when, under Russian pressure, Shigemitsu was tried as a war criminal, Powell, in a wheel chair and dying from the harsh treatment he suffered at Japanese hands, went to Japan to testify in Shigemitsu's favor. I was told that an affidavit would be sufficient. At any rate, I swore to an affidavit giving the full facts of my relations to Shigemitsu and setting forth the reasons why he must be regarded as one who at great risk displayed his friendship for both the United States and China. I have never seen Elliston's affidavit but I believe it was similar to mine, only stronger.

Our affidavits were thrown out, the Russian judges insisting upon personal appearances. Shigemitsu went to prison as a war criminal only because the Russians hated him.

I quote from what I wrote in 1933 in "The Tinder Box of Asia":

". . . Mamoru Shigemitsu, was Councillor of the Japanese Legation, young, ambitious, frank, with a keen sense of humour and a sociability altogether unlike the frigid formality of most Japanese diplomats. Baron Shidehara entrusted to him the conduct of Japan's China policy. Baron Shidehara, while he was acting Premier, gave Shigemitsu a fairly free hand. Between him and T. V. Soong grew up a delightful and important personal friendship. They worked together on many questions and helped each other. For a historical moment it appeared that China and Japan were on the verge of a successful termination of a feud which had commenced with the Twenty-one Demands in 1915 and had continued through all the political changes in both countries."

I was in Japan between March 10 and 17, 1931, and I quote from my notes made at that time:

"The Japanese would like to go ahead with the plan now being considered by Mr. Soong and Mr. Shigemitsu, I was told, and will be ready to make a reasonable sacrifice, provided all the other creditor countries made similar sacrifices. At any rate they were anxious for speed in settlement, as they believed that speed involved a tremendous advantage to the Chinese government, while, at the same time, it would close this question in Japanese political and financial circles and engender a better atmosphere. The opinion was expressed by persons in authority in Tokyo that Japan would place no obstructions in the path of the Nanking government.

"I was informed in Tokyo that it was urgent that something should be done, because economic conditions in both countries required a settlement. . . ."

Baron Shidehara, then Minister of Foreign Affairs, told me that if these conciliatory efforts failed, not only would China suffer the consequences but that 80 years of progress in Japan would disappear. Shidehara and Shigemitsu had no illusions as to the danger. Unfortunately there were too many people in China who were certain that war between China and Japan would eventually mean war between Japan and the United States, and that that would benefit China. There were also those in Japan who wanted such a war because they believed that Japan was ready to defeat the United States. Both Shidehara and Shigemitsu were convinced that such a war would only benefit Russia.

After the war came, Shigemitsu served his country faithfully as any decent person would do. Millions of Americans were opposed to our participation in World War 2, but when it came, they not only served valiantly and wholeheartedly, but many of them gave their lives in a cause in which they did not believe. That is the acme of patriotism. For that, we should honor Shigemitsu as a symbol of patriotism and loyalty.

That Body of Yours

DRUG ERUPTIONS IN OLDER PATIENTS

Drug eruptions are seen rather frequently in people over 50, perhaps because many of them require medicine or because they have acquired the habit of taking drugs. Also, the skin in older persons undergoes many changes. It becomes drier, thinner, and rougher with more of a tendency to scaling and persistent itching which is more resistant to treatment in older than in younger skins.

A drug eruption is any eruption which is produced by a drug whether it reaches the skin by direct application or by mouth, by injection, or by inhaling. Drug eruptions are varied in their appearance and can mimic almost any known variety of skin disease. Their appearance usually cannot help the physician to identify the particular drug which has caused the eruption since many drugs produce the same type of eruption in the same person on different occasions.

In searching for the cause of an eruption, any "new" drugs or combination of drugs should be suspected. On the other hand "old" drugs which may have been taken regularly for months or even years may suddenly cause an eruption for reasons which we still do not know. A painstaking history and a highly developed sense of suspicion are vital in locating the causes of drug eruptions. Rather than ask, Do you take any drugs?" the questions more likely to draw forth the desired information are: "What do you take to help you sleep?" "Which laxatives and physics?" "What headache medicines?" "Cold tablets? aspirin? nerve medicine? effervescent drinks? tonics, and so on?" "Have you consulted a physician or dentist recently? What did he prescribe for you or use on you?" "When was the last time you took any medicine?"

Once the field has narrowed down, the avoidance of the drug will be followed by clearing of the skin in most cases and ceasing of the itching which may be the only symptom aside from the eruption. In acute cases this may happen within a few days but certain drug eruptions, especially those associated with chronic skin changes, may linger for months in spite of withdrawal of the drug.

What about those cases where it is not possible to cease using the drug, such as a person who reacts to insulin which he must have for his diabetes. In such cases, one should try to change to a different type of insulin. In cases of eruption due to a laxative containing phenolphthalein, we could substitute cascara, saline laxatives, senna, or milk of magnesia.

"We must remember that good detective work, although usually time-consuming, is often necessary to obtain a complete drug history. The reward is well worth the effort when the patient is finally relieved of distressing and sometimes incapacitating eruptions.

"Now More Than Ever, Uncle!"

Edson's Washington News Notebook

Washington—(NEA)—Secretary of State John Foster Dulles is usually a fast mover through a big reception and he seldom eats much. But the other afternoon at an embassy party, his wife, who generally trails him around quietly, grabbed his coattails and forced him to try a goodie she discovered on the buffet table.

"John, you love avocado, and it's wonderful dipped into this hot sauce," she insisted. He reluctantly paused and tried it. "Good all right," he said. "If you've got a leather tongue."

A NATIONALLY KNOWN magazine not too long ago did a story on retired Army Chief of Staff Matthew Ridgway in which he was described as "Spartan Matthew Ridgway." Then they sent him a year's free subscription. The magazine comes all right, but always addressed to S. M. Ridgway.

REP. HENRY A. DIXON (R-Utah) and Rep. Sidney R. Yates (D-Ill.) are still having name troubles. "I am not the Yates of Dixon-Yates. Rep. Dixon isn't in the firm either," explains exasperated Yates. "But people still can't get it straight."

Yates reports that his secretary picked up the phone a couple of days ago and answered it as she always does: "This is Congressman Yates' office."

"I beg your pardon," gasped the voice at the other end of the line, "I was calling Congressman Dixon."

WITH THE EXCEPTION of Sen. Joseph McCarthy (R-Wis.), nearly every politician in Washington has gone out of the way to praise Sen. Walter George (D-Ga.). But punster Sen. Robert Kerr (D-Okla.) got in the last word when he said, "I guess the administration is learning something about leadership—by George!"

"I'LL HAVE a vodka and tonic," is now becoming the favorite cocktail request all over town, and it's not because the Russians have taken to smiling lately.

People are beginning to realize the stuff tastes as good if not better than gin and only costs a few cents more. But there's another more covert reason for the vodka fad.

Secretaries on Capitol Hill have been throwing down preluncheon vodka and tonics with bold enthusiasm. Why not? They say it never leaves an embarrassing odor on the breath that the boss might detect.

FOR THOSE WHO DRINK beer and like it, Israel's Military, Naval and Air Attache Katriel P. Salmon has something new. At two garden parties recently he offered guests a special beer brewed in Israel called "Abir." But the aroma it gave off left no question as to what was going on.

BEFORE U.S. AMBASSADOR to Czechoslovakia, U. A. Johnson, left for Geneva to talk with the Chinese Reds, close friends at the State Department kidded him about his natural qualifications for the task.

He was reminded of his first and middle names, Ural and Alexis, one being the same as the Russian mountains and the other a common Russian name. It was also pointed out that he graduated from Occidental College.

"Now we know why you were picked for the job," they told him, "despite the fact you're from Kansas."

THIS TORRID WASHINGTON summer has one advantage, anyway. With practically everyone out of town, it's possible to get a plate of food and a drink at a reception without being bruised and battered by the milling throng. That was the case at the swank farewell party Defense Secretary Charles Wilson threw for outgoing Deputy Secretary Bob Anderson.

The party was at the officers' club at the Industrial War College here, and Mrs. Wilson flew from her vacation home in Michigan to supervise it. And she did a super job. Hams, turkeys, roast beef, smoked fish from Michigan and scooped halves of watermelon filled with frosty melon balls, big bowls of caviar and trays of stuffed eggs.

Attorney General Herbert Brownell Jr., carrying a heaping plate of food patted his stomach and said, "This routine is why I've gained five pounds in the last few weeks."

FOR SOME REASON outgoing Anderson is being awfully cagy about what he'll be doing from now on. The inside report is that he has a hot business deal cooking in New York. There's also the reliable report that he has his eye on the Republican Vice Presidential nomination next year.

Democrats Set Up Plan To Select 1956 Nominee

By DAVID LAWRENCE

Washington, Aug. 15 — They used to handpick their presidential candidate in a "smoke-filled room" with a lot of political bosses sitting around in a Chicago hotel—at least the Republicans did it that way. But it's surprising now to see the Democrats handpicking their presidental candidate for 1956 in a luxurious estate near the shores of Lake Michigan with a group of political bosses — the Democratic governors of 26 states—sitting around.

Time was when the Democratic party orators proudly boasted that they were the party of the "peepul." But the "peepul" nowadays do not seem to have much to say about it. The so-called presidential-preference primary system, which was legislated largely through the effort of "progressives," seems to have been shunted aside in favor of the same old system—the selection of a candidate by the bigwigs of the party.

IT SO HAPPENS that former Governor Stevenson of Illinois was given the nomination in 1952 even though he didn't participate in the Democratic party primaries. He was "coy and reluctant" and almost had to be "drafted" for the nomination at the last minute. It was Senator Estes Kefauver of Tennessee—he of the coon-skin cap—who rode the primaries from coast to coast and piled up a lot of votes, derived in large part from his TV appearances in the guise of a vice crusader and chairman of a congressional investigating committee. Those were the days when the "liberals" didn't bring up "due process" or the bill of rights. They didn't mind one-man hearings then or brow-beating of witnesses or innuendoes or any of the things which lately have become the subject of so much concern because the sensitivities of "left wingers" now are involved.

The presidential-preference primaries, however, aren't going to play an influential part in picking the 1956 candidate of the Democratic party. The plan is for the principal candidates to agree among themselves. Thus, after a three-hour conference at Stevenson's palatial home outside of Chicago, Governor Harriman of New York says he will not run if the former Illinois governor wants to run. And Stevenson will not try unless he is sure to win the nomination—which depends on the assent of the big-city machines in the Democratic party, some of which are opposed to him, as, for example, Tammany in New York.

IT WAS Governor Shivers of Texas who poured cold water on the Stevenson candidacy by saying it wouldn't have the support of the south. Promptly Senator Neuberger of Oregon, Democrat, said this was because in 1952 Stevenson had refused to give Governor Shivers an endorsement of the so-called "tidelands oil give-away." Neuberger thought this refusal would prove an asset to Stevenson rather than a liability.

The Republicans, to be sure, may just possibly remind the electorate next time that the sum total of all the "give-aways" during the 20 years of Democratic rule was very big, and an itemized report might make some interesting campaign fireworks.

The conference of governors at Chicago, however, which brought about the political discussion last week of presidential candidates did assemble the very men who control most of the state machines in the Democratic party. Hence it is right, politically speaking, to pay attention to what they say. In fact, last November when so many Democratic governors were elected, it was jubilantly claimed by some Democratic spokesmen that the possession of this very political machinery — and the control of state appointments — would help the Democratic party to victory in 1956.

BUT THESE Democratic governors are only the "front men" for the real powers in the Democratic party. It's the bosses of the big labor union who pull the strings. Not many conventions ago, the wise and resourceful FDR told his lieutenants who were considering various persons for the vice-presidential nomination to "clear it with Sidney." This was a reference to CIO's Sidney Hillman. The clearance wasn't for loyalty or security reasons, as the term has come to be used nowadays—except perhaps in a metaphorical sense. It meant that a candidate, to be acceptable, must put loyalty to the labor-union doctrines above all else, even the party doctrine once proclaimed by Jefferson—"Equal rights for all, special privileges for none."

The labor unions, of course supply lots of money and workers to the Democratic party campaigns. So it's important that a presidential candidate shall have the endorsement not just of the governors of states but of the governors of the big labor unions of America. Presidential primaries are just window dressing. The trek is back to the middle ages of American politics — only it's the country estate now, rather than the "smoke filled hotel room," where the deals are made.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Geneva—Now I have been almost hounding you for several years with warnings that the unknown, distant, mysterious bureaucracy called the International Labor office was not "American." Our country provides more of its budget than any other nation and American bureaucrats dominate the great palace on the shore of Lake Geneva where some 700 employes of all degrees and of many nations pursue a pleasant career of fussy, supercilious and expensive uselessness.

The current general manager of this institution, which began as a subsidiary of Woodrow Wilson's League of Nations, is David A. Morse, who has made a career of bureaucracy, mostly in the Roosevelt-Truman regime. Morse has enormous gall. His personal publicity, written, printed and circulated at our expense in publications of the ILO, is immodest to absurdity. After all, you never heard of Morse. Although I am a professional in such matters, I have been only faintly aware of him. And he is, in fact, a fellow of boundless unimportance if you use achievement as a measure of importance.

Yet this Morse, now "director general of the International Labor Office," aggressively fought for reinstatement under our civil service of a member of the Roosevelt-Truman cult of parasites who thereafter threw down his sponsors and apologists by absconding to Czechoslovakia behind the Iron Curtain. This absconder's name is George Shaw Wheeler. He had been once a friend and associate of many Roosevelt-Truman bureaucrats, including, I am puzzled to have to say, Maj. Gen. Philip B. Fleming.

Phil was graduate manager of athletics at West Point, with the rank of major of engineers, when the Academy was putting on its "program" of football back in the 'twenties and early 'thirties. Phil ran the Passamaquoddy dam job for Roosevelt, which proved to be a political fiasco at great public expense. He served in nine different jobs under Harold Ickes and admitted afterward that Ickes had been an overbearing, humiliating taskmaster. He even went to Soviet Russia on a professional mission as a soldier and came back bedight, at last, in decorations and defending the Russians against non-appreciation by our people.

General Fleming said the Nazis had thrown many Russian civilians down abandoned mines and shoveled earth and rocks upon them. The Bolsheviks did that to Russian aristocrats many years earlier. And about 6,000 Polish officers, of General Eisenhower's potential army, were slaughtered by the Russians at Katyn and buried in common trenches. The verified testimony of American officers to that effect was stolen from Army Intelligence in the Pentagon soon after the war, destroyed and suppressed for years for the benefit of our Soviet enemy.

General Fleming is only one of many individuals who laid it on the line that George Shaw Wheeler was a good American. Fleming said, in a letter to Harry B. Mitchell, president of the Civil Service Commission, Oct. 26, 1945, that George Shaw Wheeler, then "on loan" to the Military Control group, Berlin, Germany, "was employed by me for two years when I was administrator of the wage and hour division of the Department of Labor." He, Fleming, on the basis of "intimate knowledge," was "convinced that his (Wheeler's) loyalty to our government is unquestionable." Fleming hoped that Wheeler would be cleared because, he said, "I believe him to be a good citizen." Roosevelt double-crossed Phil

MORE OF THE SWEET MELODY

As was true when Red China released the first four wrongfully imprisoned American fliers, the nation now breathes thankful relief that the other 11 are freed.

Communist motives in these matters must necessarily be secondary, but they are not unimportant.

The best informed guesses of our experts suggest that the move, like any the Chinese may make affecting U. S. civilian prisoners, is part of the new "mood music" Communists everywhere are playing.

The music was most elaborately orchestrated at Geneva. The Reds spoke often of peace and an easing of tensions. Their tone was steadily civil. The usual sneers and snarls were missing.

But while the Communist attitude seemed to offer some encouragement, there were no concrete deeds. The promise has been given no substance. Only future parleys will tell whether the Russians seriously intend doing anything to end the Cold War.

So it is with Peiping. We who value every human life are glad that our men are being released. But freeing them is not an act of substance on Red China's part. We can give the Reds no credit for releasing men they had no right to imprison in the first place.

Peiping has the same chance Moscow has to demonstrate that it is sincerely concerned with easing tensions. The heart of Asian difficulties surrounds Red China's aggressive ambitions toward Formosa and Indochina and the rest of Southeast Asia. That is where the easing must take place.

Even though Communist China's action had results most satisfying to us, the Reds did not use either honest or polite language in announcing the move.

This could mean Peiping is cockier and in less conciliatory mood than Moscow. Or it could mean this younger Red regime is marked by brash bad manners and is not wholly capable of the diplomatic civilities.

It should not be too long before we find out communism's real intentions in this most determined "peace" drive of the post-war era. The free world is looking anxiously for signs of real substance. The Reds must soon show what they have to deliver.

ATOMIC DILEMMA

Words of promise, hope and warning have been intermingled at the international gathering of nuclear scientists in Geneva. Mankind must work toward realization of the promise, but in the process the warnings must not be forgotten.

Some of the words of promise were spoken on behalf of President Eisenhower. In his message to the assembled scientists he said that "atomic science is the newest and the most promising tool" for fighting disease, ignorance and the lack of economic opportunity which "are the dark breeding places of disorders and wars."

A leading scientist from India, Homi J. Bhabha, also spoke of good things to come through atomic science. He even predicted that within 20 years or so man may learn how to control hydrogen fusion, source of the terrible H-bomb. That, he said, would solve our energy problems virtually forever.

Yet Bhabha warned that atomic power on a big scale would be dangerous without a world society "in which the major states have agreed to maintain peace." And President Eisenhower implied further warning when he renewed this country's pledge to help make sure that man's inventiveness "shall not be dedicated to his death, but consecrated to his life."

That is the dilemma of the human race as it stands at mid-century.

Owners of motels are said to be worried about the new Ohio turnpike before it is opened. They think all travelers will be going that way and leaving the motels on the old highways to rust and decay. If experience with numbers of people taking vacations is any standard to judge by, the motel folks need not be worried. They'll probably be adding units in the back yard year after next.

SHIGEMITSU

The news that Mamoru Shigemitsu, Minister of Foreign Affairs of Japan, is coming to the United States, is, indeed, welcome because Shigemitsu was a good friend of the United States long before it was profitable and for it, he got a very dirty deal.

Of Shigemitsu's attitude toward this country in the 1920's, Herbert Elliston, formerly editor of "The Washington Post," and I probably are the best informed. We both had much to do with him when he and we were young men and when he was not very important, to say nothing about us. Actually, Herbert Elliston and J. B. Powell, the martyred American journalist, were not over-friendly to Japan during part of this period and Powell hated the Japanese with a fervor of which I am incapable as I believe Elliston is.

Yet when, under Russian pressure, Shigemitsu was tried as a war criminal, Powell, in a wheel chair and dying from the harsh treatment he suffered at Japanese hands, went to Japan to testify in Shigemitsu's favor. I was told that an affidavit would be sufficient. At any rate, I swore to an affidavit giving the full facts of my relations to Shigemitsu and setting forth the reasons why he must be regarded as one who at great risk displayed his friendship for both the United States and China. I have never seen Elliston's affidavit but I believe it was similar to mine, only stronger.

Our affidavits were thrown out, the Russian judges insisting upon personal appearances. Shigemitsu went to prison as a war criminal only because the Russians hated him.

I quote from what I wrote in 1933 in "The Tinder Box of Asia":

". . . Mamoru Shigemitsu, was Councillor of the Japanese Legation, young, ambitious, frank, with a keen sense of humour and a sociability altogether unlike the frigid formality of most Japanese diplomats. Baron Shidehara entrusted to him the conduct of Japan's China policy. Baron Shidehara, while he was acting Premier, gave Shigemitsu a fairly free hand. Between him and T. V. Soong grew up a delightful and important personal friendship. They worked together on many questions and helped each other. For a historical moment it appeared that China and Japan were on the verge of a successful termination of a feud which had commenced with the Twenty-one Demands in 1915 and had continued through all the political changes in both countries."

I was in Japan between March 10 and 17, 1931, and I quote from my notes made at that time:

"The Japanese would like to go ahead with the plan now being considered by Mr. Soong and Mr. Shigemitsu, I was told, and will be ready to make a reasonable sacrifice, provided all the other creditor countries made similar sacrifices. At any rate they were anxious for speed in settlement, as they believed that speed involved a tremendous advantage to the Chinese government, while, at the same time, it would close this question in Japanese political and financial circles and engender a better atmosphere. The opinion was expressed by persons in authority in Tokyo that Japan would place no obstructions in the path of the Nanking government.

"I was informed in Tokyo that it was urgent that something should be done, because economic conditions in both countries required a settlement. . . ."

Baron Shidehara, then Minister of Foreign Affairs, told me that if these conciliatory efforts failed, not only would China suffer the consequences but that 80 years of progress in Japan would disappear. Shidehara and Shigemitsu had no illusions as to the danger. Unfortunately there were too many people in China who were certain that war between China and Japan would eventually mean war between Japan and the United States, and that that would benefit China. There were also those in Japan who wanted such a war because they believed that Japan was ready to defeat the United States. Both Shidehara and Shigemitsu were convinced that such a war would only benefit Russia.

After the war came, Shigemitsu served his country faithfully as any decent person would do. Millions of Americans were opposed to our participation in World War 2, but when it came, they not only served valiantly and wholeheartedly, but many of them gave their lives in a cause in which they did not believe. That is the acme of patriotism. For that, we should honor Shigemitsu as a symbol of patriotism and loyalty.

That Body of Yours

DRUG ERUPTIONS IN OLDER PATIENTS

Drug eruptions are seen rather frequently in people over 50, perhaps because many of them require medicine or because they have acquired the habit of taking drugs. Also, the skin in older persons undergoes many changes. It becomes drier, thinner, and rougher with more of a tendency to scaling and persistent itching which is more resistant to treatment in older than in younger skins.

A drug eruption is any eruption which is produced by a drug whether it reaches the skin by direct application or by mouth, by injection, or by inhaling. Drug eruptions are varied in their appearance and can mimic almost any known variety of skin disease. Their appearance usually cannot help the physician to identify the particular drug which has caused the eruption since many drugs produce the same type of eruption in the same person on different occasions.

In searching for the cause of an eruption, any "new" drugs or combination of drugs should be suspected. On the other hand "old" drugs which may have been taken regularly for months or even years may suddenly cause an eruption for reasons which we still do not know. A painstaking history and a highly developed sense of suspicion are vital in locating the causes of drug eruptions. Rather than ask, Do you take any drugs?" the questions more likely to draw forth the desired information are: "What do you take to help you sleep?" "Which laxatives and physics?" "What headache medicines?" "Cold tablets? aspirin? nerve medicine? effervescent drinks? tonics, and so on?" "Have you consulted a physician or dentist recently? What did he prescribe for you or use on you?" "When was the last time you took any medicine?"

Once the field has narrowed down, the avoidance of the drug will be followed by clearing of the skin in most cases and ceasing of the itching which may be the only symptom aside from the eruption. In acute cases this may happen within a few days but certain drug eruptions, especially those associated with chronic skin changes, may linger for months in spite of withdrawal of the drug.

What about those cases where it is not possible to cease using the drug, such as a person who reacts to insulin which he must have for his diabetes. In such cases, one should try to change to a different type of insulin. In cases of eruption due to a laxative containing phenolphthalein, we could substitute cascara, saline laxatives, senna, or milk of magnesia.

"We must remember that good detective work, although usually time-consuming, is often necessary to obtain a complete drug history. The reward is well worth the effort when the patient is finally relieved of distressing and sometimes incapacitating eruptions.

"Now More Than Ever, Uncle!"

Edson's Washington News Notebook

Washington—(NEA)—Secretary of State John Foster Dulles is usually a fast mover through a big reception and he seldom eats much. But the other afternoon at an embassy party, his wife, who generally trails him around quietly, grabbed his coattails and forced him to try a goodie she discovered on the buffet table.

"John, you love avocado, and it's wonderful dipped into this hot sauce," she insisted. He reluctantly paused and tried it. "Good all right," he said. "If you've got a leather tongue."

A NATIONALLY KNOWN magazine not too long ago did a story on retired Army Chief of Staff Matthew Ridgway in which he was described as "Spartan Matthew Ridgway." Then they sent him a year's free subscription. The magazine comes all right, but always addressed to S. M. Ridgway.

REP. HENRY A. DIXON (R-Utah) and Rep. Sidney R. Yates (D-Ill.) are still having name troubles. "I am not the Yates of Dixon-Yates. Rep. Dixon isn't in the firm either," explains exasperated Yates. "But people still can't get it straight."

Yates reports that his secretary picked up the phone a couple of days ago and answered it as she always does: "This is Congressman Yates' office."

"I beg your pardon," gasped the voice at the other end of the line, "I was calling Congressman Dixon."

WITH THE EXCEPTION of Sen. Joseph McCarthy (R-Wis.), nearly every politician in Washington has gone out of the way to praise Sen. Walter George (D-Ga.). But punster Sen. Robert Kerr (D-Okla.) got in the last word when he said, "I guess the administration is learning something about leadership—by George!"

"I'LL HAVE a vodka and tonic," is now becoming the favorite cocktail request all over town, and it's not because the Russians have taken to smiling lately.

People are beginning to realize the stuff tastes as good if not better than gin and only costs a few cents more. But there's another more covert reason for the vodka fad.

Secretaries on Capitol Hill have been throwing down preluncheon vodka and tonics with bold enthusiasm. Why not? They say it never leaves an embarrassing odor on the breath that the boss might detect.

FOR THOSE WHO DRINK beer and like it, Israel's Military, Naval and Air Attache Katriel P. Salmon has something new. At two garden parties recently he offered guests a special beer brewed in Israel called "Abir." But the aroma it gave off left no question as to what was going on.

BEFORE U.S. AMBASSADOR to Czechoslovakia, U. A. Johnson, left for Geneva to talk with the Chinese Reds, close friends at the State Department kidded him about his natural qualifications for the task.

He was reminded of his first and middle names, Ural and Alexis, one being the same as the Russian mountains and the other a common Russian name. It was also pointed out that he graduated from Occidental College.

"Now we know why you were picked for the job," they told him, "despite the fact you're from Kansas."

THIS TORRID WASHINGTON summer has one advantage, anyway. With practically everyone out of town, it's possible to get a plate of food and a drink at a reception without being bruised and battered by the milling throng. That was the case at the swank farewell party Defense Secretary Charles Wilson threw for outgoing Deputy Secretary Bob Anderson.

The party was at the officers' club at the Industrial War College here, and Mrs. Wilson flew from her vacation home in Michigan to supervise it. And she did a super job. Hams, turkeys, roast beef, smoked fish from Michigan and scooped halves of watermelon filled with frosty melon balls, big bowls of caviar and trays of stuffed eggs.

Attorney General Herbert Brownell Jr., carrying a heaping plate of food patted his stomach and said, "This routine is why I've gained five pounds in the last few weeks."

FOR SOME REASON outgoing Anderson is being awfully cagy about what he'll be doing from now on. The inside report is that he has a hot business deal cooking in New York. There's also the reliable report that he has his eye on the Republican Vice Presidential nomination next year.

Democrats Set Up Plan To Select 1956 Nominee

By DAVID LAWRENCE

Washington, Aug. 15 — They used to handpick their presidential candidate in a "smoke-filled room" with a lot of political bosses sitting around in a Chicago hotel—at least the Republicans did it that way. But it's surprising now to see the Democrats handpicking their presidental candidate for 1956 in a luxurious estate near the shores of Lake Michigan with a group of political bosses — the Democratic governors of 26 states—sitting around.

Time was when the Democratic party orators proudly boasted that they were the party of the "peepul." But the "peepul" nowadays do not seem to have much to say about it. The so-called presidential-preference primary system, which was legislated largely through the effort of "progressives," seems to have been shunted aside in favor of the same old system—the selection of a candidate by the bigwigs of the party.

IT SO HAPPENS that former Governor Stevenson of Illinois was given the nomination in 1952 even though he didn't participate in the Democratic party primaries. He was "coy and reluctant" and almost had to be "drafted" for the nomination at the last minute. It was Senator Estes Kefauver of Tennessee—he of the coon-skin cap—who rode the primaries from coast to coast and piled up a lot of votes, derived in large part from his TV appearances in the guise of a vice crusader and chairman of a congressional investigating committee. Those were the days when the "liberals" didn't bring up "due process" or the bill of rights. They didn't mind one-man hearings then or brow-beating of witnesses or innuendoes or any of the things which lately have become the subject of so much concern because the sensitivities of "left wingers" now are involved.

The presidential-preference primaries, however, aren't going to play an influential part in picking the 1956 candidate of the Democratic party. The plan is for the principal candidates to agree among themselves. Thus, after a three-hour conference at Stevenson's palatial home outside of Chicago, Governor Harriman of New York says he will not run if the former Illinois governor wants to run. And Stevenson will not try unless he is sure to win the nomination—which depends on the assent of the big-city machines in the Democratic party, some of which are opposed to him, as, for example, Tammany in New York.

IT WAS Governor Shivers of Texas who poured cold water on the Stevenson candidacy by saying it wouldn't have the support of the south. Promptly Senator Neuberger of Oregon, Democrat, said this was because in 1952 Stevenson had refused to give Governor Shivers an endorsement of the so-called "tidelands oil give-away." Neuberger thought this refusal would prove an asset to Stevenson rather than a liability.

The Republicans, to be sure, may just possibly remind the electorate next time that the sum total of all the "give-aways" during the 20 years of Democratic rule was very big, and an itemized report might make some interesting campaign fireworks.

The conference of governors at Chicago, however, which brought about the political discussion last week of presidential candidates did assemble the very men who control most of the state machines in the Democratic party. Hence it is right, politically speaking, to pay attention to what they say. In fact, last November when so many Democratic governors were elected, it was jubilantly claimed by some Democratic spokesmen that the possession of this very political machinery — and the control of state appointments — would help the Democratic party to victory in 1956.

BUT THESE Democratic governors are only the "front men" for the real powers in the Democratic party. It's the bosses of the big labor union who pull the strings. Not many conventions ago, the wise and resourceful FDR told his lieutenants who were considering various persons for the vice-presidential nomination to "clear it with Sidney." This was a reference to CIO's Sidney Hillman. The clearance wasn't for loyalty or security reasons, as the term has come to be used nowadays—except perhaps in a metaphorical sense. It meant that a candidate, to be acceptable, must put loyalty to the labor-union doctrines above all else, even the party doctrine once proclaimed by Jefferson—"Equal rights for all, special privileges for none."

The labor unions, of course supply lots of money and workers to the Democratic party campaigns. So it's important that a presidential candidate shall have the endorsement not just of the governors of states but of the governors of the big labor unions of America. Presidential primaries are just window dressing. The trek is back to the middle ages of American politics — only it's the country estate now, rather than the "smoke filled hotel room," where the deals are made.

Fiancee of Ciano In Critical Condition

Naples, Italy, Aug. 15 (AP)—Police said today that the fiancee of Mussolini's grandson, Count Fabrizio Ciano, is in a critical condition after being found last night with her wrists slashed.

Friends of the couple said Ciano called on the woman, Nadia Haenni of Switzerland, with her two lawyers yesterday to break their engagement. The friends said he gave "incompatibility" as the reason for the rift.

Hospital records listed Miss Haenni's age as 30. Ciano is 25.

Police said the woman was found in her hotel room, her wrists cut by razor blades. They reported she rallied slightly during the night but was still unconscious.

Ciano, who is employed by a large industrial concern in Milan, met Miss Haenni on Capri last fall. They had planned a private wedding in Milan later this month.

The count is the son of Mussolini's daughter Edda and the late Count Galeazzo Ciano, Il Duce's foreign minister who was executed by the Fascists in 1944 for treason.

Jap Defense Chief Plans Advisory Group

Ise, Japan, Aug. 15 (AP) — Japan's defense chief said today he plans to establish soon an unofficial military advisory group composed of former imperial generals and admirals.

Shigemasa Sunada, here to worship at the Ise Grand shrine, said he also:

Will ask the next Diet (Parliament) to give Japan's self defense forces their old imperial title of "Kokubo-Gun" (national defense armed forces).

Will ask the Diet to raise the defense board to ministry status.

Is considering a program involving one-month to a year military training for high school and college graduates.

Do You Remember

By SOPHIE MILLER

Much has been written about the Ulster County Gazette by out-of-towners but I just ran across a local item written by Jay E. Klock in the early 1900's, which reads in part: In 1792 one William Copp started the Farmer's Register, but soon amandoned it for lack of patronage. Shortly afterward, plucking up fresh courage, he secured Samuel Freer as a partner and began publishing the "Rising Star," which also failed. Freer was considered wealthy in those days, and he had an ambitious son, Samuel S. Freer, "who was destined to be Ulster county's first editor of importance. In 1798, these two men founded the famous Ulster County Gazette, which continued until 1822. The elder Freer died a few years after the establishment of the paper, but the son carried on the enterprise until he had exhaused the family fortune, and retired to die in poverty." It seems in those days men did not enter the newspaper business to make money. Their motives were a yearning to see their thoughts in print, or advocate political or religious principles dear to their heart.

"The Ulster County Gazette was from first to last an organ of the Federal party. The younger Freer was one of the most vigorous writers of his day —so vigorous that he was fined upon one occasion for expressing his inmost sentiments regarding the Supreme Court. The first half of the week he spent in getting out his paper, and during the latter half he distributed it through Ulster county and adjoining counties, traveling on horseback and stopping wherever he had a chance to argue with anti-Federalists."

Although he fought valiantly for his cause, still it seems "he was extremely agreeable in business matters, as is shown by the fact that he delivered the out-of-town circulation of his rival, the Plebeian, along with his own, until both papers hired a post-rider in common." I wonder if he then realized one of his issues would live over 150 years. According to this item it says: "The issue of Freer's Gazette containing the news of the death of George Washington was carefully preserved by the subscribers, and copies, or at least reproductions thereof, may be found in every State of the Union. No other issue of an Ulster county paper has been duplicated by a later generation." This was written back in the early 1900's by Mr. Klock and now 50 years later the Gazette is still making headlines all over the country.

No doubt some lolks remember the old Kingston Daily Express at 73 Broadway, down in Rondout. It was established June 21, 1891, by Jesse M. Decker, Urban G. Edinger and Isaac T. Mesereau. In 1897, Mr. Mesereau sold his one-third interest to Louis M. Hoysradt, then it was run by Decker, Edinger and Hoysradt. In 1903 Mr. Hoysradt sold his interest to Floyd G. Edinger, son of Urban and again the names of the owners were changed. We youngsters used to watch The Express being printed. In its pressroom were electric motors, a steam engine, a double cylinder press and a Mergenthaler linotype machine. It also had a well equipped job printing plant. According to the author of the item, The Express was independent in politics. I remember when Arthur E. Fronefield was foreman of The Kingston Daily Express and lived at the time with his mother in Port Ewen. After The Express closed down he became insurance agent with Prudential Insurance Co.

Fascism and Communism hold that men are not personalities but cells in a great organism called the State. They have no rights, — just privileges given them by the State. The State controls all their business activities. Some top guy runs the State, and IS the State.

Mr. Hutton

"Render therefore unto Caesar the things which be Caesar's—." Get the idea, neighbor?

You and I have inalienable rights, — not privileges given by any Caesar, Hitler, Mussolini or bureaucrat in Washington. Europe was built on the State — America, on the individual, protected by the Bill of Rights.

The American is a man. Under Communism or Fascism, men are cattle—oxen, yoked to be driven.

The New Deal-Fair Deal drift was to extend the control of the State over everybody's business. That was the big idea.

The National Recovery Act, NRA — the Agricultural Adjustment Act, — were deals whereby the State was to be the senior partner in business. After a while, the Supreme Court said, NO.

The next step was to pack the Supreme Court so that the Constitution would no longer limit the power of Government.

The effort to create an all-powerful State is not over. It will be a big issue in 1956.

Neighbor, please send this to your Congressmen!

Prison Riot Is Halted 6 Hours After It Begins

Walla Walla, Wash., Aug. 15 (AP) — Guards armed with rifles and tear gas ended an inmate rebellion at the trouble-rocked state penitentiary early today six hours after it began.

Warden Lawrence Delmore Jr. said 10 officers seized as hostages in the second such uprising at the prison in six weeks were released unharmed.

There was no damage except for a few windows shattered by guards who fired tear gas into cellblocks to put down the riot, he said.

THE PRISONERS. released one officer-hostage shortly after the rioting broke out during the dinner hour with word that "all sorts of dire consequences" would follow if prison authorities did not meet prisoners' demands. The inmates had full control of the prison at the time, the warden said.

But after guards had retaken the prison wing by wing, the rebelling convicts agreed to release the other hostages. No promises were made, Delmore said.

He released this statement after the guards regained control of the prison:

"At approximately 6:55 p. m. Aug. 14 while feeding the evening meal, a group of approximately 12 inmates took nine officer hostages. They rushed them back to the steward's office where they were held hostage.

"OUR ALERT was sounded and riot procedures placed in operation. We secured the walls, then individually secured each cellhouse.

"The dining room was then entered and we moved the kitchen help who were not involved, to their cells.

"The rioters were cornered in the steward's office. They were reached by telephone, made aware of their situation.

"After a half hour's conference among themselves, they agreed to surrender, agreeing that it was foolish to have the hostages.

"No promises were made except that they would be returned to their cells and interviewed individually in the morning.

"The reason given was that they were seeking transfer.

"AT THE OUTSET, they attempted to release the inmates recently returned from Yakima, Gas was used to disperse them. Cellhouse No. 2 was secured first, then eight, six, four, five and seven in the order named.

'No officer was injured, nor any inmates. All inmates participating were secured at 12:15 a. m. The officer-hostages were sent home as soon as statements were obtained."

First word that rioting had ended came from Dr. Thomas A. Harris, state director of institutions, at the state capital at Olympia.

DELMORE SAID the 12 convicts who seized the hostages were the only ones involved, although at one time almost the entire prison population was loose inside the walls.

When the riot alert sounded guards sealed off the dining room, then moved in on each wing, locking prisoners in their cells.

The 12 rebelling convicts, meanwhile, took the hostages at knife point to a storeroom above the dining room and locked themselves in. One lieutenant of the guards managed to get away from the men when they took him to the control room. Three other prison guards were locked in prison cells at the start of the trouble and were found unharmed when the rioting ended.

AS THE RIOT started the convicts tried first to reach a segregation wing, locking 15 prisoners, who prison officials said were leaders of a July 5 rebellion, are held. But guards used tear gas to drive them back.

The 15, returned here Friday from Yakima where they had been held since the July uprising, were not involved in the new trouble, the warden said.

Hostages also were seized in the July 5 rebellion but were released after state officials agreed to some convict demands, including a request for prison reforms and discharge of some personnel.

Dr. Thomas A. Harris, state director of institutions, who took part in that conference, kept abreast of developments in last night's rioting from his office at Olympia. He made tentative plans to fly here today.

Delmore said one of the prisoners' demands was for another conference with Harris.

Korean Newsmen Are Suspected as Reds

Seoul, Aug. 15 (AP)—Metropolitan police today arrested two Korean newspapermen on suspicion of having connections with a Communist spy ring and violating the national security law.

The two were identified as Oh Yo Han, 38, assistant editor of the Orient press, and Shim Hyung Taik, 48, of the Kukje Press.

Orient Press, which declined to comment, is one of Korea's largest news agencies. Kukje Press is a small Pusan newspaper.

Police said Shim is suspected of acting as a North Korean intelligence agent nine years ago, and of participating in a Chinese Communist spy ring in late June, 1950.

They said Oh was planning to go to Japan to set up spy activities and link his operation with Shim, who was to remain in Seoul.

Fleming. He never made chief of engineers.

But Morse really did go down the line for Wheeler. Morse first qualified himself as a character-witness by stating that, among other big jobs, he had been general counsel of the Labor Relations Board, in the days of the old Wagner Act, before Taft-Hartley. Through much of the era of the Wagner Act, the Labor Relations Board was rotten with Communist traitors planted there by known proteges of Felix Frankfurter. The plain policy of the Labor Board Reds was to destroy American capitalistic economy and throw the nation into bloody revolution.

Morse wrote that he wanted to indorse Wheeler as a man of high integrity and unquestioned loyalty.

"My observation of his work and habits has been close and careful," Morse said, "and his continuation in his present post" (chief, Denazification Branch, U. S. Group Control Council, Germany) was, in his opinion, "of the utmost importance to our national interest."

There is much more chapter and verse which will have to wait over a day or two.

Congressman Fred Busbey, of Chicago, a Republican patriot whose loyalty was rewarded with defeat last year, on May 17, 1954, on the floor of the House, said, "everyone knows that a couple of years ago, he (Wheeler) and his wife voluntarily went behind the Iron Curtain to join the Communists." There are abundant other references to this in many congressional proceedings.

Busbey then recounted that on April 25, in a dispatch from Geneva, the New York Times reported that Morse "denied any responsibility" for his indorsement of Wheeler. The Times said Morse explained "that he could only recall that he had testified." There was a suggestion that he knew Wheeler only vaguely and did not recall his actual endorsement.

I will have much more information about the ILO and Morse, the reigning hicogalorum of this extravagant, pretentious and futile agency of world socialism on the bonny, bonny banks of Geneva.

Norwegian Motorship Blast Kills 2 of Crew

San Francisco, Aug. 15 (AP)—The explosion torn Norwegian motorship Tancred docked here yesterday with two men dead and four seriously burned, one so badly he may not survive.

The injured men were rushed to the U. S. Public Health Service Hospital. Today three still were on the critical list.

An engineroom blast killed Kjell Pettersen, 21, oiler from Fredrikstad, Norway, and Anders Lund, 17, engine boy from South Trondelag, making his first voyage.

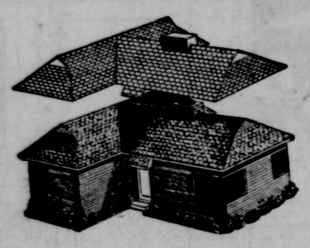

Most seriously burned was engineer Anders Tufteland of Norheimsund, Hardanger. A public health service physician said Tufteland appeared to be "sinking."

The 55-year-old engineer had only 12 more days at sea before retiring.

He had expected to take the Tancred to New York and then fly back to Norway, where his daughter was married Saturday.

The Bonfire Picture

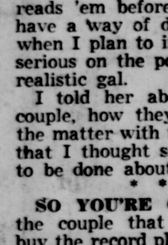

By FRANK TRIPP

She had a baby in her arms. He had a boy by the hand. They were looking in the window of a music store. I stopped a little longer to eavesdrop on their earnest conversation.

"I could save a little on the table," she said.

"I know, but that costs too much money—for us," he replied.

They were talking about a record player that had a tag "49.95" on it. She continued: "That scratchy thing we have just ruins those albums that you like. You love good music so much that I'd be glad to sacrifice something."

"Well, maybe I could cut some corners too. If only I was sure that I won't get laid off." He was weakening.

By this process, a struggling young couple decided they could eat less, wear less, have less of other things and would buy their heart's desire—a record player that would give them the good music which they craved.

I could have made some suggestions, but it was none of my business. Neither did the children have a chance to protest that they weren't getting any too much of the kind of food they needed. Or mightn't they have piped up, "We like good music too"? Who knows?

* * *

AS I MOVED down the street I pondered, "there's a column." I went home and ground out a weighty document about the weakness of people who part with their money for luxuries when they need it for necessities.

It started out just like this column but at about this point it plunged into advice to folks who buy things they can't afford.

On rereading I pegged it as something that maybe I should mention to Fanny. She seldom reads 'em before you do, but I have a way of drawing her out when I plan to inflict something serious on the populace. She's a realistic gal.

I told her about this young couple, how they reflect what's the matter with the country and that I thought something ought to be done about it.

* * *

SO YOU'RE GOING to tell the couple that they shouldn't buy the record player, are you?" she asked.

"Well, not exactly that," I said, "just emphasize the point that they might better buy meat."

"You'd better not," she said. "Remember the bonfire picture that you bought when we lived in an attic."

It's one she tells on me too frequently for my comfort. We were living three flights up, under the roof of a flat, so hot in summer that we had to put splints on the candles on the mantel.

That week's food budget was down to two lamb chops for supper; not even two, unless I trudged over to Live-and-Let-Live Connelly's to buy 'em. Then the budget would be empty.

I started for the magnanimous Mr. Connelly's food emporium and passed Howe's Art Store on the way. That's why Fanny said, "remember the bonfire picture."

Just like the couple looked at the record player, I looked at a picture of a bonfire on a beach. I never could resist things done in red—till came communism.

* * *

THIS BONFIRE was the brightest, most glorious red I've ever seen. Lamb chops and hunger, even the depleted state of our exchequer, fled from my feeble mind.

I went in and bought the picture, took it home to Fanny who was waiting for the chops.

"Isn't it a beauty!" I exclaimed.

"Simply gorgeous," said Fanny. "Sit down and eat it."

That night I ate bread and milk, with no regrets, the bonfire propped up before me.

When I remembered how badly I wanted the cheap chromo I was full of sympathy, rather than guidance, for the young couple.

So I tore up my advice to spendthrifts and wrote what you've just read.

That bonfire picture hangs on my workshop wall to this day.

NUCLEAR POWER

Nuclear power interests millions of investors. The atomic world stirs the imagination of people to a degree unprecedented in my experience. The future of atomic energy is fabulous.

Nuclear powered submarines have proved their usefulness to the extent that the United States government has ordered several of them. In the not-too-distant future one will see atomic powered planes circling the earth at unbelievable speed.

Several leading utility companies like Consolidated Edison of New York and Commonwealth Edison of Chicago are about to construct atomic power plants. What will the decades from 1955-2005 see in the fields of power and light and heat through this energy? It will be breath-taking.

Most investors want to get some dollars into this promising field. It represents great growth and hence it carries risk.

THE TWO MAIN fields of investment are (1) with those enterprises engaged in activities helpful in harnessing this power and (2) with the corporations furnishing the basic fuel for nuclear energy.

I think most investors should place their risk capital in established businesses where development losses will not jeopardize earnings and dividends. Such corporations as General Electric and Westinghouse Electric are thoroughly conversant with the problems arising from design and construction of nuclear power plants.

Babcock and Wilcox; and Combustion Engineering; are organizations with departments able to handle atomic energy matters.

I should say again that the common stocks of these companies carry risk. Only those investors who can afford to assume such risk to get growth should buy them.

Now what about the source of nuclear energy? The basic fuel for such energy is uranium. That is why—as I pointed out in a recent article—the securities markets are flooded with promotional uranium. Tall tales are told by stock sales men about the future of uranium. The truth is that today uranium is indispensable in the nuclear energy field.

But uranium investors should stick to those established corporations that can carry on promotional activities without weakening their economic positions.

Among the leading American enterprises that are busy in the uranium field are Anaconda Copper; Vanadium; and Homestake Mining. The shares of these companies carry risk but if one earnestly desires to buy a uranium stock, it is better to buy these shares. Those selling for a few cents or a few dollars less are laden with risk.

Thorium and lithium are two possible sources of future nuclear power. Lindsay Chemical is a leading thorium producer. Foote Mineral is prominent in lithium.

* * *

I write this article as sort of an open letter to those hundreds of readers of this column who have asked me to say something here about atomic power and its future in the investment world.

In 1955, nuclear power of itself is not a profitable investment. But when an investor buys into companies like the ones mentioned here, he can participate in a growth industry without taking undue risk.

* * *

THE FORUM—(Q) "I have large profits in speculative industrial stocks. If I were to take profits (as I feel like doing), where could I invest the money in non-inflationary securities?"

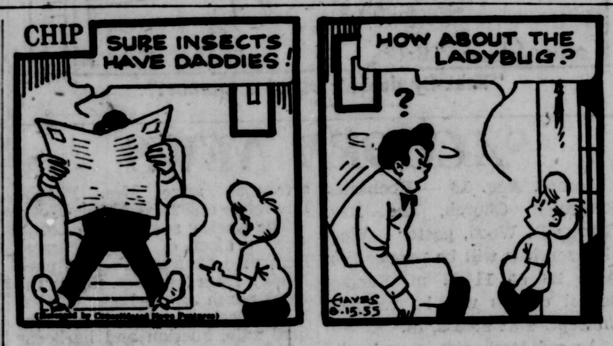

(A) Take profits. Set aside capital gains taxes. Split what is left in two parts and buy sound utility and bank stocks.

ELLENVILLE NEWS

Ellenville, Aug. 13—The Society of Friends held their annual meeting, Sunday morning, Aug. 7, at the meeting house at Grahamsville. The speakers were John Brush, of New Brunswick, N. J., the Rev. William Coombes of Ellenville and the Rev. Howard P. West of Grahamsville.

A regular meeting of the Daughters of the Union (1861-65) was held Aug. 6, at the home of Mrs. Anna Stangel. Dessert was served at 1 p. m. followed by a prayer by the chaplain, salute to the flag and roll call. Miss Marion Rose thanked the members for sending her as a delegate to the New York State Convention and presented an interesting account.

Miss Cassie Porter, who is ninety years old, is the Union's only honorary member. A card which all signed was sent to her. Mrs. Ernest Sherman, regent, appointed Miss Nellie Newkirk, program chairman and Mrs. Stangel, chairman of card parties. An invitation extended by Mrs. Percy Goldsmith, that the next meeting on October 1, be held at her home at Woodside Dell, was accepted.

Miss Margarethe Sawyer, daughter of Mr. and Mrs. Robert C. Sawyer of 1 North Main street entertained about 75 guests recently at a sweet sixteen birthday party at the Wawarsing Sportsmen's Club. The decorations were in pastel shades with many beautiful flowers. James Henry of the Coffee Shop was in charge of refreshments and music was played by Artie Turk and his band. A piano was furnished by Con Wisdom, of Napanoch. Miss Sawyer received many gifts.

Mrs. Horace P. Aikman of Cazanovia, expects to visit for several days next week with her sister, Mrs. Harold B. Gillette.

Mrs. Frederick Korn returned home after spending some time with her aunt, Mrs. Wilson Penrose of Alton, Ill.

Mrs. Charles Bibb who is employed at Kingston Hospital spent Wednesday at her home on Park street.

Mr. and Mrs. William Eckert left LaGuardia Field for Bermuda where they will spend a few days. Mrs. Floyd Palmer is caring for the children during their absence.

Mr. and Mrs. Gerard Tarmuller of Forest Hills, L. I., spent the weekend with Mr. and Mrs. H. O. Hess.

Mrs. Margaret Lane has returned home from her visit with her sister, Mrs. Catherine Gellhard at Port Chester, N. Y. Mrs. Gellhard accompanied her sister home.

Miss Katherine Dowling spent the weekend in North Arlington, N. J., visiting Mr. and Mrs. George Stuart and family.

Mr. and Mrs. Harry Forestall and daughter of Plainfield, N. J. were dinner guests of Mr. and Mrs. Andrew Storman on Monday.

Among those from here who attended the Hambletonian at Goshen last Wednesday were Mr. and Mrs. John Sanderson, Mr. and Mrs. Tuthill McDowell, Mrs. Gladys Staulcup, Mrs. Sidney Velsor, Mr. and Mrs. Sidney Sinnick, Mrs. Francis Lathrop, Mrs. Harry Thayer, John Bonomi, Richard Cameron, Mr. and Mrs. William Martin, Mrs. Margeret Gonder, Larry O'Neill, Mrs. James McCartney, Dr. and Mrs. Joseph Mason, Howard Jollie, Gary Brown and Mr. and Mrs. Robert DeGroff and daughter.

Mr. and Mrs. Ben Revise are visiting the latter's son and daughter-in-law, Mr. and Mrs. Jerry Warshaw in Philadelphia. They will also spend a few days at Atlantic City, N. J.

Frank J. Potter and son, John of Phoenix, Ariz., are visiting at the home of his parents, Mr. and Mrs. Allen D. Potter.

Mr. and Mrs. Kenneth Ticknor of Elmira are visiting her parents, Mr. and Mrs. Vernon Krom.

Attorney and Mrs. H. Westlake Coons have been enjoying a vacation at Groton, Vt., visiting their son and daughter-in-law, the Rev. and Mrs. Alfred Coons and family.

Mr. and Mrs. Roy Miller and children of Kingston visited over last weekend with the former's parents, Mr. and Mrs. Joseph Miller.

Work is progressing well on the house being built by Mr. and Mrs. Donald Lyons on the Berkeley Development.

UP GOES CHRYSLER'S PRODUCTION MORE THAN 40% *Here you see construction work proceeding on the new Chrysler production facilities which will add 667,000 square feet of floor space . . . including a 1¼-mile long continuous conveyor system, longest in the industry.*

CHRYSLER'S giant expansion program brings you the greatest new car buying opportunity of the year!

Because of the unprecedented demand for its 1955 models, currently up to a new record high, Chrysler has had to undertake a Giant Plant Expansion Program. When in full production the new plant will provide a 40 per cent increase in Chrysler Windsor V-8 and New Yorker output.

Knowing that building operations would take several months, we have tried to provide enough 1955 Chrysler Windsor V-8's and New Yorkers to meet the demands of our customers through the season. This meant filling our entire year's supply right now in mid-season.

You Get Year's Widest Selection of Models and Color Combinations

Since we tried to anticipate your needs, we can show you a wide selection of color combinations and body styles, but our supply will never again be as great as it is right now! Indications are that there just will not be enough of all models and body styles to go around.

Your present car will never be worth more in trade

Remember that fact! Right now your present car is worth more in trade than it ever will be again.

And we can allow you more for it than anybody else in town. That's not just talk. There's a good reason for it.

We Need Used Cars

When these new cars are gone, we'll be hungrier than ever for used cars. That's right—as these wonderful new Chrysler buys move out we will be needing more and more late model used cars. That's a double reason for you to trade for a brand new Chrysler beauty right now. You have the year's finest selection of the popular 1955 Chryslers . . . and, we're in a real trading mood to get our used car stocks in shape.

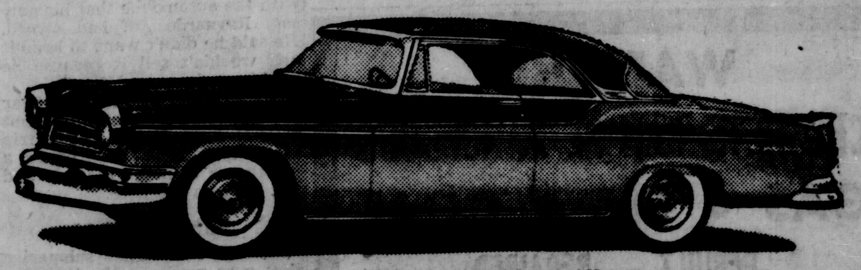

Take the 100-Million-Dollar Ride Today!

If you've been holding off on buying your new 1955 Chrysler Windsor V-8 or New Yorker, if you've delayed for *any* reason, better act now.

Because when our present stock of new cars is gone, we can't get any more!

So, come in today. Experience the thrill of the *100-Million-Dollar Ride* . . . the ride all America is talking about. It will be the smartest new car buy of your life!

CHRYSLER PENNANT WINNERS
USED CAR BUYERS!
Our "Pennant Winners"— which include many late model Chryslers —are the greatest buys in town!

All Chrysler Cars are V-8's . . . with the most powerful type of V-8 engine on the road!

UP GOES CHRYSLER'S PRODUCTION MORE THAN 40% *Here you see construction work proceeding on the new Chrysler production facilities which will add 667,000 square feet of floor space . . . including a 1¼-mile long continuous conveyor system, longest in the industry.*

CHRYSLER'S giant expansion program brings you the greatest new car buying opportunity of the year!

Because of the unprecedented demand for its 1955 models, currently up to a new record high, Chrysler has had to undertake a Giant Plant Expansion Program. When in full production the new plant will provide a 40 per cent increase in Chrysler Windsor V-8 and New Yorker output.

Knowing that building operations would take several months, we have tried to provide enough 1955 Chrysler Windsor V-8's and New Yorkers to meet the demands of our customers through the season. This meant filling our entire year's supply right now in mid-season.

You Get Year's Widest Selection of Models and Color Combinations

Since we tried to anticipate your needs, we can show you a wide selection of color combinations and body styles, but our supply will never again be as great as it is right now! Indications are that there just will not be enough of all models and body styles to go around.

Your present car will never be worth more in trade

Remember that fact! Right now your present car is worth more in trade than it ever will be again.

And we can allow you more for it than anybody else in town. That's not just talk. There's a good reason for it.

We Need Used Cars

When these new cars are gone, we'll be hungrier than ever for used cars. That's right—as these wonderful new Chrysler buys move out we will be needing more and more late model used cars. That's a double reason for you to trade for a brand new Chrysler beauty right now. You have the year's finest selection of the popular 1955 Chryslers . . . and, we're in a real trading mood to get our used car stocks in shape.

Take the 100-Million-Dollar Ride Today!

If you've been holding off on buying your new 1955 Chrysler Windsor V-8 or New Yorker, if you've delayed for *any* reason, better act now.

Because when our present stock of new cars is gone, we can't get any more!

So, come in today. Experience the thrill of the *100-Million-Dollar Ride* . . . the ride all America is talking about. It will be the smartest new car buy of your life!

CHRYSLER PENNANT WINNERS
USED CAR BUYERS!
Our "Pennant Winners"— which include many late model Chryslers —are the greatest buys in town!

All Chrysler Cars are V-8's . . . with the most powerful type of V-8 engine on the road!

JACOBY ON BRIDGE

Peculiar Bid Deceives Foes

BY OSWALD JACOBY
Written for NEA Service

For the next three days eight teams will be struggling for the bridge team championship of the United States in the national tournament in Chicago. One player who will be missing from the contest is young Billy Rosen, a member of the winning team in 1953 and 1954. Billy was doing his military service in Korea when last heard from.

Today's hand, played by Billy Rosen last year in the eight-team round robin, led to some very strange bidding. To begin with, North should have passed the opening bid of one heart instead of raising. But when North did raise, Rosen made the peculiar rebid of two spades as a combination slam-try and deceptive bid.

North didn't encourage slam ambitions, but the peculiar bid did deceive West in the auction and East in the play. West doubled the final bid of four hearts, in the expectation of taking spade tricks as well as trumps. East's troubles came later.

Rosen won the first trick with the ace of diamonds, took the ace of hearts and led a low heart. West played low, and dummy won with the eight of hearts.

Declarer returned a diamond from the dummy, whereupon East took the king and led a third diamond. South ruffed and led another trump. West put up the king of trumps this time and led a fourth round of trumps, reducing the hand to no-trump.

While all of this was going on, poor East was obliged to make four discards on the four rounds of trumps. The bidding had given him the impression that his spades were imortant, so he discarded two safe diamonds and two very unsafe clubs. These club discards enabled Rosen to run four club tricks, so that he lost only one spade, one heart, and one diamond, thus making his doubled contract.

Missing Scout's Bullet-Pierced Body Is Found

Muskegon, Mich., Aug. 15 (AP)—A five-week search for missing boy scout Peter Gorham has ended with the grisly discovery of his bullet-pierced body.

The 12-year-old Evanston, Ill., boy was a victim of Michigan's third unsolved child slaying in less than five months and, like the others, was believed to have been slain by a sex deviate.

A MAN LOOKING over prospective sites for a new home came across Peter's badly decomposed body yesterday in a desolate woods 12 miles north of Muskegon. A small caliber bullet had penetrated his skull. The scene was five miles from where he vanished July 5 on a scout hike.

A state pathologist said the boy apparently had been dead since shortly after his disappearance. State police and sheriff's officers, who had searched a wide area within a mile of the scene only Saturday, said he may have been killed elsewhere.

STATE POLICE Capt. Leroy R. Hunt said several persons, including one or more camp counsellors, will be questioned. He called for a lie detector to be brought here from East Lansing headquarters.

William Jannega of Muskegon discovered the grusome remains while seeking land for a new home.. He told Deputy Marion Calkins he had picknicked in the area as a child and returned to search its possibilities as a home site.

The discovery broke weeks of tension for Peter's parents, Mr. and Mrs. Fdererick A. Gorham of Evenston.

"At least the wait is over," Gorham commented stoically at the scene.

A PRELIMINARY sweep of the woods, once a swamp area, recovered the youth's bedroll, underclothing, shoes and pajamas. His flashlight was found beneath the body, clothed only in blue jeans.

Police first believed Peter was hitch-hiking home to Evanston or to the former Gorham home in Texas. Circulars were posted throughout the state and along a possible route to the southwest.

Michigan's other two child slaying victims were little girls.

Barbara Gaca, 7, of Detroit, disappeared March 24. Her body was found March 31 on a trash dump near Pontiac. She had been beaten, raped and strangled. The body of Jeannie Singleton, 8, of Kalamazoo, was found June 1, nine days following her abduction en route home from school. She died similarly to Barbara.

Proposal Reported India Aid Transfer

New Delhi, Aug. 15 (AP)—The United States was reported today to have proposed that India assist in the repatriation of any Chinese nationals in America who want to go to Communist China.

Authoritative sources said the United States had made the proposal in the current Geneva talks between Ambassador U. Alexis Johnson and Chinese Envoy Wang Ping-nan, and later had transmitted it to New Delhi.

The talks between Johnson and Wang on the repatriation of Chinese in America and some 41 U. S. civilians held in China are in recess until tomorrow. Neither side has announced any progress in the talks so far, although Communist sources in Geneva have continued to express optimism about the outcome.

Sources here said the U. S. plan provided that any Chinese desiring to leave the United States for the China mainland would contact the nearest Indian consul. Their actual travel arrangements then would be handled by some unit of the Red Cross, it was understood.

An Indian government spokesman declined to comment on the reports or to say whether India would accept such a role.

Foggy Fire Alarm

St. Petersburg, Fla. (AP)—False alarms caused by fog from mosquito control trucks are becoming numerous. Fire Chief S. O. Griffiths has appealed to residents to "use your nose" before getting panicky. "You can smell the stuff a block away," he said.

Plans to Bury Car Beside Son's Grave

Key West, Fla., Aug. 15 (AP)—The father of a young boy killed a year ago in a traffic accident has carefully preserved his son's automobile and today was making plans to bury it beside his son's grave.

Workmen have shoveled out a hole six feet deep and long and wide enough to receive the car. The hole was dug in Catholic cemetery here by a crew of men working at night to escape the day's heat. There was no indication when the car burial would take place.

Raynardo Garcia, about 50, told friends he was unable to bear the memories connected with the automobile that his only son, Raynardo Jr., had owned. He said he didn't want to keep it and wouldn't sell it because he might see it around town.

Youn Garcia died about a year ago in an automobile accident near Homestead, Fla., on a trip to Tampa. He had borrowed a newer car to make the trip and left his own car here.

SAUGERTIES NEWS

Appreciation Day Draws Crowd in Rain

Saugerties, Aug. 13 — Mrs. Ruth Henle of Barclay Heights, town of Saugerties, was named the first winner of the initial special Appreciation Day event held in Saugerties last night.

The "Treasure Chest" for the initial event totaling $108 was created by a group of 36 participating merchants of the Saugerties business district.

Mrs. Henle, although not present at the event held on the balcony of the Exchange Hotel at the corner of Main and Partition street, will receive a consolation prize in "Saugerties Dollars" which she may spend in the businesses of any of the participating merchants which are listed on the back of the bills.

Had Mrs. Henle been present at the time she would have won a "Treasure Chest" prize and a like amount donated by the Saugerties Area Chamber of Commerce.

The "Treasure Chest" for the next event on Friday, Aug. 19, at 8 p. m. will be $213. The Saugerties Chamber will again match any amount won on that night thus doubling the winnings of the winner for that evening.

Otto Bumb, treasurer of the chamber, served as master of ceremonies and introduced Mayor Arthur F. Simmons, one of the judges and Miss Crystal Jobst, Miss Saugerties of 1955 who drew the coupon. Others witnessing the event were Albert J. Cawein, executive secretary of the chamber, Bertram W. Burns and Thomas Buono.

A fair sized crowd defying a drenching down pour milled in the streets beneath the balcony and huddled in store fronts near the hotel.

Malden-West Camp Vols Discuss Funds

Saugerties, Aug. 13—A general discusison on the finances and need for funds for the completion of the firehouses was held at the regular meeting of the Malden-West Camp Fire Company Thursday night at the Malden school.

The need for further discussion of the problem motivated William R. Wrolsen, president of the company to call a special meeting of all officers of the company to be held on Thursday, Aug. 18 at 8 p. m. in the West Camp fire house.

Floyd Whitehead of Malden was proposed as an active member and will be voted upon after favorable report of the membership committee.

Guest Preacher

Saugerties, Aug. 13 — Nelson G. Burhans, recent graduate of Lutheran Theological Seminary, Gettysburg, Pa., will serve as guest preacher at Atonement Lutheran Church for the next two Sundays. Since his graduation Mr. Burhans has accepted the position of executive alumni secretary and director of publicity for Hartwick College, Oneonta. He assumed his duties at Hartwick in July. He was a graduate there in 1952. He is the son of Mr. and Mrs. Nelson Burhans of Evesport.

Crosby's Son Is Critically Injured

Raymond, Wash., Aug. 15 (AP)—One of crooner Bing Crosby's sons, Pvt. Phillip L. Crosby, 21, is in a Raymond hospital today with a broken back.

The young soldier from Ft. Lewis drove through a guardrail down a 20-foot embankment into the Willapa river bed, trying to get back to his army KP duties early yesterday.

Fortunately, the tide in Willapa harbor, into which the river flows, was out. Otherwise, authorities said young Crosby would have drowned.

HIS FATHER Bing left a Spokane golf tournament to fly to Raymond. Bing would allow no hospital pictures taken of his son.

Acting Police Chief Russell Starns gave this account:

Phillip had been in Aberdeen, north of here, and took the wrong road to return to Ft. Lewis, where he was due for KP duty at 5:30 a. m. yesterday. He wound up in Raymond, some 30 miles to the south.

Phillip asked a pedestrian how to get to the fort. The man told him he'd have to go back to Aberdeen to get on the proper road to Ft. Lewis. So Phillip started back. Three miles later his car ripped five guard posts out of a guardrail before tumbling into the river bed.

AT THE New Riverview Hospital, it was said Phillip had three fractured vertebrae and minor lacerations. One of the spinal fractures was in the neck. The other two were lower down in the back.

He will be hospitalized several weeks. As soon as possible, he will be taken to Madigan Army Hospital, at Ft. Lewis.

Bing Crosby, meanwhile, was staying with Dr. R. A. Bussabarger at the doctor's home.

Crooner Hayes, Five Die in Hotel Fire

Rio de Janiero, Brazil, Aug. 15 (AP)—American crooner Warren Hayes and five other persons died last night in a fire which destroyed the Vogue Hotel in Rio De Janiero.

Hayes, jumped from the sixth floor of the hotel when the fire, touched off by a boiler explosion, gutted the building.

Two other men jumped to their deaths from the 10th floor and three other persons perished in the blaze.

The singer had been singing at the hotel night club and won a considerable local following.

Newsprint Ration Is Near End in Britain

London, Aug. 15 (AP)—Britain's newspapers—hampered by newsprint shortages since World War 2—will be able to get ration-free supplies within six months.

The Board of Trade announced last night that rationing will be eased another notch next Sunday, permitting papers to add two to four pages.

By next March the 15-year-old controls will be lifted completely, the board said. Thereafter, newsprint will be controlled only by the amount available and the papers' ability to pay for it.

During the war most papers were limited to four pages daily, but with gradual relaxations over the past five years they now range from 8 to 16 pages.

Missing Scout's Bullet-Pierced Body Is Found

Muskegon, Mich., Aug. 15 (AP)—A five-week search for missing boy scout Peter Gorham has ended with the grisly discovery of his bullet-pierced body.

The 12-year-old Evanston, Ill., boy was a victim of Michigan's third unsolved child slaying in less than five months and, like the others, was believed to have been slain by a sex deviate.

A MAN LOOKING over prospective sites for a new home came across Peter's badly decomposed body yesterday in a desolate woods 12 miles north of Muskegon. A small caliber bullet had penetrated his skull. The scene was five miles from where he vanished July 5 on a scout hike.

A state pathologist said the boy apparently had been dead since shortly after his disappearance. State police and sheriff's officers, who had searched a wide area within a mile of the scene only Saturday, said he may have been killed elsewhere.

STATE POLICE Capt. Leroy R. Hunt said several persons, including one or more camp counsellors, will be questioned. He called for a lie detector to be brought here from East Lansing headquarters.

William Jannega of Muskegon discovered the grusome remains while seeking land for a new home.. He told Deputy Marion Calkins he had picknicked in the area as a child and returned to search its possibilities as a home site.

The discovery broke weeks of tension for Peter's parents, Mr. and Mrs. Fdererick A. Gorham of Evenston.

"At least the wait is over," Gorham commented stoically at the scene.

A PRELIMINARY sweep of the woods, once a swamp area, recovered the youth's bedroll, underclothing, shoes and pajamas. His flashlight was found beneath the body, clothed only in blue jeans.

Police first believed Peter was hitch-hiking home to Evanston or to the former Gorham home in Texas. Circulars were posted throughout the state and along a possible route to the southwest.

Michigan's other two child slaying victims were little girls.

Barbara Gaca, 7, of Detroit, disappeared March 24. Her body was found March 31 on a trash dump near Pontiac. She had been beaten, raped and strangled. The body of Jeannie Singleton, 8, of Kalamazoo, was found June 1, nine days following her abduction en route home from school. She died similarly to Barbara.

Proposal Reported India Aid Transfer

New Delhi, Aug. 15 (AP)—The United States was reported today to have proposed that India assist in the repatriation of any Chinese nationals in America who want to go to Communist China.

Authoritative sources said the United States had made the proposal in the current Geneva talks between Ambassador U. Alexis Johnson and Chinese Envoy Wang Ping-nan, and later had transmitted it to New Delhi.

The talks between Johnson and Wang on the repatriation of Chinese in America and some 41 U. S. civilians held in China are in recess until tomorrow. Neither side has announced any progress in the talks so far, although Communist sources in Geneva have continued to express optimism about the outcome.

Sources here said the U. S. plan provided that any Chinese desiring to leave the United States for the China mainland would contact the nearest Indian consul. Their actual travel arrangements then would be handled by some unit of the Red Cross, it was understood.

An Indian government spokesman declined to comment on the reports or to say whether India would accept such a role.

Foggy Fire Alarm

St. Petersburg, Fla. (AP)—False alarms caused by fog from mosquito control trucks are becoming numerous. Fire Chief S. O. Griffiths has appealed to residents to "use your nose" before getting panicky. "You can smell the stuff a block away," he said.

Plans to Bury Car Beside Son's Grave

Key West, Fla., Aug. 15 (AP)—The father of a young boy killed a year ago in a traffic accident has carefully preserved his son's automobile and today was making plans to bury it beside his son's grave.

Workmen have shoveled out a hole six feet deep and long and wide enough to receive the car. The hole was dug in Catholic cemetery here by a crew of men working at night to escape the day's heat. There was no indication when the car burial would take place.

Raynardo Garcia, about 50, told friends he was unable to bear the memories connected with the automobile that his only son, Raynardo Jr., had owned. He said he didn't want to keep it and wouldn't sell it because he might see it around town.

Youn Garcia died about a year ago in an automobile accident near Homestead, Fla., on a trip to Tampa. He had borrowed a newer car to make the trip and left his own car here.

Sub Stays Put

Chicago (AP)—The submarine that goes nowhere, the USS Silversides, has a new skipper. Lt. Keith K. Nicolis, 33, commands the sub which is used to simulate crash dives, maneuvers and torpedo attacks but never moves an inch from her berth at the Naval Armory.

SAUGERTIES NEWS

Appreciation Day Draws Crowd in Rain

Saugerties, Aug. 13 — Mrs. Ruth Henle of Barclay Heights, town of Saugerties, was named the first winner of the initial special Appreciation Day event held in Saugerties last night.

The "Treasure Chest" for the initial event totaling $108 was created by a group of 36 participating merchants of the Saugerties business district.

Mrs. Henle, although not present at the event held on the balcony of the Exchange Hotel at the corner of Main and Partition street, will receive a consolation prize in "Saugerties Dollars" which she may spend in the businesses of any of the participating merchants which are listed on the back of the bills.

Had Mrs. Henle been present at the time she would have won a "Treasure Chest" prize and a like amount donated by the Saugerties Area Chamber of Commerce.

The "Treasure Chest" for the next event on Friday, Aug. 19, at 8 p. m. will be $213. The Saugerties Chamber will again match any amount won on that night thus doubling the winnings of the winner for that evening.

Otto Bumb, treasurer of the chamber, served as master of ceremonies and introduced Mayor Arthur F. Simmons, one of the judges and Miss Crystal Jobst, Miss Saugerties of 1955 who drew the coupon. Others witnessing the event were Albert J. Cawein, executive secretary of the chamber, Bertram W. Burns and Thomas Buono.

A fair sized crowd defying a drenching down pour milled in the streets beneath the balcony and huddled in store fronts near the hotel.

Malden-West Camp Vols Discuss Funds

Saugerties, Aug. 13—A general discusison on the finances and need for funds for the completion of the firehouses was held at the regular meeting of the Malden-West Camp Fire Company Thursday night at the Malden school.

The need for further discussion of the problem motivated William R. Wrolsen, president of the company to call a special meeting of all officers of the company to be held on Thursday, Aug. 18 at 8 p. m. in the West Camp fire house.

Floyd Whitehead of Malden was proposed as an active member and will be voted upon after favorable report of the membership committee.

Guest Preacher

Saugerties, Aug. 13 — Nelson G. Burhans, recent graduate of Lutheran Theological Seminary, Gettysburg, Pa., will serve as guest preacher at Atonement Lutheran Church for the next two Sundays. Since his graduation Mr. Burhans has accepted the position of executive alumni secretary and director of publicity for Hartwick College, Oneonta. He assumed his duties at Hartwick in July. He was a graduate there in 1952. He is the son of Mr. and Mrs. Nelson Burhans of Evesport.

Crosby's Son Is Critically Injured

Raymond, Wash., Aug. 15 (AP)—One of crooner Bing Crosby's sons, Pvt. Phillip L. Crosby, 21, is in a Raymond hospital today with a broken back.

The young soldier from Ft. Lewis drove through a guardrail down a 20-foot embankment into the Willapa river bed, trying to get back to his army KP duties early yesterday.

Fortunately, the tide in Willapa harbor, into which the river flows, was out. Otherwise, authorities said young Crosby would have drowned.

HIS FATHER Bing left a Spokane golf tournament to fly to Raymond. Bing would allow no hospital pictures taken of his son.

Acting Police Chief Russell Starns gave this account:

Phillip had been in Aberdeen, north of here, and took the wrong road to return to Ft. Lewis, where he was due for KP duty at 5:30 a. m. yesterday. He wound up in Raymond, some 30 miles to the south.

Phillip asked a pedestrian how to get to the fort. The man told him he'd have to go back to Aberdeen to get on the proper road to Ft. Lewis. So Phillip started back. Three miles later his car ripped five guard posts out of a guardrail before tumbling into the river bed.

AT THE New Riverview Hospital, it was said Phillip had three fractured vertebrae and minor lacerations. One of the spinal fractures was in the neck. The other two were lower down in the back.

He will be hospitalized several weeks. As soon as possible, he will be taken to Madigan Army Hospital, at Ft. Lewis.

Bing Crosby, meanwhile, was staying with Dr. R. A. Bussabarger at the doctor's home.

Crooner Hayes, Five Die in Hotel Fire

Rio de Janiero, Brazil, Aug. 15 (AP)—American crooner Warren Hayes and five other persons died last night in a fire which destroyed the Vogue Hotel in Rio De Janiero.

Hayes, jumped from the sixth floor of the hotel when the fire, touched off by a boiler explosion, gutted the building.

Two other men jumped to their deaths from the 10th floor and three other persons perished in the blaze.

The singer had been singing at the hotel night club and won a considerable local following.

Newsprint Ration Is Near End in Britain

London, Aug. 15 (AP)—Britain's newspapers—hampered by newsprint shortages since World War 2—will be able to get ration-free supplies within six months.

The Board of Trade announced last night that rationing will be eased another notch next Sunday, permitting papers to add two to four pages.

By next March the 15-year-old controls will be lifted completely, the board said. Thereafter, newsprint will be controlled only by the amount available and the papers' ability to pay for it.

During the war most papers were limited to four pages daily, but with gradual relaxations over the past five years they now range from 8 to 16 pages.

Mrs. FDR in Tokyo

Tokyo, Aug. 15 (AP)—Mrs. Eleanor Roosevelt, widow of the late President Franklin D. Roosevelt, arrived in Tokyo today enroute to Bangkok. She will attend a meeting of the World Federation of United Nations Associations there. Dr. David Gurewitch, Columbia University professor of medicine, is accompanying her to the same meeting. Asked for comment on today's 10th anniversary of Japan's World War 2 surrender, Mrs. Roosevelt said: "I hope we will be friends from now on."

Royalty Meets Bears

Nasu, Japan, Aug. 15 (AP) — Emperor Hirohito and Empress Nagako almost walked up on a wild bear and her cub in this highland some 100 miles north of Tokyo today. Bears often attack humans. The newspaper Asahi said the imperial couple were strolling in the forest when police escorts discovered the bears prowling just ahead. Two policemen whipped out pistols and jumped in front of their majesties. Three other policemen started shooing the animals away. The bear and cub ambled off at a leisurely pace.

Apple Growers Meet

Detroit, Aug. 15 (AP)—The International Apple Assn. opens its convention today with 1,200 delegates and 32 questionable "guests." The 32 came here by chartered airliner from Florida, led by Florida's citrus queen, Sally Aurdary, 20. "We aren't here to 'knock' apples," the queen said somewhat patronizingly, "but there's something about an orange . . . ." Spokesmen for the apple growers said they'll reciprocate—or retallate—by sending a delegation to the Citrus Growers Assn. convention in Florida next month.

Two County Students Win Scholarships For Nursing School

Kathleen C. O'Grady of Plattekill and Christina K. Keith of 250 Smith avenue, Kingston, were winners in Ulster county of the first scholarships for profession education in nursing ever to be awarded in New York state.

These scholarships, awarded to 300 students in the state, were recommended by the Board of Regents and approved by Gov. Harriman and the 1955 Legislature. Each scholarship carries an annual stipend of $350 for a maximum of three years.

The scholarships were awarded as a result of a competitive examination held June 13. Miss Keith is the daughter of Mr. and Mrs. James Keith and is a graduate of Kingston High School. She will enter Albany Hospital School of Nursing in the fall.

100 in 'Y' Camp For Eighth Week

The YMCA Day Camp under the direction of Louis H. Schafer, started its eighth and final week of the 1955 season this morning with approximately 100 boys and girls registered. A complete check-up indicated that this season will be the largest ever promoted by the local "Y".

All participating activity was completed before the big rain of last Friday. Today the final championships will begin in the hopes that they will be finished by Wednesday night. Thursday will be devoted to recreation with the noon luncheon and rest peirod being used for the presenting of awards. Some awards will cover the championships, others will be awarded for various camp interest throughout the eight weeks. Mr. Schafer said that over 125 awards will be presented. Friday, the final day of camp will be used in case of rain on any of the first four days.

Mr. Schafer also said, "Any parents desiring clothing, blankets or other articles left at camp, can get them at the YMCA after Saturday August 20, as the camp director is unable to bring any left overs to the "Y" until camp is over.

It should be noted that the YMCA is a member of the Kingston Area Community Chest.

MISS MARY CONWAY was wed Saturday to Louis Di Donna. She wore a gown of ice blue Alencon lace and the entire bridal party was attired in gowns of blue taffeta. (Photo Workshop photo)

Mary Conway Weds Louis Di Donna at St. Joseph's Church

Vases of white pompons and gladioli and palms formed the background of the nuptial Mass for the marriage of Miss Mary Catherine Anne Conway and Louis Anthony Di Donna. The double ring ceremony took place Saturday, Aug. 13 at St. Joseph's Roman Catholic Church with the Rt. Rev. Stephen Connelly officiating.

The bride is the daughter of Mr. and Mrs. J. Edward Conway of 329 Albany avenue. Mr. Conway is head of the New York State Anti-Discrimination Commission. The bridegroom is the son of Mr. and Mrs. Joseph Di Donna of the Saugerties road.

Mrs. Frank Rafferty was the organist and Martin Kelly sang the solos.

The bride's gown (a Saks' Fifth Avenue original) was of ice blue imported Alencon lace at the bodice with a rounded neckline and empire waist. Her full chapel length skirt was of imported French silk with a bow falling from the empire line in the back and ending in flowing streamers at the hemline. Her veil was also of ice blue lace, gathered to a headpiece which tied under her chin. The bride carried a blue lace-covered prayer book adorned with crystal rosary beads and pale blue euphorbia. Mr. Conway escorted his daughter.

Rosemary Conway of 80 Emerson street was her cousin's maid of honor. Her gown was of blue silk taffeta with a rounded neckline and waltz length petal skirt. Her petal hat in matching material was trimmed with seed pearls and she carried a white kid prayer book trimmed with phalaenopsis orchids, pale blue euphorbia and smilax.

The bridesmaids were Miss Elizabeth Ann Garquillo, cousin of the bridegroom of Amsterdam; Mrs. Terrenc J. Smythe of Ossining; Mrs. James K. O'Brien, Montclair, N. J.; and Miss Sheila McErlean of Manhasset, L. I. They were dressed identically to the maid of honor.

For his best man, the bridegroom chose his law partner, Joseph D. Saccoman of 18 West Chestnut street. The ushers were Richard Di Donna, brother of the bridegroom; Kenneth Brozen of New York; Dr. Vincent Di Zinno, Arlington, Va.; and Thomas G. Conway, Kingston.

The wedding party received in the gardens of the Gov. Clinton Hotel. Dinner for 225 guests was served in the hotel's Crystal Room and junior dining room.

For their month-long trip to Jamaica in the British West Indies, the bride chose an ensemble of a blue linen sheath with a matching three-quarter length coat and matching accessories. Her corsage was of white phalaenopsis orchids.

Mrs. Di Donna is a graduate of Holy Names Academy in Albany and Fordham University in New York. She was on the staff of Mary Margaret McBride and is now associated with her father.

Mr. Di Donna is a Kingston High School graduate and received degrees from Fordham College and Fordham Law School. He served two years with the judge advocate of the U. S. Army in Germany and is now a partner in the Saccoman and Di Donna law firm in this city.

The couple will make their home in the town of Ulster.

Miss Doyle Is Bride Of Thomas Carpino Aug. 11 in Port Ewen

Miss Rosemary Doyle became the bride of Thomas Francis Carpino Jr. at a double ring ceremony Thursday, Aug. 11, at the Presentation Church in Port Ewen. The bride is the daughter of Thomas Doyle of Port Ewen, and the late Mrs. Doyle. Mr. Carpino is the son of Mr. and Mrs. Thomas F. Carpino Sr. of East Kingston. The Rev. Joseph L. Kerins officiated.

The bride, escorted by her father, wore a gown of pink chrystallette with matching illusion veil and she carried a nosegay of white flowers. Her maid of honor, Miss Nancy Jackson of 356 Albany avenue, wore an ice blue chrystallette frock with matching headpiece and a pink and white nosegay.

Best man was Dominick Pariece of East Kingston.

A reception was held, following the ceremony, at the home of the bride's sister, Mrs. Henry Fitzgerald of Port Ewen.

The couple left on a wedding trip to Montreal, Canada, and on their return will make their home at 52 St. James street.

Both Mr. and Mrs. Carpino attended Kingston High School and Mr. Carpino is now employed by the Hercules Powder Co. in Port Ewen.

WHEN UNEXPECTED GUESTS INTERRUPT TV

The answer to the following question depends upon the word "unexpected": "My husband loves to watch the baseball games on TV which is all well and good when we are alone but when friends come in to see us I think the set should be turned off. Nothing is more annoying than trying to talk to people with the ball game going on full blast. I think this is very rude on his part, but he says that even Emily Post says it is not necessary to turn off a favorite program for unexpected visitors and that if they are unwilling to watch what is on they should leave and come back another time. I would appreciate hearing from you on this matter."

If you have invited them to come in, then you do have to turn TV off; but if they come in without being asked, it is very unfair to make your husband turn it off.

"Rejuvenated House"

Dear Mrs. Post: My husband and I have lived in this house for many years. However, we have just recently had it all remodeled and redecorated. I would like to know if a housewarming would be in order, or because it is not a new house and we have lived here many years, would it be as ridiculous as my husband seems to think?

Answer: This is certainly a new idea, but I don't see why the warming of a "rejuvenated house" would not be permissible. I think it sounds very friendly to invite your guests "To see our rejuvenated house."

Couples at Dinner

Dear Mrs. Post: When I have two or three couples in to dinner, is it necessary that I tell each guest where to sit, or would it be proper to just let them seat themselves wherever they like? I would very much appreciate hearing from you on this.

Answer: Correctly the hostess tells her guests where to sit because it is usually awkward for them otherwise.

Actors Vote Tuesday

Hollywood, Aug. 15 (AP)—Members of the AFL Screen Actors Guild vote tomorrow night on an agreement which is expected to end the 10-day nationwide strike against producers of television entertainment films. The union's board of directors approved a new contract proposal yesterday and a spokesman said it represents "a good deal" for actors and that it is "fully expected they will vote approval." Details of the proposal will not be disclosed until the membership meeting tomorrow. If approval is given, work will resume on TV entertainment films on Wednesday.

Rosendale

Rosendale Aug. 15—At a special meeting held in Union Free School No. 1 on Wednesday evening an overwhelming vote approved the proposal to have a petition drafted to include Rosendale in the centralization proposal for the schools of the surrounding area.

Following a lengthy discussion the vote to draft a petition was taken and only two were against the resolution. In anticipation of a favorable vote the petition was prepared in advance and passed among those gathered for their signatures.

Signing of the petition indicates to the commissioner of education that the voters wish plans for a central school system drafted. When this is completed the voters of the district will vote on the centralization proposal at a time and place designated by the commissioner.

Two County Students Win Scholarships For Nursing School

Kathleen C. O'Grady of Plattekill and Christina K. Keith of 250 Smith avenue, Kingston, were winners in Ulster county of the first scholarships for profession education in nursing ever to be awarded in New York state.

These scholarships, awarded to 300 students in the state, were recommended by the Board of Regents and approved by Gov. Harriman and the 1955 Legislature. Each scholarship carries an annual stipend of $350 for a maximum of three years.

The scholarships were awarded as a result of a competitive examination held June 13. Miss Keith is the daughter of Mr. and Mrs. James Keith and is a graduate of Kingston High School. She will enter Albany Hospital School of Nursing in the fall.

100 in 'Y' Camp For Eighth Week

The YMCA Day Camp under the direction of Louis H. Schafer, started its eighth and final week of the 1955 season this morning with approximately 100 boys and girls registered. A complete check-up indicated that this season will be the largest ever promoted by the local "Y".

All participating activity was completed before the big rain of last Friday. Today the final championships will begin in the hopes that they will be finished by Wednesday night. Thursday will be devoted to recreation with the noon luncheon and rest peirod being used for the presenting of awards. Some awards will cover the championships, others will be awarded for various camp interest throughout the eight weeks. Mr. Schafer said that over 125 awards will be presented. Friday, the final day of camp will be used in case of rain on any of the first four days.

Mr. Schafer also said, "Any parents desiring clothing, blankets or other articles left at camp, can get them at the YMCA after Saturday August 20, as the camp director is unable to bring any left overs to the "Y" until camp is over.

It should be noted that the YMCA is a member of the Kingston Area Community Chest.

MISS MARY CONWAY was wed Saturday to Louis Di Donna. She wore a gown of ice blue Alencon lace and the entire bridal party was attired in gowns of blue taffeta. (Photo Workshop photo)

Mary Conway Weds Louis Di Donna at St. Joseph's Church

Vases of white pompons and gladioli and palms formed the background of the nuptial Mass for the marriage of Miss Mary Catherine Anne Conway and Louis Anthony Di Donna. The double ring ceremony took place Saturday, Aug. 13 at St. Joseph's Roman Catholic Church with the Rt. Rev. Stephen Connelly officiating.

The bride is the daughter of Mr. and Mrs. J. Edward Conway of 329 Albany avenue. Mr. Conway is head of the New York State Anti-Discrimination Commission. The bridegroom is the son of Mr. and Mrs. Joseph Di Donna of the Saugerties road.

Mrs. Frank Rafferty was the organist and Martin Kelly sang the solos.

The bride's gown (a Saks' Fifth Avenue original) was of ice blue imported Alencon lace at the bodice with a rounded neckline and empire waist. Her full chapel length skirt was of imported French silk with a bow falling from the empire line in the back and ending in flowing streamers at the hemline. Her veil was also of ice blue lace, gathered to a headpiece which tied under her chin. The bride carried a blue lace-covered prayer book adorned with crystal rosary beads and pale blue euphorbia. Mr. Conway escorted his daughter.

Rosemary Conway of 80 Emerson street was her cousin's maid of honor. Her gown was of blue silk taffeta with a rounded neckline and waltz length petal skirt. Her petal hat in matching material was trimmed with seed pearls and she carried a white kid prayer book trimmed with phalaenopsis orchids, pale blue euphorbia and smilax.

The bridesmaids were Miss Elizabeth Ann Garquillo, cousin of the bridegroom of Amsterdam; Mrs. Terrenc J. Smythe of Ossining; Mrs. James K. O'Brien, Montclair, N. J.; and Miss Sheila McErlean of Manhasset, L. I. They were dressed identically to the maid of honor.

For his best man, the bridegroom chose his law partner, Joseph D. Saccoman of 18 West Chestnut street. The ushers were Richard Di Donna, brother of the bridegroom; Kenneth Brozen of New York; Dr. Vincent Di Zinno, Arlington, Va.; and Thomas G. Conway, Kingston.

The wedding party received in the gardens of the Gov. Clinton Hotel. Dinner for 225 guests was served in the hotel's Crystal Room and junior dining room.

For their month-long trip to Jamaica in the British West Indies, the bride chose an ensemble of a blue linen sheath with a matching three-quarter length coat and matching accessories. Her corsage was of white phalaenopsis orchids.

Mrs. Di Donna is a graduate of Holy Names Academy in Albany and Fordham University in New York. She was on the staff of Mary Margaret McBride and is now associated with her father.

VFW to Furnish Honeymoon or Lawyer to Airman

Woodland, Calif., Aug. 15 (AP) —The California Veterans of Foreign Wars offered today to finance either a lawyer or a honeymoon for Airman Daniel Schmidt.

VFW State Commander Thomas J. Murray told a reporter:

"Danny is our boy. Whatever he wants, we want. If he wants a lawyer we'll get one for him. If he wants to make up with Una we'll give him $500 for a second honeymoon."

Schmidt is the 22-year-old air force gunner who came home from 32 months in a Communist Chinese prison camp to find that his wife, Una, had married another man.

THE AIRMAN met privately with his wife Friday night in her lawyer's office at Nevada City. Later a source close to the couple said 20-year-old Una told Schmidt she would stay with Alford Fine, the logging camp worker she says she married in the belief Schmidt was dead.

The same source said Schmidt pleaded with Una to come back to him for the sake of Danny Jr., their 2½-year-old son, but Una refused.

Schmidt has made no public statements about his intentions since that meeting.

HE DECLARED, however: "I want to get an attorney to find out where I stand on all this."

Murray said he understood the air force also has offered Schmidt legal aid.

"As an attorney myself, I don't imagine the air force is well equipped with lawyers experienced in domestic relations cases," Murray said.

"And it sounds to me as if Danny needs something more than just someone to appear in court for him. . . he needs someone who can give him some good, sound advice."

Japan Still Holds 577 War Criminals

Tokyo, Aug. 15 (AP)—Ten years after Japan's surrender 577 war criminals are still in Sugamo prison.

At the time the peace treaty went into effect in April 1952, there were 1,244 prisoners in Sugamo.

Three countries have released all their war criminals, Nationalist China 91, France 42, and the Philippines 110.

The Tokyo Shimbun said the Japanese government hoped the United States would release around 100 men on Sept. 2, the 10th anniversary of the signing of the surrender document.

Girl's Death is 22nd

Ashtabula, Ohio Aug. 15 (AP)—The blast which ripped the village square at Andover last Wednesday has claimed its 22nd life. Ruby Shellito, 17, died at General Hospital here yesterday. The girl, who would have been a senior at Andover High School, was working as a waitress in the Gateway Restaurant when it exploded and burned. Experts still probed for the cause of the tragedy which struck at the supper hour and during a severe rain storm.

NE Polio Total At 1,523; Five Die on Weekend

Boston, Aug. 15 (AP) — New England's unofficial total of polio cases stood at 1,523 today, with at least 17 new patients and five deaths reported over the weekend.

Boston reported 13 cases yesterday, bringing the city's number to 435. New Hampshire unofficially listed three cases, and one Massachusetts National Guardsman at Camp Drum, N. Y., was stricken. Two others at the camp were suspected of having the disease.

FOUR ADULTS died yesterday in Massachusetts and a 27-year-old mother of three in Connecticut, raising the New England death toll from polio this year to 53.

The three members of the Yankee Division were taken to Sampson Air Force Base, N. Y., hospital. Lt. Col. Alfred L. Frechette, division surgeon, said he believes they contracted polio while in Boston since the incubation period is 7 to 10 days.

In Boston, Dr. Roy F. Feemster, director of the state division of communicable diseases, said all large population centers in Massachusetts now are beginning to report cases of polio, but the incidence has not gone up very much outside greater Boston. He denied published reports that the polio situation in the Pittsfield area was critical.

Body of Woman Found With Hands Cut Off

Burlington, Ky., Aug. 15 (AP)—Two fishermen yesterday discovered a woman's nude, decomposed body, with both hands cut off, in a "lovers' lane" area near the Ohio River.

Kentucky State Police reported the woman, who had long red hair and was between the age of 20 to 30, had been dead about five weeks.

Her body was partially covered by a large cardboard box.

State police said Howard E. Nelson and Roscoe Walton, both of Newport, found the body about 100 feet from the river's bank. The distance, police said, would eliminate the possibility of the woman's body washing ashore.

Cause of death was not determined immediately.

Formosa Deadline Near on Signing

Taipei, Formosa, Aug. 15 (AP)—The deadline for compulsory registration of all persons in Formosa who have worked for the Chinese Communists or in any way been connected with them expires at midnight tonight.

Police in vans equipped with loud speakers drove through the streets reminding the public of the deadline.

After midnight, authorities said, all persons who should register but fail to are liable to arrest and punishment as Communist agents.

Will Return to Duty

LaFargeville, N. Y., Aug. 15 (AP) — Capt. Eugene J. Vaadi, home after 2½ years in a Red Chinese prison, says he will return to duty after a leave at the home of his parents here. The air force officer met briefly twice with his wife, Mary Elizabeth, when he arrived at Griffiss Air Force Base, Rome, on Saturday. She was in tears when he left. No explanation was given for the coolness of the encounter. Reporters did not ask for one.

Reds Announce Plans to Fire Earth Satellites

Moscow, Aug. 15 (AP)—Russia says she has fired experimental rockets with live animals aboard more than 300 miles into space and plans to follow up soon with artificial earth satellites.

Space Scientist A. G. Karpenko told the local newspaper "Moscow Pravda" the satellites would be launched in the "comparatively near future." They will circle the earth from pole to pole at heights of from 125 to 1,250 miles, he said.

AMERICAN researchers have announced experiments in which mice and monkeys were shot into space in rockets, but they have not claimed the rockets went as high as 300 miles. The U. S. altitude record was set in 1949 when the WAC-V2 combination soared 250 miles.

The United States announced last month that it plans to launch basketball-sized satellites between July, 1957, and December, 1958, to speed around the earth at 18,000 miles an hour and at altitudes of 200 to 300 miles.

KARPENKO, scientific secretary of Russia's commission on interplanetary communication, said data collected from the rockets was very sketchy, since the missiles were only in space a few seconds.

Observations from permanent artificial satellites should prove much more satisfactory, he said. He reported they would take slow motion movies of surface phenomena on the sun, study the ionosphere, ultra violet and X-ray irradiation of the sun and stars and cosmic rays.

These are the same general aims of the American satellite program announced by the White House.

Toll Is 17 in State Weekend Mishaps

Albany, N. Y., Aug. 15 (AP)—Two Elmira women and the 10-year-old son of one of them who drowned in Cayuta Lake when a motorboat overturned Sunday, were among 17 persons who died as a result of weekend accidents in New York State.

Ten were killed in traffic mishaps and four died in miscellaneous accidents.

Mrs. Max Brinthaupt Jr., 38, her son, Robert Carlisle, and Mrs. Lucy Ward, 55, were lost when the outboard motorboat capsized while making a turn about a mile from a dock on the west shore near Odessa. Four other persons clung to the overturned craft and were rescued.

Police said a Richard Comstock, 9, was operating the boat under a stiff westerly breeze at the time of the upset.

The rescued were the Comstock boy, Mrs. Gertrude Dawson, 38, and her daughters, Jeanne, 12, and Nancy, 4, all of Elmira.

Japan Observes Surrender Date Hopeful of the Future

Tokyo, Aug. 15 (AP)—Japan frankly and solemnly observed today the 10th anniversary of its crushing defeat in 1945, discussed with equanimity the occupation that followed, and looked with hope to the future.

Prime Minister Ichiro Hatoyama keynoted the day with a statement which praised the U. S. occupation for averting starvation and thus "staving off fascism and communism."

JAPANESE mourned the war dead of all nations in Buddhist and Shinto prayers before green-banked altars in many cities.

They spoke and read of peace, prosperity and politics on this anniversary of abject surrender by a proud people.

Some attended sports events. Almost all scanned big picture and story supplements in their newspapers, showing Japan broken and devastated on August 15, 1945, but forging rapidly ahead today.

The newspaper Asahi said all Japanese want the past 10 years of peace to "continue on and on," but warned today's liberty "descended on us from heaven almost acidentally."

Mainichi said "it is not a simple matter to build a middle of the road democracy . . . but that is the happiest road for Japan."

YOMIURI spoke of Japan's economic progress but cautioned a completely independent economy and diplomacy is still remote.

"We must recognize anew we can be saved only by ourselves," Yomiuri concluded.

It was a day of reminiscence. Politicians and government officials who were ministers or vice ministers at the time of the surrender held a quiet party at a Tokyo hotel.

LEADERS OF both conservative parties—Hatoyama's Democrats and the rival Liberals—took the occasion to plug for a merger against the threatening strength of the Socialists.

A right Socialist leader praised the freedoms Japan has found under the occupation-sponsored constitution, but said reactionaries were threatening it. A left Socialist leader professed to discern similar danger. He said the constitution "stands in danger of being revised for the worse. . . and plans for bringing in atomic weapons are crushing Japan's national livelihood."

These were slaps at Hatoyama's drive to revise the constitution to permit Japan to rearm. He didn't duck the issue. From his summer villa at Karuizawa he said he wants a new election fought on precisely this issue.

Brother of Tibet's Lama Granted Asylum by U. S.

Tokyo, Aug. 15 (AP)—The elder brother of Tibet's Dalai Lama has fled his nation's Communist rule and been granted asylum by the U. S. embassy in Tokyo, it was learned today.

An American spokesman said: "He has been in Tokyo about 30 days and will be given a permanent visa to the United States by the end of this month."

HE IS Tagtser Denprabche, a well-built six-footer, who like his more prominent younger brother is also a spiritual leader in his nation.

The Dalai Lama formerly was the politico-religious head of his nation. He lost at least a portion of his eminence when the Chinese Communists conquered Tibet in 1951.

THE COMMUNISTS elevated the Panchen Lama to prominence, he has remained more or less as their sponsored religious chieftain, a position of great influence in Tibet.

The American spokesman said Tagtser, after he reaches the United States, "will be attached to an American university (still unnamed) for research on Tibet in the fields of language, customs and culture."

He will be sent under terms of the Refugee and Relief Act, under sponsorship of the World Council of Churches.

VFW to Furnish Honeymoon or Lawyer to Airman

Woodland, Calif., Aug. 15 (AP) —The California Veterans of Foreign Wars offered today to finance either a lawyer or a honeymoon for Airman Daniel Schmidt.

VFW State Commander Thomas J. Murray told a reporter:

"Danny is our boy. Whatever he wants, we want. If he wants a lawyer we'll get one for him. If he wants to make up with Una we'll give him $500 for a second honeymoon."

Schmidt is the 22-year-old air force gunner who came home from 32 months in a Communist Chinese prison camp to find that his wife, Una, had married another man.

THE AIRMAN met privately with his wife Friday night in her lawyer's office at Nevada City. Later a source close to the couple said 20-year-old Una told Schmidt she would stay with Alford Fine, the logging camp worker she says she married in the belief Schmidt was dead.

The same source said Schmidt pleaded with Una to come back to him for the sake of Danny Jr., their 2½-year-old son, but Una refused.

Schmidt has made no public statements about his intentions since that meeting.

HE DECLARED, however: "I want to get an attorney to find out where I stand on all this."

Murray said he understood the air force also has offered Schmidt legal aid.

"As an attorney myself, I don't imagine the air force is well equipped with lawyers experienced in domestic relations cases," Murray said.

"And it sounds to me as if Danny needs something more than just someone to appear in court for him. . . he needs someone who can give him some good, sound advice."

Japan Still Holds 577 War Criminals

Tokyo, Aug. 15 (AP)—Ten years after Japan's surrender 577 war criminals are still in Sugamo prison.

At the time the peace treaty went into effect in April 1952, there were 1,244 prisoners in Sugamo.

Three countries have released all their war criminals, Nationalist China 91, France 42, and the Philippines 110.

The Tokyo Shimbun said the Japanese government hoped the United States would release around 100 men on Sept. 2, the 10th anniversary of the signing of the surrender document.

Girl's Death is 22nd

Ashtabula, Ohio Aug. 15 (AP)—The blast which ripped the village square at Andover last Wednesday has claimed its 22nd life. Ruby Shellito, 17, died at General Hospital here yesterday. The girl, who would have been a senior at Andover High School, was working as a waitress in the Gateway Restaurant when it exploded and burned. Experts still probed for the cause of the tragedy which struck at the supper hour and during a severe rain storm.

NE Polio Total At 1,523; Five Die on Weekend

Boston, Aug. 15 (AP) — New England's unofficial total of polio cases stood at 1,523 today, with at least 17 new patients and five deaths reported over the weekend.

Boston reported 13 cases yesterday, bringing the city's number to 435. New Hampshire unofficially listed three cases, and one Massachusetts National Guardsman at Camp Drum, N. Y., was stricken. Two others at the camp were suspected of having the disease.

FOUR ADULTS died yesterday in Massachusetts and a 27-year-old mother of three in Connecticut, raising the New England death toll from polio this year to 53.

The three members of the Yankee Division were taken to Sampson Air Force Base, N. Y., hospital. Lt. Col. Alfred L. Frechette, division surgeon, said he believes they contracted polio while in Boston since the incubation period is 7 to 10 days.

In Boston, Dr. Roy F. Feemster, director of the state division of communicable diseases, said all large population centers in Massachusetts now are beginning to report cases of polio, but the incidence has not gone up very much outside greater Boston. He denied published reports that the polio situation in the Pittsfield area was critical.

Body of Woman Found With Hands Cut Off

Burlington, Ky., Aug. 15 (AP)—Two fishermen yesterday discovered a woman's nude, decomposed body, with both hands cut off, in a "lovers' lane" area near the Ohio River.

Kentucky State Police reported the woman, who had long red hair and was between the age of 20 to 30, had been dead about five weeks.

Her body was partially covered by a large cardboard box.

State police said Howard E. Nelson and Roscoe Walton, both of Newport, found the body about 100 feet from the river's bank. The distance, police said, would eliminate the possibility of the woman's body washing ashore.

Cause of death was not determined immediately.

Formosa Deadline Near on Signing

Taipei, Formosa, Aug. 15 (AP)—The deadline for compulsory registration of all persons in Formosa who have worked for the Chinese Communists or in any way been connected with them expires at midnight tonight.

Police in vans equipped with loud speakers drove through the streets reminding the public of the deadline.

After midnight, authorities said, all persons who should register but fail to are liable to arrest and punishment as Communist agents.

California Cuties Beat Stars, 3-1; Held Over For Tonight

Coast Zanies Wow Customers At Dietz Game

Those California Cuties are really funny.

So funny, in fact, that they are being held over by the 50 Club for a repeat performance tonight against the Kingston All Stars at 8:30 o'clock at Dietz Stadium.

This unprecedented action was announced today by 50 Club officials, after watching the Cuties whip the local All Stars, 3 to 1, before 500 fans last night at the stadium.

LIZA JANE

The fans not only saw a good softball game but saw what was hailed as one of the funniest sports shows even seen in the city.

A character by the name of Glenda stopped the locals on five hits. She, or is it he (?), blanked the All Stars in every inning except the second. Frank Boyce and Eddie Lowe handled the All Star pitching chores and after the Cuties went ahead 3-1 at the end of three frames there was no further scoring.

BOB SLOVER cracked a couple of hits for the locals. Three of the Cuties bashed two singles each.

Attired in various ladies' garmens, including high heels and make-up, the Cuties played their softball with all the finesse of a baby elephant doing a ballet dance. Their comical antics, too numerous to mention here, had the crowd rocking with laughter.

The best way to appreciate the Cuties is to be there in person. If you missed last night's show, you get another chance today.

In last night's preliminary, the Nous Modernes of New York shut out the Sprague Electric girls' squad, 11 to 0.

Rome, Trenton Cop Legion Games

Providence, R. I., Aug. 15 (AP) —Rome, N. Y., and Trenton, N. J., meet in the Region 2 American Legion Junior baseball tournament today for the right to play Stamford, Conn., in tonight's final.

Rome beat Woonsocket, R. I., 9-4, to eliminate the Rhole Islanders yesterday. Stamford gave Trenton its first defeat of the double-elimination tourney, 8-7.

In Saturday's opening games Stamford sank Woonsocket 7-2 and Trenton tripped Rome 13-2.

The only two players in the history of the Pittsburgh Pirates to have won the National League's Most Valuable Player award were Paul Waner in 1927 and Arky Vaughan in 1935.

YanksSendKonstanty, Bob Richardson To Richmond Nine

Baltimore, Aug. 15 (AP)—In a surprise move the New York Yankees optioned a veteran relief hurler and recently acquired rookie infielder to make room for the American League's 1954 Rookie of the Year and a southpaw hurler.

The Yankees sent Jim Konstanty, veteran hurler with 6-2 record, and 19-year-old Bob Richardson to the Richmond Virginians of the International League last night.

Bob Grim, the '54 Rookie of the Year with a 20-6 record, was taken off the inactive list where he had been because of a sore elbow, and Gary (Rip) Coleman, up from Denver, was added to the roster.

By sending Konstanty and Richardson to a club low in the standings (Richmond is last), the Yanks can recall them early in September when the major league clubs are permitted to carry up to 40 players.

Moose Lodge Names Small Fry All Star Teams

Six Area Loops Contribute Three Tourney Squads

Action in Kingston Scheduled Sept. 3-4-5

Kingston Lodge, Loyal Order of Moose, today announced three all star squads to represent the city and Ulster county in the forthcoming New York State Moose Lodge Small Fry baseball tournament in Kingston over the Labor Day weekend.

The three teams — recruited from six area leagues — include players from the Kingston American, National and Jaycee circuits; Glasco, Saugerties and Town of Esopus Legion league.

REPRESENTATIVES from the various leagues were asked to submit recommendations for the all-star teams. Their opinions weighed heavily in the final selections.

All players on the 14-player squads are Little League "seniors"—12 years or older. A small reserve pool will be named to supplement the rosters.

Joseph Fabiano, chairman of the Moose committee in charge of tournament, said the selectors were as impartial as circumstances permitted.

"We made no distinction between the teams, simply called them Red, White and Blue and they are of nearly equal calibre.

A PRACTICE session has been scheduled for Saturday at 2 p. m. at the Little League diamond in order to give the managers a beter line on positions.

The selections follow:

Moose Lodge Blues

Billy Boss, Bolly Huber, Danny Van Wagenen, Rich Benjamin, Herman Meyer, Schatzel, Pete Coffey, Wilmon Kithcart, Bill Reis, Bruce Freligh, Jerry Dungey, Ralph Fuoco, Jim Clausi, Joe Roberti, Leroy Lasher.

Moose Lodge Reds

Ed Nembhardt, Bob Whitaker, Walt Harder, Phil Johansen, Jim Gehr, Joe Uhl, Al Gannotti, Ronnie Secreto, Robert Dickerson, Bill Brown, John Reinhardt, Mike Carpino, Tommy Ashdown, William Winters.

Moose Lodge Whites

Al Christopher, Barry Wolven, Pat Berardi, John Nolan, Richard Eckert, Robert Miller, Bob Robinson (Esopus); R. Francello, Don Hughes, John Fiore, Jim Tinney, Bryan Feeney, Pete Brennan, Robert Robinson (Kingston); Pete Blanschan, Don Whitaker (Kingston).

British Champ Checks Doris Hart At 12 Straight

Rye, Aug. 15 (AP) — National champion Doris Hart no longer has a perfect record in Wightman Cup singles play, but the United States needs to take only two of today's four matches to wrap up its 19th straight victory over Great Britain in the international tennis series.

The U. S. took a 2-1 lead yesterday with Miss Hart of Coral Gables, Fla., going down to defeat before the fine play of Angela Mortimer, Britain's No. 1 player. The scores were 6-4, 1-6, 7-5. Miss Hart had won 12 straight singles matches in nine years of cup competition.

Louise Brough, Wimbledon champion from Beverly Hills, Calif., kept her winning streak going, however, as she polished off Shirley Bloomer 6-2, 6-4 for her ninth straight singles triumph. Miss Brough also teamed with Mrs. William Dupont, Jr., Wilmington, Del., to defeat Miss Bloomer and Patricia Ward in the doubles 6-3, 6-3.

Golf's Record Jackpot

Boros Wins 'World' Golf Crown With 7-Under 281

Victory Worth Cool $105,000

Chicago, Aug. 15 (AP)—Stolid Julius Boros, a golfing son of a Connecticut machinist, yesterday struck Tam O'Shanter's gold lode for the biggest haul in the history of the game—$105,000.

Boros' cooly-carved 70 for a seven-under-par 281 in Tam's "world" pro meet yesterday captured for the 35-year-old shotmaker from Southern Pines, N. C., via Fairfield, Conn., a $50,000 cash prize and a $55,000 exhibition contract.

Boros, the 1952 U. S. Open champ, finished two strokes ahead of another "old pro," Fred Haas, whose closing 68 was the final day's best round.

BOROS WON a playoff triumph in the 1952 "world" meet when he hauled in $25,000 and in 1953, he copped $1,200 with an also-ran finish.

It was a fabulous windup at Tam yesterday, witnessed by an estimated crowd of 53,000.

The huge crowd actually sewed it up for Boros. His errant tee shot on the 70th hole was deflected by the closely-packed throng and bounced onto the green to set up a par three.

In the concurrent "world" women's pro tourney, Patty Berg won her third straight title and a $5,000 top prize with a 298 total, one stroke ahead of Mary Lena Faulk.

THE "WORLD" men's amateur went to Doug Sanders of Cedartown, Ga., a University of Florida star, who shot a four-under-par 284 for an eight-stroke triumph.

The "world" women's amateur meet was captured by Wiffi Smith, 18-year-old from St. Clair, Mich., with a 309.

Boros swept past Bo Wininger, the 54-hole leader, and Wally Ulrich and Gene Littler, just one stroke off the three-quarter pace, in his drive to the rich prize.

Haas took the $10,000 second prize in the "world" pro, while a 3-way tie developed at 284 between Littler, British Open champion Peter Thomson and Henry Ransom. Each collected $3,500.

FYL Tryouts For Dodger Game Slated Tuesday

Fraternal Youth League plans a practice session Tuesday at 8:30 o'clock at Dietz Stadium for all players who wish to try out for a place on the squad that meets the Brooklyn Dodger Rookies on Aug. 23.

The FYL All Stars will be picked from any area boys who are 19 years or under.

The league has appointed Frank Nadal and Jules Albertini as coaches and selectors for the team.

Eastern League Teams Bidding For Playoffs

(By The Associated Press)

Eastern League fans are beginning to ask who will be knocked out of a chance for the playoffs.

The current candidates are the Schenectady Blue Jays, who lost 7-2 yesterday to the Williamsport Grays. They are in fifth place, two games behind the Allentown Red Birds.

The post season playoffs, for the Governors' cup, are among the top four clubs.

BUT THE BLUE Jays' case is by no means hopeless. Second-place Williamsport leads them by only two games, and it would be even easier for the Jays to overtake Allentown or the Binghamton Triplets. Both of those teams lead the Jays by two games, with Binghamton maintaining two-percentage-point edge.

The Binghamton-Allentown tie continued for another day when the two teams split a Sunday double header. The Trips took the first game 8-7 thanks to an 11th-inning homer by John Blanchard. The Redbirds came through in the nightcap 7-2 behind Sonny Senerchia's five-hit pitching.

In the league's only other game the Albany Senators came out best in a free-hitting contest with the Elmira Pioneers, 12-6. Reading and Johnstown were not scheduled.

Jamestown, Glens Falls In Region 2 LL Finals

Albany, Aug. 15 (AP) — Jamestown and Glens Falls meet today in the championship final game of the Region 2 Little League baseball tournament.

Billy O'Neil pitched a no-hitter to give Jamestown a 3-0 victory over Haverstraw and Glens Falls trounced Elmjack 13-6 in the rain-soaked semi-finals yesterday.

It took Glens Falls and the Elmhurst Club four hours and 15 minutes to complete their six-inning game.

The tournament originally was to have begun Thursday.

Schedule Gives Chisox Best Position for Stretch Drive

By JOE REICHLER
(The Associated Press)

The Chicago White Sox, despite their third place position, appeared today to be in the most enviable spot among the four top contenders for the American League pennant.

Cleveland's inability to pull away from the field together with Chicago's apparent easy schedule ahead as compared to those of the Indians, New York Yankees and Boston Red Sox give the White Sox a seemingly big advantage.

The White Sox got a lift yesterday when they defeated Detroit 5-4 while the lowly Kansas City Athletics snapped Cleveland's six-game winning streak with a 7-3 triumph. Although they slipped to third place because the Yankees took two from Baltimore, the White Sox cut Cleveland's first place margin to one game.

Yesterday's Stars

Batting—Norm Zauchin, Red Sox—Batted in five runs with a pair of homers and a single as the Red Sox defeated Washington in the opening game of their doubleheader 9-6. Boston also won the second game 2-1.

Pitching—Robin Roberts, Phillies—Won a thrilling 3-2 hurling duel in 10 innings from Don Newcombe to become the first National League pitcher to win 19 games. Newcombe, also gunning for his 19th, lost his third. Brooklyn gained a split by defeating the Phillies 5-4 in the 13-inning nightcap.

Horse trainer Russell Downes graduated from Penn State University as an engineer.

Only three and a half games separated the first four teams as the fourth place Red Sox also won two, defeating Washington 9-6 and 2-1. The Yankees climbed into second place, a half game behind the Indians by mauling the Orioles 7-2 and 20-6.

THE NATIONAL LEAGUE featured a thrilling pitching duel between Robin Roberts and Don Newcombe, the circuit's two top hurlers. Victory No. 19 was at stake for both righthanders as Roberts won 3-2 in 10 innings to give Philadelphia a split in the doubleheader with Brooklyn. The Dodgers won the second 5-4 in 13 innings.

Runner-up Milwaukee shaded Chicago 4-3 in 10 innings but the Braves still trail Brooklyn by 15½ games. The New York Giants climbed within a game and a half of the Braves, knocking off Pittsburgh 4-2 and 3-1. In another 10-inning tussle, St. Louis overcame Cincinnati 5-4.

Billy Pierce's pitching and Jim Rivera's hitting combined to bring victory to the White Sox. They now have 42 games left to play in six weeks, to 39 each for New York and Boston and 38 for Cleveland.

NOT ONLY DO the White Sox have more home games left, but the nature of the opposition figures to be much easier. Of their remaining games, 28 are scheduled against the second division clubs as compared to 23 for Cleveland and 21 each for New York and Boston.

Pierce gave up five hits for his ninth victory and first over the Tigers in two years. Rivera carried across the winning run in the eighth when he singled off loser Ned Garver.

Hector Lopez's three-run homer off Mike Garcia and two-hit relief pitching by Al Ditmar combined to give Kansas City victory over Cleveland.

Two-run homers by Hank Bauer and Mickey Mantle off ex-Yankee Eddie Lopat helped Whitey Ford win his 13th for the Yankees in the opener. The Yanks clubbed seven Oriole pitchers for 20 hits in the nightcap. Hank Bauer cracked another homer and Yogi Berra drove in four runs with a home run and single.

Rookie first baseman Norm Zauchin drove in five runs with a pair of homers and a single in the first game and rookie pitcher George Susce hurled a seven-hitter in the second in Boston's double win over Washington.

WILLIE JONES'S 10th inning single scored Richie Ashburn with the run that gave Roberts his 19th win against nine defeats and Newcombe his third loss compared to 18 triumphs. Carl Furillo smashed two home runs in the second game, then singled in the winning Dodger run in the 13th off loser Bob Miller.

Southpaw Johnny Antonelli registered his 10th victory with a six-hitter and righthander Jim Hearn followed with a four-hitter for his 13th triumph in the Giants' twin successes. Sid Gordon was the big gun at the plate, pounding a homer in each game.

Johnny Logan's single scored Danny O'Connell with Milwaukee's winning run in the 10th.

Rookie Bill Virdon singled home Ken Boyer with the Cards' winning tally in the 10th. Ted Kluszewski hit his 40th and 41st home runs to take over the National League lead.

Moose Lodge Names Small Fry All Star Teams

Six Area Loops Contribute Three Tourney Squads

Action in Kingston Scheduled Sept. 3-4-5

Kingston Lodge, Loyal Order of Moose, today announced three all star squads to represent the city and Ulster county in the forthcoming New York State Moose Lodge Small Fry baseball tournament in Kingston over the Labor Day weekend.

The three teams — recruited from six area leagues — include players from the Kingston American, National and Jaycee circuits; Glasco, Saugerties and Town of Esopus Legion league.

REPRESENTATIVES from the various leagues were asked to submit recommendations for the all-star teams. Their opinions weighed heavily in the final selections.

All players on the 14-player squads are Little League "seniors"—12 years or older. A small reserve pool will be named to supplement the rosters.

Joseph Fabiano, chairman of the Moose committee in charge of tournament, said the selectors were as impartial as circumstances permitted.

"We made no distinction between the teams, simply called them Red, White and Blue and they are of nearly equal calibre.

A PRACTICE session has been scheduled for Saturday at 2 p. m. at the Little League diamond in order to give the managers a beter line on positions.

The selections follow:

Moose Lodge Blues

Billy Boss, Bolly Huber, Danny Van Wagenen, Rich Benjamin, Herman Meyer, Schatzel, Pete Coffey, Wilmon Kithcart, Bill Reis, Bruce Freligh, Jerry Dungey, Ralph Fuoco, Jim Clausi, Joe Roberti, Leroy Lasher.

Moose Lodge Reds

Ed Nembhardt, Bob Whitaker, Walt Harder, Phil Johansen, Jim Gehr, Joe Uhl, Al Gannotti, Ronnie Secreto, Robert Dickerson, Bill Brown, John Reinhardt, Mike Carpino, Tommy Ashdown, William Winters.

Moose Lodge Whites

Al Christopher, Barry Wolven, Pat Berardi, John Nolan, Richard Eckert, Robert Miller, Bob Robinson (Esopus); R. Francello, Don Hughes, John Fiore, Jim Tinney, Bryan Feeney, Pete Brennan, Robert Robinson (Kingston); Pete Blanschan, Don Whitaker (Kingston).

British Champ Checks Doris Hart At 12 Straight

Rye, Aug. 15 (AP) — National champion Doris Hart no longer has a perfect record in Wightman Cup singles play, but the United States needs to take only two of today's four matches to wrap up its 19th straight victory over Great Britain in the international tennis series.

The U. S. took a 2-1 lead yesterday with Miss Hart of Coral Gables, Fla., going down to defeat before the fine play of Angela Mortimer, Britain's No. 1 player. The scores were 6-4, 1-6, 7-5. Miss Hart had won 12 straight singles matches in nine years of cup competition.

Louise Brough, Wimbledon champion from Beverly Hills, Calif., kept her winning streak going, however, as she polished off Shirley Bloomer 6-2, 6-4 for her ninth straight singles triumph. Miss Brough also teamed with Mrs. William Dupont, Jr., Wilmington, Del., to defeat Miss Bloomer and Patricia Ward in the doubles 6-3, 6-3.

Golf's Record Jackpot

BorosWins'World'GolfCrownWith7-Under281

Victory Worth Cool $105,000

Chicago, Aug. 15 (AP)—Stolid Julius Boros, a golfing son of a Connecticut machinist, yesterday struck Tam O'Shanter's gold lode for the biggest haul in the history of the game—$105,000.

Boros' cooly-carved 70 for a seven-under-par 281 in Tam's "world" pro meet yesterday captured for the 35-year-old shotmaker from Southern Pines, N. C., via Fairfield, Conn., a $50,000 cash prize and a $55,000 exhibition contract.

Boros, the 1952 U. S. Open champ, finished two strokes ahead of another "old pro," Fred Haas, whose closing 68 was the final day's best round.

BOROS WON a playoff triumph in the 1952 "world" meet when he hauled in $25,000 and in 1953, he copped $1,200 with an also-ran finish.

It was a fabulous windup at Tam yesterday, witnessed by an estimated crowd of 53,000.

The huge crowd actually sewed it up for Boros. His errant tee shot on the 70th hole was deflected by the closely-packed throng and bounced onto the green to set up a par three.

In the concurrent "world" women's pro tourney, Patty Berg won her third straight title and a $5,000 top prize with a 298 total, one stroke ahead of Mary Lena Faulk.

THE "WORLD" men's amateur went to Doug Sanders of Cedartown, Ga., a University of Florida star, who shot a four-under-par 284 for an eight-stroke triumph.

The "world" women's amateur meet was captured by Wiffi Smith, 18-year-old from St. Clair, Mich., with a 309.

Boros swept past Bo Wininger, the 54-hole leader, and Wally Ulrich and Gene Littler, just one stroke off the three-quarter pace, in his drive to the rich prize.

Haas took the $10,000 second prize in the "world" pro, while a 3-way tie developed at 284 between Littler, British Open champion Peter Thomson and Henry Ransom. Each collected $3,500.

FYL Tryouts For Dodger Game Slated Tuesday

Fraternal Youth League plans a practice session Tuesday at 8:30 o'clock at Dietz Stadium for all players who wish to try out for a place on the squad that meets the Brooklyn Dodger Rookies on Aug. 23.

The FYL All Stars will be picked from any area boys who are 19 years or under.

The league has appointed Frank Nadal and Jules Albertini as coaches and selectors for the team.

Eastern League Teams Bidding For Playoffs

(By The Associated Press)

Eastern League fans are beginning to ask who will be knocked out of a chance for the playoffs.

The current candidates are the Schenectady Blue Jays, who lost 7-2 yesterday to the Williamsport Grays. They are in fifth place, two games behind the Allentown Red Birds.

The post season playoffs, for the Governors' cup, are among the top four clubs.

BUT THE BLUE Jays' case is by no means hopeless. Second-place Williamsport leads them by only two games, and it would be even easier for the Jays to overtake Allentown or the Binghamton Triplets. Both of those teams lead the Jays by two games, with Binghamton maintaining two-percentage-point edge.

The Binghamton-Allentown tie continued for another day when the two teams split a Sunday double header. The Trips took the first game 8-7 thanks to an 11th-inning homer by John Blanchard. The Redbirds came through in the nightcap 7-2 behind Sonny Senerchia's five-hit pitching.

In the league's only other game the Albany Senators came out best in a free-hitting contest with the Elmira Pioneers, 12-6. Reading and Johnstown were not scheduled.

Jamestown, Glens Falls In Region 2 LL Finals

Albany, Aug. 15 (AP) — Jamestown and Glens Falls meet today in the championship final game of the Region 2 Little League baseball tournament.

Billy O'Neil pitched a no-hitter to give Jamestown a 3-0 victory over Haverstraw and Glens Falls trounced Elmjack 13-6 in the rain-soaked semi-finals yesterday.

It took Glens Falls and the Elmhurst Club four hours and 15 minutes to complete their six-inning game.

The tournament originally was to have begun Thursday.

Schedule Gives Chisox Best Position for Stretch Drive

By JOE REICHLER
(The Associated Press)

The Chicago White Sox, despite their third place position, appeared today to be in the most enviable spot among the four top contenders for the American League pennant.

Cleveland's inability to pull away from the field together with Chicago's apparent easy schedule ahead as compared to those of the Indians, New York Yankees and Boston Red Sox give the White Sox a seemingly big advantage.

The White Sox got a lift yesterday when they defeated Detroit 5-4 while the lowly Kansas City Athletics snapped Cleveland's six-game winning streak with a 7-3 triumph. Although they slipped to third place because the Yankees took two from Baltimore, the White Sox cut Cleveland's first place margin to one game.

Yesterday's Stars

Batting—Norm Zauchin, Red Sox—Batted in five runs with a pair of homers and a single as the Red Sox defeated Washington in the opening game of their doubleheader 9-6. Boston also won the second game 2-1.

Pitching—Robin Roberts, Phillies—Won a thrilling 3-2 hurling duel in 10 innings from Don Newcombe to become the first National League pitcher to win 19 games. Newcombe, also gunning for his 19th, lost his third. Brooklyn gained a split by defeating the Phillies 5-4 in the 13-inning nightcap.

Horse trainer Russell Downes graduated from Penn State University as an engineer.

Only three and a half games separated the first four teams as the fourth place Red Sox also won two, defeating Washington 9-6 and 2-1. The Yankees climbed into second place, a half game behind the Indians by mauling the Orioles 7-2 and 20-6.

THE NATIONAL LEAGUE featured a thrilling pitching duel between Robin Roberts and Don Newcombe, the circuit's two top hurlers. Victory No. 19 was at stake for both righthanders as Roberts won 3-2 in 10 innings to give Philadelphia a split in the doubleheader with Brooklyn. The Dodgers won the second 5-4 in 13 innings.

Runner-up Milwaukee shaded Chicago 4-3 in 10 innings but the Braves still trail Brooklyn by 15½ games. The New York Giants climbed within a game and a half of the Braves, knocking off Pittsburgh 4-2 and 3-1. In another 10-inning tussle, St. Louis overcame Cincinnati 5-4.

Billy Pierce's pitching and Jim Rivera's hitting combined to bring victory to the White Sox. They now have 42 games left to play in six weeks, to 39 each for New York and Boston and 38 for Cleveland.

NOT ONLY DO the White Sox have more home games left, but the nature of the opposition figures to be much easier. Of their remaining games, 28 are scheduled against the second division clubs as compared to 23 for Cleveland and 21 each for New York and Boston.

Pierce gave up five hits for his ninth victory and first over the Tigers in two years. Rivera carried across the winning run in the eighth when he singled off loser Ned Garver.

Hector Lopez's three-run homer off Mike Garcia and two-hit relief pitching by Al Ditmar combined to give Kansas City victory over Cleveland.

Two-run homers by Hank Bauer and Mickey Mantle off ex-Yankee Eddie Lopat helped Whitey Ford win his 13th for the Yankees in the opener. The Yanks clubbed seven Oriole pitchers for 20 hits in the nightcap. Hank Bauer cracked another homer and Yogi Berra drove in four runs with a home run and single.

Rookie first baseman Norm Zauchin drove in five runs with a pair of homers and a single in the first game and rookie pitcher George Susce hurled a seven-hitter in the second in Boston's double win over Washington.

WILLIE JONES'S 10th inning single scored Richie Ashburn with the run that gave Roberts his 19th win against nine defeats and Newcombe his third loss compared to 18 triumphs. Carl Furillo smashed two home runs in the second game, then singled in the winning Dodger run in the 13th off loser Bob Miller.

Southpaw Johnny Antonelli registered his 10th victory with a six-hitter and righthander Jim Hearn followed with a four-hitter for his 13th triumph in the Giants' twin successes. Sid Gordon was the big gun at the plate, pounding a homer in each game.

Johnny Logan's single scored Danny O'Connell with Milwaukee's winning run in the 10th.

Rookie Bill Virdon singled home Ken Boyer with the Cards' winning tally in the 10th. Ted Kluszewski hit his 40th and 41st home runs to take over the National League lead.

It took a while to get around to the statistics, but only 26 per cent of the players who competed in the Freeman hole-in-one hit the green on any of their shots.

Only a dozen landed in the 10-foot circle and just four in the 5-foot "birdie" circle. In all,, 141 entrants fired 564 shots.

• Flotsam and Jetsam:

Entry blanks for the annual Ulster County Seniors Golf Association recently went out to all golfers known, and suspected, to be at least 50. But, as usual, there had to be a faux pas. Henry Hartley returned his entry blank with the rejoinder: "I'm not 50 and my name is Henry, not Harry." Murray Olderman (NEA) specials: "Pity the poor young Yankee who, while getting bawled out for heads down play, was caught nonchalantly reading a paper. . . . Old Case blew his top. . . . Ultra high secrecy: Hank Greenberg to move to Pittsburgh after this season (Mrs. Greenberg no like Cleveland) . . . and take buddy Ralph Kiner with him in a front office capacity. . . . Ered Davi is toying with the idea of bringing an all-star major league team to Kingston after the World Series.

• Of Men and Mice:

Saugerties sending carload of brass to Saratoga Raceway for the Saugerties Trot Tuesday, Aug. 23. Among those making the trek are Mayor Arthur F. Simmons, Trustees Joseph E. Vozdik and Robert S. Russell; Thomas W. Reynolds Jr., president of the Chamber of Commerce; Miss Crystal Jobst, Miss Saugerties of 1955, who will present a cup to the owner of the winning horse; Poppy Burns, Saugerties Post editor and Al Cawein of the Freeman editorial staff. Just to show why Terry Brennan may be in for trouble this season at the helm of Notre Dame football, eight of his 11 starters of last fall were top choices in the pro draft this past winter. Newburgh's entry in the Hudson Valley League this season will be sponsored by the Hotel Newburgh. . . . Has Eddie Kithcart been stymied in efforts to launch a professional boxing career? And will he headline the Saugerties Youth Council boxing show on Sept. 3?

• Those Deep Sea Titans:

Jake Berinato, seeking proof of his pisctaorial feats, arranged a deep sea trip for a group of 20 friends a while back. Perhaps in an effort to get himself off the hook and escape the chiding of his customers about recent fish-less safaris. Included with the equipment were one brand new motion picture camera and one polaroid camera which were intended to permanently prove the abilities of the sportsmen.

However, all the pictures taken failed to show Mr. Berinato in any shape or form in relation to fish or fishing.

Some of the highlights of the trip were: Roland Post crawling from side to side on the deck of the boat using all fours for balance. . . . Monk McGrath catching the first fish and talking about it (the only one he caught all day) . . . Art Melchior and Bob Saehloff being dragged from their seats by the raging seas. . . . John Belsito, Art Ballard, Joe Duncan and Howard "Mate" Wood beating a path to Hold for relief. (Post came prepared—he used sea sick pills). Frank Gill thought he hooked a monster and instead it was just a passing boat. . . . Craig Plough, the slim one, sighting a whale spouting water into the air, got mad at the skipper because he wouldn't try to catch it. . . . The boats—Graybob and the Nancy June—tried everything to gain a catch for the fishing party but rough seas discouraged every attempt. Nat Phillips and Dick Shults, also out on a fishing party the same day, reported the same lack of fish and attributed it to "rough seas."

.....The moral of the foregoing is this: If you really want fish, try the neighborhood fish market.

Van Aken Hits Par 140 To Capture WCC Medal

Edges B. Waterous By Single Stroke

Defending champion, Bill Van Aken, played par golf through 36 holes to win the Woodstock Country Club qualifying medal with a 140.

Van Aken finished a stroke ahead of Billy Waterous, the Woodstock caddie master.

The 1954 champion put together rounds of 71 and 69. Waterous fired 69 on his first round and launched the second with a 34. But he forfeited his chances by four-putting the tricky No. 2 green the fourth time around.

VAN AKEN'S nines were 36-35-35-24. Waterous had 36-33-34-38.

Van Aken drew Norman Foster, 1953 champion, as his first round apponent, while Waterous goes against his father, Allen Waterous.

Other low qualifying scores were Fred Allen's 73-78-151; Stephen DeLisio 74-78-152; Charles J. Turck 81-74-155; Eric Knutsen 78-81-169; Boyer Gonzales 81-76-157; August Torres 79-78-157.

The first round pairing in the championship fiight:

Bill Van Aken vs. Norman Foster.

Charles J. Turck vs. Frank X. McCahill.

Fred Allen vs. Ord Morrell.

August Torres vs. Herb Waterous.

Bill Waterous vs. Allen Waterous.

Boyer Gonzales vs. Walter Seaton.

Chadwick Starts Two-Way Grind Across Channel

Dover, England, Aug. 15 (AP)—Florence Chadwick, 35-year-old California long distance swimmer, today plunged into the English channel at 3:50 a. m. (EST) in a bid to swim the 21-mile stretch of water from England to France and then back non stop.

Meanwhile, Thomas Park, 31-year-old Long Beach, Calif., swimmer, grabbed the lead in the mass attempt by 14 men and 4 women to cross the English Channel from Cape Gris Nez, France, under near perfect conditions.

PARK, WINNER of this year's 26-mile race around Atlantic City, N. J., was reported about 12 miles off the English coast and swimming strongly a little less than four hours after the start. He was far ahead of the rest of the international field.

"He is so fast that he is keeping alongside his power boat as his rowing boat is not fast enough," said a radio report from the acccompanying control ship.

Miss Chadwick, the San Diego swimmer who has swum the famous channel three times—in 1950, '51 and '53—began her attempt in a smooth channel with only a slight westerly breeze blowing.

Entries Close Tuesday for Dog Show at Fair

Tomorrow is the last day for entries in the Kingston Recreation Department's "Kid's Dog Show" sponsored in cooperation with the makers of Ken-L-Products. The dog show will run in conjunction with the county fair on the tennis courts at Forsyth Park.

The show will be held Wednesday at 2 p. m. and is open to eight classes of dogs owned by local youngsters. A registration form may be obtained from the Kingston Recreation Department.

The eight classes are 1. best costumed dog; 2. largest dog; 3. best cared for dog owned by boy; 4. best cared for dog owned by girl. 5. best behaved dog; 6. smallest dog; 7. trick dog; and 8. best of show.

Each dog may be entered in more than one class and winners of each class will receive a ribbon. There will be a prize for each dog entered in the contest.

Jockey Sammy Boulmetis is one of America's top riders. When he rode his first winner (in the spring of 1949) the combination of his horse and the winner of the second race paid a $3,015.40 daily double.

Outboard Marks Set at Buffalo

Buffalo, Aug. 15 (AP)—Two world speed records were shattered here yesterday in the seventh annual running of the Buffalo Launch Club's international speed boat regatta.

Lou Nuta, Jr., of Miami, pushed his "Miami Queen" to 80.609 miles an hour in the first heat over the five-mile course to set a new world's record for 7-litre hydroplanes. He went on to win the championship as he took the second heat with a speed of 75.599 miles an hour. He broke the previous record of 77.453 miles an hour set in 1953 by Burnett Bartley Jr.

In the Class E service runabout competition, Enoch Walker, of Hampton, Va., took the title and set a world's record as he drove his Miss Frances Vaughn 52.957 miles an hour. The previous record was 52.264 set by Bob Bourco in 1952.

Harry Bickford, of Hampton, Va., took the Class D runabout title with an average speed of 42.513 miles an hour. He was unopposed.

A Knockout for Sure

Valdes-Satterfield Wednesday at Chicago

By JACK HAND
(The Associated Press)

They never can accuse Big Nino Valdes of ducking an opponent. The hulking Cuban who took on Archie Moore at Las Vegas in May risks his lofty ranking Wednesday against Bob Satterfield of Chicago.

Satterfield doesn't belong among the elite but his punch can take you out for keeps. With Satterfield, it's usually a case of knock out or get knocked out.

The 10-round match will be carried on network radio and television (ABC) from Chicago Stadium.

JIMMY KING, a globe trotter from Birmingham, returns from Europe to fight in his native land Monday night at St. Nicholas Arena in New York. His opponent in the 10-round televised (Dumont) match will be Neal Rivers of Niagara Falls.

King had 25 fights overseas, defeating Chris Christensen in Denmark, Wally Thom in London, Ivano Fontano in Rome and Gilbert Stock in Paris.

Nobody knows much about Rivers in the east for he's been fighting in California since winning a Niagara Falls amateur title in 1951. The records say he has won 22 of 27 with one draw.

FOR THE FIRST time in years, there will be an outdoor fight in Elmira, Tuesday with Orlando Zulueta of Havana boxing Glen Flanagan of St. Paul.

Promoter Milton Paltrowitz and Ray Arcel are trying to revive the sport in the upstate city that used to be a good fight town.

SUGAR RAY Robinson, who boxes Bobo Olson for the middleweight title at Chicago, Nov. 4, plans to take three or four exhibition bouts in Canada in August and September before he settles down at Greenwood Lake, N. Y., for serious training. He'll work in Chicago the last three weeks before the fight.

Las Vegas Fire

Las Vegas, Nev., Aug. 15 (AP) — Approximately 400 persons were forced to leave the luxury hotel El Rancho Vegas last night and three persons were overcome by smoke when a fire broke out in the kitchen of the establishment. The fire was contained in the kitchen and roof but smoke spread through the dining room where a show was starting. The orchestra kept playing and the chorus girls kept dancing for a while. The diners filed out in orderly fashion.

Australia Wins First Two Cup Singles From Italy

Philadelphia, Aug. 15 (AP)—The long road to the Davis Cup challenge round was just about over today for Australia's Davis Cup team.

All they have to do is win the doubles from Italy and they can start making preparations to go up against the defending champion United States in Forest Hills Aug. 26, 27, 28.

The Aussie doubles team of Rex Hartwig and Lew Hoad is perhaps the best in the world, so even should the Italians pull some sort of svengali and win, Harry Hopman's lads from down under will have two more shots in the final two singles tomorrow.

AUSTRALIA won the opening singles yesterday in routine fashion after they had been postponed for two days because of rain. Hoad celebrated his release from Hopman's doghouse by thrashing Fausto Gardini 6-2, 6-2, 6-0 while Ken Rosewall polished off Nicola Pietrangeli 8-6, 3-6, 6-1, 6-4.

Hopman confirmed that Hoad and Rosewall were out of the National doubles starting today at Brookline, Mass., but, he said Hartwig would team with Neal Fraser and play in the tournament.

"What can I do?" asked Hopman. "Hoad and Rosewall have to play here again tomorrow and I can't rush them up to Brookline right after the matches."

With all the talk about Australia's being upset somewhere along the line because of Hoad's poor performances recently, there was nothing to indicate anything wrong with Lew in his match against Gardini.

It took a while to get around to the statistics, but only 26 per cent of the players who competed in the Freeman hole-in-one hit the green on any of their shots.

Only a dozen landed in the 10-foot circle and just four in the 5-foot "birdie" circle. In all,, 141 entrants fired 564 shots.

• Flotsam and Jetsam:

Entry blanks for the annual Ulster County Seniors Golf Association recently went out to all golfers known, and suspected, to be at least 50. But, as usual, there had to be a faux pas. Henry Hartley returned his entry blank with the rejoinder: "I'm not 50 and my name is Henry, not Harry." Murray Olderman (NEA) specials: "Pity the poor young Yankee who, while getting bawled out for heads down play, was caught nonchalantly reading a paper. . . . Old Case blew his top. . . . Ultra high secrecy: Hank Greenberg to move to Pittsburgh after this season (Mrs. Greenberg no like Cleveland) . . . and take buddy Ralph Kiner with him in a front office capacity. . . . Ered Davi is toying with the idea of bringing an all-star major league team to Kingston after the World Series.

• Of Men and Mice:

Saugerties sending carload of brass to Saratoga Raceway for the Saugerties Trot Tuesday, Aug. 23. Among those making the trek are Mayor Arthur F. Simmons, Trustees Joseph E. Vozdik and Robert S. Russell; Thomas W. Reynolds Jr., president of the Chamber of Commerce; Miss Crystal Jobst, Miss Saugerties of 1955, who will present a cup to the owner of the winning horse; Poppy Burns, Saugerties Post editor and Al Cawein of the Freeman editorial staff. Just to show why Terry Brennan may be in for trouble this season at the helm of Notre Dame football, eight of his 11 starters of last fall were top choices in the pro draft this past winter. Newburgh's entry in the Hudson Valley League this season will be sponsored by the Hotel Newburgh. . . . Has Eddie Kithcart been stymied in efforts to launch a professional boxing career? And will he headline the Saugerties Youth Council boxing show on Sept. 3?

• Those Deep Sea Titans:

Jake Berinato, seeking proof of his pisctaorial feats, arranged a deep sea trip for a group of 20 friends a while back. Perhaps in an effort to get himself off the hook and escape the chiding of his customers about recent fish-less safaris. Included with the equipment were one brand new motion picture camera and one polaroid camera which were intended to permanently prove the abilities of the sportsmen.

However, all the pictures taken failed to show Mr. Berinato in any shape or form in relation to fish or fishing.

Some of the highlights of the trip were: Roland Post crawling from side to side on the deck of the boat using all fours for balance. . . . Monk McGrath catching the first fish and talking about it (the only one he caught all day) . . . Art Melchior and Bob Saehloff being dragged from their seats by the raging seas. . . . John Belsito, Art Ballard, Joe Duncan and Howard "Mate" Wood beating a path to Hold for relief. (Post came prepared—he used sea sick pills). Frank Gill thought he hooked a monster and instead it was just a passing boat. . . . Craig Plough, the slim one, sighting a whale spouting water into the air, got mad at the skipper because he wouldn't try to catch it. . . . The boats—Graybob and the Nancy June—tried everything to gain a catch for the fishing party but rough seas discouraged every attempt. Nat Phillips and Dick Shults, also out on a fishing party the same day, reported the same lack of fish and attributed it to "rough seas."

.....The moral of the foregoing is this: If you really want fish, try the neighborhood fish market.

Outboard Marks Set at Buffalo

Buffalo, Aug. 15 (AP)—Two world speed records were shattered here yesterday in the seventh annual running of the Buffalo Launch Club's international speed boat regatta.

Lou Nuta, Jr., of Miami, pushed his "Miami Queen" to 80.609 miles an hour in the first heat over the five-mile course to set a new world's record for 7-litre hydroplanes. He went on to win the championship as he took the second heat with a speed of 75.599 miles an hour. He broke the previous record of 77.453 miles an hour set in 1953 by Burnett Bartley Jr.

In the Class E service runabout competition, Enoch Walker, of Hampton, Va., took the title and set a world's record as he drove his Miss Frances Vaughn 52.957 miles an hour. The previous record was 52.264 set by Bob Bourco in 1952.

Harry Bickford, of Hampton, Va., took the Class D runabout title with an average speed of 42.513 miles an hour. He was unopposed.

A Knockout for Sure

Valdes-Satterfield Wednesday at Chicago

By JACK HAND
(The Associated Press)

They never can accuse Big Nino Valdes of ducking an opponent. The hulking Cuban who took on Archie Moore at Las Vegas in May risks his lofty ranking Wednesday against Bob Satterfield of Chicago.

Satterfield doesn't belong among the elite but his punch can take you out for keeps. With Satterfield, it's usually a case of knock out or get knocked out.

The 10-round match will be carried on network radio and television (ABC) from Chicago Stadium.

JIMMY KING, a globe trotter from Birmingham, returns from Europe to fight in his native land Monday night at St. Nicholas Arena in New York. His opponent in the 10-round televised (Dumont) match will be Neal Rivers of Niagara Falls.

King had 25 fights overseas, defeating Chris Christensen in Denmark, Wally Thom in London, Ivano Fontano in Rome and Gilbert Stock in Paris.

Nobody knows much about Rivers in the east for he's been fighting in California since winning a Niagara Falls amateur title in 1951. The records say he has won 22 of 27 with one draw.

FOR THE FIRST time in years, there will be an outdoor fight in Elmira, Tuesday with Orlando Zulueta of Havana boxing Glen Flanagan of St. Paul.

Promoter Milton Paltrowitz and Ray Arcel are trying to revive the sport in the upstate city that used to be a good fight town.

SUGAR RAY Robinson, who boxes Bobo Olson for the middleweight title at Chicago, Nov. 4, plans to take three or four exhibition bouts in Canada in August and September before he settles down at Greenwood Lake, N. Y., for serious training. He'll work in Chicago the last three weeks before the fight.

Van Aken Hits Par 140 To Capture WCC Medal

Edges B. Waterous By Single Stroke

Defending champion, Bill Van Aken, played par golf through 36 holes to win the Woodstock Country Club qualifying medal with a 140.

Van Aken finished a stroke ahead of Billy Waterous, the Woodstock caddie master.

The 1954 champion put together rounds of 71 and 69. Waterous fired 69 on his first round and launched the second with a 34. But he forfeited his chances by four-putting the tricky No. 2 green the fourth time around.

VAN AKEN'S nines were 36-35-35-24. Waterous had 36-33-34-38.

Van Aken drew Norman Foster, 1953 champion, as his first round apponent, while Waterous goes against his father, Allen Waterous.

Other low qualifying scores were Fred Allen's 73-78-151; Stephen DeLisio 74-78-152; Charles J. Turck 81-74-155; Eric Knutsen 78-81-169; Boyer Gonzales 81-76-157; August Torres 79-78-157.

The first round pairing in the championship fiight:

Bill Van Aken vs. Norman Foster.

Charles J. Turck vs. Frank X. McCahill.

Fred Allen vs. Ord Morrell.

August Torres vs. Herb Waterous.

Bill Waterous vs. Allen Waterous.

Boyer Gonzales vs. Walter Seaton.

Stephen DeLisio vs. Harold Dungey.

Eric Knutsen vs. Lou Kantrowitz.

Chadwick Starts Two-Way Grind Across Channel

Dover, England, Aug. 15 (AP)—Florence Chadwick, 35-year-old California long distance swimmer, today plunged into the English channel at 3:50 a. m. (EST) in a bid to swim the 21-mile stretch of water from England to France and then back non stop.

Meanwhile, Thomas Park, 31-year-old Long Beach, Calif., swimmer, grabbed the lead in the mass attempt by 14 men and 4 women to cross the English Channel from Cape Gris Nez, France, under near perfect conditions.

PARK, WINNER of this year's 26-mile race around Atlantic City, N. J., was reported about 12 miles off the English coast and swimming strongly a little less than four hours after the start. He was far ahead of the rest of the international field.

"He is so fast that he is keeping alongside his power boat as his rowing boat is not fast enough," said a radio report from the acccompanying control ship.

Miss Chadwick, the San Diego swimmer who has swum the famous channel three times—in 1950, '51 and '53—began her attempt in a smooth channel with only a slight westerly breeze blowing.

Entries Close Tuesday for Dog Show at Fair

Tomorrow is the last day for entries in the Kingston Recreation Department's "Kid's Dog Show" sponsored in cooperation with the makers of Ken-L-Products. The dog show will run in conjunction with the county fair on the tennis courts at Forsyth Park.

The show will be held Wednesday at 2 p. m. and is open to eight classes of dogs owned by local youngsters. A registration form may be obtained from the Kingston Recreation Department.

The eight classes are 1. best costumed dog; 2. largest dog; 3. best cared for dog owned by boy; 4. best cared for dog owned by girl. 5. best behaved dog; 6. smallest dog; 7. trick dog; and 8. best of show.

Each dog may be entered in more than one class and winners of each class will receive a ribbon. There will be a prize for each dog entered in the contest.

Jockey Sammy Boulmetis is one of America's top riders. When he rode his first winner (in the spring of 1949) the combination of his horse and the winner of the second race paid a $3,015.40 daily double.

Bruce Ormandy, 10, Wins Saugerties Coaster Derby

The Cub Scout Coaster Derby, with the kind permission of old Sol, who broke through a cloudy sky just two hours before post time, was run yesterday on the East Bridge street hill in Saugerties before a crowd estimated at more than 300.

Cub Pack 130, VFW, made a clean sweep by qualifying both their coaster cars for the final heat.

Car No. 4, sponsored by Lee's Esso Service Center and driven by Bruce Ormandy, 10, son of Mr. and Mrs. William Ormandy, was the winner of the Saugerties Post Trophy beating his Cub Pack stable mate Car No. 13 sponsored by Jerry Smith Dairy with Henry Simmons, 8, son of Mr. and Mrs. Henry Simmons behind the wheel by a whisker. The winning time was 28½ seconds for the course which measured less than two-tenths of a mile. The second place car won the Commissioners Staff Consolation Award.

THE FIRST HEAT was a special event for Pack 130 cars only and served as a preview of the final event. In this event both Bruce Ormandy in his No. 4 and Henry Simmons in his No. 13 bore down to the finish line in a near deadheat. However the Simmons car won this event which was also run in 28½ seconds. Young Simmons received the Pack 130 Cup. Another car, sponsored by Knaust Bros. Inc., and piloted by Brian Legg, 10, son of Mr. and Mrs. Hubert Legg was also entered as a Pack 130 car. However in the trials conducted prior to the race the car was so fast that the driver was unable to keep the car in control. On each of two attempts the car veered off the track after the finish and in the first run nearly broke an axle. In view of the danger hazard the car was withdrawn although in the trials it was clocked at 21½ seconds.

IN THE SEMI-FINAL heats car No. 38 sponsored by Clum's Store and driven by Glen Myers, 8, son of Mr. and Mrs. Glenford L. Myers carrying the Pack 38, Reformed Church colors was defeated by the Smith Dairy car with young Simmons of Pack 130. This was won in the fastest time recorded in any heat, 28⅛ seconds.

The other semi-final heat saw the Lee Esso Service Center car nose out car No. 38 sponsored by Saugerties Sales and Service. Jack Pakanen, 10, son of Mr. and Mrs. Jack O. Pakanen was the driver carrying the Pack 38 colors.

The event was directed by the Saugerties District Commissioners Staff which includes District Commissioner Eugene H. Davis and Neighborhood Commissioners Lawrence A. Spatz, John C. Paige and Albert J. Cawein.

AFTER THE FINAL event trophies were presented to the winners at the starting line by Miss Crystal Jobst, Miss Saugerties of 1955 who appeared through the auspices of the Saugerties Area Chamber of Commerce and reigned as Queen of the Coaster Derby.

Officials included Saugerties District Chairman John J. Wood Sr., head starter; timer, Walter Levy, scutmaster of Troop 33, Malden-West Camp; judges, Mrs. Marjory Paige and Mrs. Ruth Cawein and members of Boy Scout Troop 39, C. A. Lynch Fire Co., under the direction of Neighborhood Commissioner Spatz patrolled the track.

STREET MARKING and traffic preparations were arranged for by Street Commissioner Roy S. Helsmoortel and Superintendent William A. Voerg.

Plastic crash helmets given to each driver were donated by Offermann's Gift Shop and special Derby T shirts were given by Amrod Department Store. Stenciling on shirts and helmets was done by Mrs. William Ormandy, den mother of Pack 130.

On Saturday al the cars were on display at the Coaster Car Show at the VFW Hall on Livingston street, Saugerties. During the show George Krom of the Saugerties Sales and Service indicated to the Commissioners Staff that his firm a General Motors affiliate would in all probability sponsor or co-sponsor the event next year under official soap box derby rules.

Greater Coverage

tributed to building present prosperity.

Mitchell said about 12 million wage and salaried workers still are exempt and should be covered by the program. The largest still-exempt group includes state and local government workers. Others include workers of firms with fewer than four employes, domestic, farm and agriculaural processing employes and those of non-profit institutions.

MITCHELL NOTED that 70 per cent of the workers covered by the plan are in states which now pay a maximum of $30 or more per week of idleness. About 73 per cent of covered workers are in states with a maximum duration of 26 weeks. Pennsylvania pays 30 weeks.

The average weekly benefit check was $10.66 in 1939; in 1954 it was about $25 and will be close to $30 due to the changes voted this year. The average wage for factory workers is about $75 a week.

During the first 20 years of the program employers paid 20 billion dollars in taxes. About 14 billions was paid out in benefits. The balance of six billions, plus two billions in interest earned by the reserve fund, has left eight billions for future benefit payments.

Social Security

ready passed by the House of Representatives and now pending in the Senate would provide the same benefits for permanent total disability as for old age retirement. If this bill becomes law when the Congress reconvenes next January, it will help fill this gap.

"But regardless of what happens at this next session of Congress, I am confident that the American people, through their Congress, will continue to improve the Social Security Act so that it constitutes a firmer base upon which the people of this country can build an even higher standard of living through their individual savings, insurance and home ownership."

Altmeyer made his remarks in an interview in which he discussed the social security program that now begins its 21st year of life.

Altmeyer now is chairman of the board of trustees of the retirement fund of the coat and suit industry, a lecturer at a number of universities and consultant on social security matters to employes and employer groups.

New Law Extends GI Term Insurance

Washington, Aug. 15 (AP)—The Veterans Administration said today a new law gives some veterans of the Korean War another chance to reinstate expired GI term insurance policies from World Wars 1 and 2.

The extension aplies to two groups of men who were in active service after April 25, 1951—those whose policies expired within 120 days after their discharge, and those whose policies expired while they were in service but who failed to renew them after discharge.

The old law permitted renewal within 120 days of discharge on policies which had expired while the men were on active duty. The new law permits renewal of policies which expired either while the men were on active duty or within 120 days after discharge.

The new reinstatement deadline is 120 days after discharge or after July 29, 1955, whichever is later.

11 Die in Jersey

Newark, N. J., Aug. 15 (AP)—Accidents in New Jersey over the weekend brought violent death to 11 persons—including three members of a family. Five of the fatalities were blamed, directly or indirectly, on the severe storms which acccompanied hurricanne Connie. Actually Connie caused a total of 10 deaths in the state, but five of these occurred prior to the weekend. Of the five hurrican-caused weekend deaths, four were due to highway accidents and the other by electrocution.

Sophomore 6-1 Wins Akron Soap Box Derby

Akron, Ohio, Aug. 15 (AP)—Maybe it's because he grew so fast that Richard T. Rohrer, a 6-foot-1 high school sophomore from Rochester, N. Y. wears the All-American Soap Box Derby crown today.

Dick, 14, shot his home-made, gravity-powered racer down a 975-foot slope yesterday in 27.25 seconds — faster time than turned in by any of his 153 competitors. He won a $5,000 college scholarship he said he would use to study medicine at Georgetown University.

And what did growing fast have to do with it? Well, says Dick:

"I grew about 8 inches last year. I grew out of the first car and was lucky because I had to rebuild it, and I must have done all right."

The racer Richard took more than 500 hours to build came in a half length ahead of David C. Thayer of Detroit, and Alber Cobble of Long Beach, Calif. was third in the championship heat.

A strong, young, male elephant is worth $800 to $1,400 in East Pakistan, says the National Geographic Society.

Bruce Ormandy, 10, Wins Saugerties Coaster Derby

The Cub Scout Coaster Derby, with the kind permission of old Sol, who broke through a cloudy sky just two hours before post time, was run yesterday on the East Bridge street hill in Saugerties before a crowd estimated at more than 300.

Cub Pack 130, VFW, made a clean sweep by qualifying both their coaster cars for the final heat.

Car No. 4, sponsored by Lee's Esso Service Center and driven by Bruce Ormandy, 10, son of Mr. and Mrs. William Ormandy, was the winner of the Saugerties Post Trophy beating his Cub Pack stable mate Car No. 13 sponsored by Jerry Smith Dairy with Henry Simmons, 8, son of Mr. and Mrs. Henry Simmons behind the wheel by a whisker. The winning time was 28½ seconds for the course which measured less than two-tenths of a mile. The second place car won the Commissioners Staff Consolation Award.

THE FIRST HEAT was a special event for Pack 130 cars only and served as a preview of the final event. In this event both Bruce Ormandy in his No. 4 and Henry Simmons in his No. 13 bore down to the finish line in a near deadheat. However the Simmons car won this event which was also run in 28½ seconds. Young Simmons received the Pack 130 Cup. Another car, sponsored by Knaust Bros. Inc., and piloted by Brian Legg, 10, son of Mr. and Mrs. Hubert Legg was also entered as a Pack 130 car. However in the trials conducted prior to the race the car was so fast that the driver was unable to keep the car in control. On each of two attempts the car veered off the track after the finish and in the first run nearly broke an axle. In view of the danger hazard the car was withdrawn although in the trials it was clocked at 21½ seconds.

IN THE SEMI-FINAL heats car No. 38 sponsored by Clum's Store and driven by Glen Myers, 8, son of Mr. and Mrs. Glenford L. Myers carrying the Pack 38, Reformed Church colors was defeated by the Smith Dairy car with young Simmons of Pack 130. This was won in the fastest time recorded in any heat, 28¼ seconds.

The other semi-final heat saw the Lee Esso Service Center car nose out car No. 38 sponsored by Saugerties Sales and Service. Jack Pakanen, 10, son of Mr. and Mrs. Jack O. Pakanen was the driver carrying the Pack 38 colors.

The event was directed by the Saugerties District Commissioners Staff which includes District Commissioner Eugene H. Davis and Neighborhood Commissioners Lawrence A. Spatz, John C. Paige and Albert J. Cawein.

AFTER THE FINAL event trophies were presented to the winners at the starting line by Miss Crystal Jobst, Miss Saugerties of 1955 who appeared through the auspices of the Saugerties Area Chamber of Commerce and reigned as Queen of the Coaster Derby.

Officials included Saugerties District Chairman John J. Wood Sr., head starter; timer, Walter Levy, scutmaster of Troop 33, Malden-West Camp; judges, Mrs. Marjory Paige and Mrs. Ruth Cawein and members of Boy Scout Troop 39, C. A. Lynch Fire Co., under the direction of Neighborhood Commissioner Spatz patrolled the track.

STREET MARKING and traffic preparations were arranged for by Street Commissioner Roy S. Helsmoortel and Superintendent William A. Voerg.

Plastic crash helmets given to each driver were donated by Offermann's Gift Shop and special Derby T shirts were given by Amrod Department Store. Stenciling on shirts and helmets was done by Mrs. William Ormandy, den mother of Pack 130.

On Saturday al the cars were on display at the Coaster Car Show at the VFW Hall on Livingston street, Saugerties. During the show George Krom of the Saugerties Sales and Service indicated to the Commissioners Staff that his firm a General Motors affiliate would in all probability sponsor or co-sponsor the event next year under official soap box derby rules.

Greater Coverage

tributed to building present prosperity.

Mitchell said about 12 million wage and salaried workers still are exempt and should be covered by the program. The largest still-exempt group includes state and local government workers. Others include workers of firms with fewer than four employes, domestic, farm and agriculaural processing employes and those of non-profit institutions.

MITCHELL NOTED that 70 per cent of the workers covered by the plan are in states which now pay a maximum of $30 or more per week of idleness. About 73 per cent of covered workers are in states with a maximum duration of 26 weeks. Pennsylvania pays 30 weeks.

The average weekly benefit check was $10.66 in 1939; in 1954 it was about $25 and will be close to $30 due to the changes voted this year. The average wage for factory workers is about $75 a week.

During the first 20 years of the program employers paid 20 billion dollars in taxes. About 14 billions was paid out in benefits. The balance of six billions, plus two billions in interest earned by the reserve fund, has left eight billions for future benefit payments.

Social Security

ready passed by the House of Representatives and now pending in the Senate would provide the same benefits for permanent total disability as for old age retirement. If this bill becomes law when the Congress reconvenes next January, it will help fill this gap.

"But regardless of what happens at this next session of Congress, I am confident that the American people, through their Congress, will continue to improve the Social Security Act so that it constitutes a firmer base upon which the people of this country can build an even higher standard of living through their individual savings, insurance and home ownership."

Altmeyer made his remarks in an interview in which he discussed the social security program that now begins its 21st year of life.

Altmeyer now is chairman of the board of trustees of the retirement fund of the coat and suit industry, a lecturer at a number of universities and consultant on social security matters to employes and employer groups.

New Law Extends GI Term Insurance

Washington, Aug. 15 (AP)—The Veterans Administration said today a new law gives some veterans of the Korean War another chance to reinstate expired GI term insurance policies from World Wars 1 and 2.

The extension aplies to two groups of men who were in active service after April 25, 1951—those whose policies expired within 120 days after their discharge, and those whose policies expired while they were in service but who failed to renew them after discharge.

The old law permitted renewal within 120 days of discharge on policies which had expired while the men were on active duty. The new law permits renewal of policies which expired either while the men were on active duty or within 120 days after discharge.

The new reinstatement deadline is 120 days after discharge or after July 29, 1955, whichever is later.

11 Die in Jersey

Newark, N. J., Aug. 15 (AP)—Accidents in New Jersey over the weekend brought violent death to 11 persons—including three members of a family. Five of the fatalities were blamed, directly or indirectly, on the severe storms which acccompanied hurricanne Connie. Actually Connie caused a total of 10 deaths in the state, but five of these occurred prior to the weekend. Of the five hurrican-caused weekend deaths, four were due to highway accidents and the other by electrocution.

Sophomore 6-1 Wins Akron Soap Box Derby

Akron, Ohio, Aug. 15 (AP)—Maybe it's because he grew so fast that Richard T. Rohrer, a 6-foot-1 high school sophomore from Rochester, N. Y. wears the All-American Soap Box Derby crown today.

Dick, 14, shot his home-made, gravity-powered racer down a 975-foot slope yesterday in 27.25 seconds — faster time than turned in by any of his 153 competitors. He won a $5,000 college scholarship he said he would use to study medicine at Georgetown University.

And what did growing fast have to do with it? Well, says Dick:

"I grew about 8 inches last year. I grew out of the first car and was lucky because I had to rebuild it, and I must have done all right."

The racer Richard took more than 500 hours to build came in a half length ahead of David C. Thayer of Detroit, and Alber Cobble of Long Beach, Calif. was third in the championship heat.

A strong, young, male elephant is worth $800 to $1,400 in East Pakistan, says the National Geographic Society.

The Weather

MONDAY, AUG. 15, 1955

Sun rises at 5:01 a. m.; sun sets at 6:59 p. m., EST.
Weather: Warm and humid.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 74 degrees. The highest figure recorded up to noon today was 84 degrees.

Weather Forecast

New York city and vicinity: Continued flow of warm moist air south and southeast will cause warm and muggy weather today, tonight and Tuesday with clouds and fog at night and some brightening during the day; highest temperatures each day 80 to 85 and lowest at night in 70's. Moderate southeast winds.

HOT AND HUMID

Interior of eastern New York: Partly cloudy, warm and humid today and tomorrow with widely scattered afternoon showers and possibly isolated thundershowers today and in the southeast portion tomorrow. High temperatures today and tomorrow in the 80s. Low tonight 68 to 75.

City engineer's weather report: Temperature at 10 a. m., today 84, barometric pressure 30.08, humidity 90, and wind SW at 11 MPH. High temperature yesterday 91 at 4 p. m., low 74 at 6 a. m., mean 82.5 and normal 76.5. Humidity 95 at 7 a. m., and 82 at 3 p. m. Pressure 30.10 at 1 p. m., 29.88 at 3 a. m., and a trace of rain.

Deemed Impractical

Many scientists once believed a transatlantic telephone would be impractical because of the five-hour difference between European and American time.

Coast Guard Searches For Last of 14 Persons

Baltimore, Aug. 15 (AP)—The Coast Guard continued to patrol Chesapeake Bay today for the last body of 14 persons who died in the shipwreck of the Levin J. Marvel while officers on land swung into an investigation.

Still missing is 13-year-old Hillard R. Nevin, fourth member of his family to go down with the schoner Friday. Bodies of his parents, Dr. and Mrs. Hillard R. Nevin, and 9-year-old sister, from New York had been recovered previously.

Brought ashore yesterday were the bodies of Dr. Andrew Chesson of Raleigh, N. C., and Louis H. Sobel of New York. Both their wives also drowned in the sinking of the vacation schooner.

Most of Nation Has Mild Weather

By The Associated Press

Most of the nation had mild seasonable weather today as scattered light showers in Michigan represented the dying gasps of Hurricane Connie.

But already the Carolina coast was battening down for the fourth tropical storm of the season, spinning 115-mile winds as it moved northwestward from some 670 miles southeast of Jacksonville, Fla.

THE PREDECESSOR, Connie, took a toll of 41 lives and caused property damage along the North Carolina coast last week estimated at 7 to 10 millon dollars.

It dumped heavy rains over much of the east and south, ranging up to New York city's almost 13 inches in five days. Falls of 2.12 and 1.17 were reported yesterday at Washington and Miami respectively. The now subsided rains amounted last night to 1.42 at Houston; .89 at Greensboro, N. C., and .44 at Macon, Ga.

THE SOUTHERN half of the country had temperatures in the 70s early today, and most of the rest of the nation basked in the range of the 60s. It was a chilly 42 at Fraser, Colo., and 50 at Grand Marais, Mich.

Reports included: Boston and Washington 74 cloudy; Atlanta 73 partly cloudy; Dallas 70 clear; Denver 63 fair; Fargo 66 partly cloudy; Seattle 56 clear; San Francisco 51; Chicago 70 partly cloudy; Minneapolis 73 fair; Milwaukee 68 fair; St. Louis 68 cloudy; and Indianapolis 50 fair.

2 Die in Plane Crash

Otis Air Force Base, Mass., Aug. 15 (AP)—Two air force officers were injured fatally Saturday night when an F-89 jet fighter plane crashed in flames 1,500 feet short of the runway. Capt. Lawrence G. Reichert, 30, of Torrington, Conn., the pilot, died in the base hospital yesterday of injuries and burns. The radar observer, First Lt. Donald L. Reilly, 26, of Morton, Ill., was killed in the crash. The plane was returning from Griffiss Air Force Base, Rome, N. Y., where it waited out hurricane Connie.

Reach Agreement With Car Companies

New York, Aug. 13 (AP)—The CIO United Steelworkers have reached contract agreement with American Can Co. and Continental Can Co. on a 52-week layoff pay plan.

President David J. McDonald of the steelworkers praised the contract as being unique to industry.

"Nothing like this has even been achieved before in American industry negotiations," he declared.

The first layoff pay plans were negotiated by the CIO United Auto Workers with Ford and General Motors. They gave coverage to laid off workers for a maximum of 26 weeks.

Both plans provide benefits of about 65 per cent of the worker's normal earnings. The payments are composed of company contributions and state unemployment benefits.

Killed by Train

Peekskill, N. Y., Aug. 15 (AP)—Samuel Fiorio, 59, of Peekskill, was killed Saturday night while walking along the New York Central Railroad tracks near here, it was learned today. Fiorio, employed by the New York Central as a tower watchman, was going to work. He was struck by a train en route from Albany to New York city.

Evening Events At Local Parks

The Department of Recreation announced the following schedule of evening events planned for the coming week.

Monday, film showing, "It Came From Outer Space," starting at dusk and continuing for an hour and a half at Hasbrouck Park.

Tuesday, film showing at Forsyth Park beginning at dusk.

Wednesday, popular dance at Forsyth Park on the macadam tennis courts beginning at 7:30 p. m. until 9:30. A film showing will be held at Block Park beginning at dusk. A square dance is scheduled for Hasbrouck Park beginning at 8 p. m. until 10. The Catskill Mountaineers supply the music and Mike Amarello will do the calling.

Sunday, band concert at Kingston Point Beach beginning at 8 p. m. until 10 under the direction of Sal Castiglione with leading area musicians playing.

The Weather

MONDAY, AUG. 15, 1955

Sun rises at 5:01 a. m.; sun sets at 6:59 p. m., EST.

Weather: Warm and humid.

The Temperature

The lowest temperature recorded on The Freeman thermometer during the night was 74 degrees. The highest figure recorded up to noon today was 84 degrees.

Weather Forecast

New York city and vicinity: Continued flow of warm moist air south and southeast will cause warm and muggy weather today, tonight and Tuesday with clouds and fog at night and some brightening during the day; highest temperatures each day 80 to 85 and lowest at night in 70's. Moderate southeast winds.

HOT AND HUMID

Interior of eastern New York: Partly cloudy, warm and humid today and tomorrow with widely scattered afternoon showers and possibly isolated thundershowers today and in the southeast portion tomorrow. High temperatures today and tomorrow in the 80s. Low tonight 68 to 75.

City engineer's weather report: Temperature at 10 a. m., today 84, barometric pressure 30.08, humidity 90, and wind SW at 11 MPH. High temperature yesterday 91 at 4 p. m., low 74 at 6 a. m., mean 82.5 and normal 76.5. Humidity 95 at 7 a. m., and 82 at 3 p. m. Pressure 30.10 at 1 p. m., 29.88 at 3 a. m., and a trace of rain.

Deemed Impractical

Many scientists once believed a transatlantic telephone would be impractical because of the five-hour difference between European and American time.

Coast Guard Searches For Last of 14 Persons

Baltimore, Aug. 15 (AP)—The Coast Guard continued to patrol Chesapeake Bay today for the last body of 14 persons who died in the shipwreck of the Levin J. Marvel while officers on land swung into an investigation.

Still missing is 13-year-old Hillard R. Nevin, fourth member of his family to go down with the schoner Friday. Bodies of his parents, Dr. and Mrs. Hillard R. Nevin, and 9-year-old sister, from New York had been recovered previously.

Brought ashore yesterday were the bodies of Dr. Andrew Chesson of Raleigh, N. C., and Louis H. Sobel of New York. Both their wives also drowned in the sinking of the vacation schooner.

Most of Nation Has Mild Weather

By The Associated Press

Most of the nation had mild seasonable weather today as scattered light showers in Michigan represented the dying gasps of Hurricane Connie.

But already the Carolina coast was battening down for the fourth tropical storm of the season, spinning 115-mile winds as it moved northwestward from some 670 miles southeast of Jacksonville, Fla.

THE PREDECESSOR, Connie, took a toll of 41 lives and caused property damage along the North Carolina coast last week estimated at 7 to 10 millon dollars.

It dumped heavy rains over much of the east and south, ranging up to New York city's almost 13 inches in five days. Falls of 2.12 and 1.17 were reported yesterday at Washington and Miami respectively. The now subsided rains amounted last night to 1.42 at Houston; .89 at Greensboro, N. C., and .44 at Macon, Ga.

THE SOUTHERN half of the country had temperatures in the 70s early today, and most of the rest of the nation basked in the range of the 60s. It was a chilly 42 at Fraser, Colo., and 50 at Grand Marais, Mich.

Reports included: Boston and Washington 74 cloudy; Atlanta 73 partly cloudy; Dallas 70 clear; Denver 63 fair; Fargo 66 partly cloudy; Seattle 56 clear; San Francisco 51; Chicago 70 partly cloudy; Minneapolis 73 fair; Milwaukee 68 fair; St. Louis 68 cloudy; and Indianapolis 50 fair.
